MAJOR'S CURLEWS COMPROMISE FOR DISTRICT CHAMPIONSHIP

Two risks from the membership of the local Men's Curling club, who attended the banquet at Three Hills last Wednesday night for the championship of the district on Sunday, Jan. 13.

The club, organized by Steve Reid, of the curling rink, had a very close contest with the visiting rink from Moose.

President of the Bashaw rink was Mr. Reid (Jab), D. Correll, Sam Hahn, J. H. Hahn, (Jab), Ray Whitney, Ralph Correll, Chas. Hahn.

NEW YEAR WISHES FROM THE BASHAW FARMERS

Ronald Radtke, 7-year son of Mr. and Mrs. E. J. Radtke, of the farm reported in The Star on Saturday last that he had sent a note to his home on New Year's Day.

His mother, who was with him in town, confirmed the statement.

HIGH SCHOOL CURLING

Bashaw will enter a risk in the high school curling tournament by Taylor & Pearson, on take place at Stettin on January 17th.

The banquet is one of many which will be held during the high school curling championship of Alberta and, incidentally, the District of Columbia.

Risks from the following high schools will compete at Stettin: Calgary, Can. Hailsh, Bashaw, Lethbridge, Stettin, and the local rink.

MIXED HIGH SCHOOL BOYS TO ATTEND FERRISBURG CONVENT

The following risks from the local high school will attend a curling banquet at Ferrisburg, Saturday, Jan. 19th, at 8 p.m.

Mr. and Mrs. Arthur DeLoraine and family, who will be visiting Mr. and Mrs. Ernest DeLoraine of Lethbridge.

MANY LOCAL CURLEWS PLAY IN FORKUS CONVENT, THIS WEEK

At least six local risks are entering in the Forkus curling tournament on Monday with a reported eight risk competitors.

Only meagre reports have come to date of the play in the thirteenth stage of the curl, but it would appear that the Bashaw risks of the Bashaw rink are putting in some good work. Richard Radtke's team, for instance had won two games straight when contacted early on Tuesday, and we heard that veteran Gordon Brown's crew was making its presence felt also.

If you mean by Bashaw makes is a curling rink.

Your curl is always good when you play in a better trouble.

Fire Brigade Has Strenuous Night

Bashaw's volunteer fire brigade and station in general will not soon forget last Friday night, which was one of the most strenuous in its history. The brigade was called out at 11:30 p.m. for the alarm of a fire in the basement of the main street on the upper end of the main street was arising. The alarm was given by the fire bell, and the brigade was quickly assembled. The fire was in the basement of the main street, and the fire was extinguished by the fire brigade. The fire was in the basement of the main street, and the fire was extinguished by the fire brigade.

The Star Says 'Thanks'

There are a number of folks who wish to thank the Bashaw Star for the place which it has taken in the community. The Star has been a great help to the community, and the Star has been a great help to the community. The Star has been a great help to the community, and the Star has been a great help to the community.

Win Curling Event 'The Hard Way'

"Nothing succeeds like success," this is the motto of the Bashaw curling team. The team has won the championship of the Bashaw curling club, and the team has won the championship of the Bashaw curling club. The team has won the championship of the Bashaw curling club, and the team has won the championship of the Bashaw curling club.

CARD OF THANKS

I wish to extend my sincere thanks to all my friends who sent cards and gifts to me during my recent illness. They were all greatly appreciated and enjoyed.—Mrs. A. L. Walker.

A Long Friendship

DURING THE PAST HUNDRED YEARS there have been many indications of the close friendship between Canada and the United States. The thousands of miles of unbroken border between the two countries has stood as an example to the world of what can be accomplished in the way of international friendship and co-operation. It is true that we possess a common language and that many of the people of both countries have the same blood and cultural background. However, it must be remembered that the two countries were not always at peace, and that some of the most bitter conflicts in history have been fought between the two nations.

Despite the peace and the close friendship between the two nations, however, some of the most bitter conflicts in history have been fought between the two nations. In the early days of the settlement of the American people and the maintenance of the United States and Canada.

In preserving the peace between the two countries and cultivating closer ties through the years, the people of both countries have breathed in many ways. One which has been mentioned many times in the past, has been the fact that Canada, through her close ties with the United States and her friendship with the United States has been able, on numerous occasions to act as a liaison between the two countries in the settling of international disputes.

Agricultural Experts Optimistic Over Farmers Outlook For 1931

OTTAWA.—By REED HAYES (Vancouver Press): Agricultural experts here are of the opinion that Canadian farmers may look to 1931 with more optimism than they have in the past.

At the end of 1930 reports of the agricultural experts were at a minimum, presenting no serious picture. The domestic demand for food products was expected to be maintained, and the export market was expected to be maintained.

All indications are that cash crops will be sold at a profit. The domestic demand for food products was expected to be maintained, and the export market was expected to be maintained.

On the other side of the ledger, the Canadian farmer must deal with a number of problems which, unless successfully met, could have an adverse effect on his earnings.

It is possible that the farmer, in 1931, may have to pay higher prices for farm machinery, fertilizers, pesticides and building materials.

Calgary Man Heads Prairie Race Winners

WINNIPEG.—Earnings of \$1,000 for Calgary owner Everett B. Smith, who had placed his horse in the race, were the highest prize ever won by a horse in the race.

Another Calgary resident, K. B. Miller, was second in the race, with earnings of \$500. The third place was won by a horse owned by a resident of Regina, with earnings of \$250.

Meets For 10 Cents

Ontario Restaurant Owner
'Sorry,' Must Raise Prices

SUBURB, Ont. — John Rivo, restaurant manager, said it was scoundrelous but he was sorry he had to quit serving free meals. But he cautioned his lunch patrons that they still could get plenty to eat for a dime and if they like to splurge on a special meal they could do this for 10 cents.

"For ten cents all we have now are five cents in coffee or tea," Rivo said and he was unhappy with a high cost of food.

Infation nearly equal to the rise in the cost of food has forced the Ontario owner of a quarter-century business, who will continue to go for the best of meat, fish and vegetables and condiments, and all the bread and butter you can get.

"It is a sad state," said Rivo, who manages a eating place in a section of town frequented by business. "We can't take any more."

He raised his prices in 1950 and 1951.

Census-Taking Begins With
Counting Noses Of Eskimos

OTTAWA. — Census-taking is underway in the Far North, with dog-sledging policemen counting Eskimo noses six months ahead of the national schedule. Officials of the Statistics Division of the Federal Revenue and Development Board said the Royal Canadian Mounted Police are taking the census of the Eskimo population of Canada where it is almost totally dark even in mid-summer.

The Mounted, who often are in the field for months at a time, are the only government representatives in the Far North. They are taking the census of the Eskimo population of Canada where it is almost totally dark even in mid-summer.

Bill and Bruce Hammers have added a new DTDB acquisition to their equipment, which includes one of the most modern in the district.

On Friday afternoon of this week three o'clock the annual World Day of Prayer service will be held at the Anglican church here. The invitation is to all persons in the community.

Reilly should have of this week the birthday party of Frank Miller's daughter, 12 years old, on the birthday of the two sons of Mrs. Jones, Jim and aged one year, and Peter and Paul, who are big boys of four. Two sets of twins in one family are not common, but when they are all large and healthy one for the best. The Miller set form in the Westfield district.

THE BIRTHDAY PARTY
The first meeting of the Lady's Society was held Friday, Feb. 24.

It was decided to hold a party on Feb. 14, an entertainment committee was appointed. Miss Hildebrand and Elizabeth Butler were appointed to make a Valentine box. Money will be taken out of the club treasury.

The Treasurer is Mrs. J. R. Crook.

Angela Hildner of Whitehorse district has been visiting with Mrs. Karsner for a week.

The regular meeting of the United Church Ladies Guild will be held at the home of Mrs. Wills on February 14th at 2 p.m.

Clifford and Gordon Tait, Valerie Tait and Milky Karsner were home to the west end from Red Deer where they attended practical school.

Mr. and Mrs. Norman Hall and Jim were home at the west end from Kamloops. They were present at a party given at Mrs. H. H. Hall on her last trip.

The regular singing of Bashaw W.I. will be held on the club route on Wednesday, Feb. 24, at 8 p.m. The roll call will be answered with a silver collection which will be used to help purchase new for the children of the Children's Bazaar.

This week saw a major job of alterations begin in the interior of Taylor and Harbours. Tom Dymon has the contract for the remodeling, and new lighting and other extensive improvements are planned. By the time the alterations are complete this week to install new windows and other features in his brother Eric's food store here.

with her family.Sara Reed left for Calgary on Sat-
day, carrying on Monday with her
parents, Mr. and Mrs. E. A. Reed and
Mrs. Geo. Reed, Mr. and Mrs. Reed will
visit at Regina and attend the funeral
of Mr. Wayne Sheppard, who passed
suddenly from a heart attack.Tuesday brought a pleasant break in
the weather here. Instead of the severe
weather of the last week, which has
been so far what would seem to be
a very long time, a blizzard of this
community were looking in 16 above
temperature Tuesday afternoon with a
breeze and the clouds of the blizzard
in part broke and the weather felt
that Tuesday will be even better.It is hoped that the weather will be
satisfactory to the end of the week
of the week. The wind gets up. At the
end of the week and conditions were
following a fall of fresh snow close
to the depth.The Reader is the most

WRONG NUMBER

A young lady gave the phone num-
ber the most recent number but by mis-
take got number 120. She called, "Do
you have Type of Blue and Love That's
True?" The man on the line was
naturally confused, but was quite well
and "No," he replied, "I've got a
wife and nine children, including feet
of two." In that a parent
nursed the young lady, "Well, now,
my dear," said the man, "we're not
married, but we think it is."

Expedition Brings Back Rock Containing Uranium Oxide And Copper From Northern Sask.

SASKATOON.—Stored in protectively lead-lined polished boxes in a vault in downtown Saskatoon are pieces of rock, heavy with uranium oxide and rich in shavings of copper. Some of these were brought back last Christmas by five Saskatoon men who found them north of Connaught, in the extreme northwest of Saskatchewan.

To get them, they ventured 250 miles from Saskatoon to the remote town of Lethbridge. They found the rocks in a field about 100 miles north and west of the town of Lethbridge, in the north-west corner of the 48th parallel, to lead to Connaught. The expedition was part of Saskatchewan's first geological survey. The five men were Henry Wright, Douglas Horvath, and Bert Horvath, director of Great West Uranium, and two other men. They found the rocks in a field about 100 miles north and west of the town of Lethbridge, in the north-west corner of the 48th parallel, to lead to Connaught.

A New Census

PREPARATIONS ARE NOW BEING MADE for taking what is called "census" of this year and it will provide much interesting information on the growing changes in population in Canada since the last census was taken in 1941. The last ten years have seen great expansion in Canada's industry and in the development of natural resources. They have likewise seen a tremendous increase in the population of the country. During a period of that length there has also been considerable immigration into Canada factors which are now being taken into account in the census which will be gathered by census takers throughout the country.

Important For Many Reasons

The taking of the census is important for a number of reasons. According to the British Home Affairs Committee, the census is the basis of all government action in Canada. It is the basis of the census of the Dominion of Canada. It is the basis of the census of the Dominion of Canada. It is the basis of the census of the Dominion of Canada.

Estimates Are Taken Yearly

Between 1931 and 1941 the population rose from 10,000,000 to 11,000,000, an increase of 10 per cent. In the same period the population of the Dominion of Canada rose from 10,000,000 to 11,000,000, an increase of 10 per cent.

Electric Lights For Community 250 Miles North Of P.A.

Ferintosh Grain Buyer Wins Honor

Mr. D. E. Carl, of the Alberta-Pacific Grain Company (1913) Limited at Ferintosh, has gained the third honor of being numbered among those who have won the Alberta Motorist Certificate. This was awarded by the Grain Insurance and Compensation Commission in recognition of his outstanding performance in the maintenance of grain elevator premises. To see this, an elevator agent must have a perfect record for a period of ten consecutive years.

The Grain Insurance and Compensation Commission carries out a very rigid inspection service and the great thoroughness is recognized as a definite advantage by the grain trade generally.

MUNICIPAL DISTRICT OF PONOKA NOTICE

The attention of all Ratepayers in the Municipal District is called to the notice of the Tax Revision Act which was passed by the Council of the Municipal District of Ponoka on the 10th day of February, 1934.

(1) During the month of March in 1934, the Municipal District of Ponoka will be in the process of assessing the taxes of all ratepayers in the Municipal District of Ponoka. It is requested that all ratepayers who have been assessed in the year 1933, should be prepared to pay their taxes on or before the 1st day of April, 1934, in order to avoid the penalty of late payment.

(2) Taxes shall be assessed to be paid on the 1st day of April, 1934, in order to avoid the penalty of late payment.

(3) Taxes shall be assessed to be paid on the 1st day of April, 1934, in order to avoid the penalty of late payment.

Then, of course, there is the fact that in plutonium fission, for example, only one-tenth of one per cent of the secondary potential is released, leaving 99.9 per cent of the mass intact. If complete release of the energy in a plutonium atom were effected, it would be the equivalent of several million tons of coal.

Don't be fooled by "LOOK-ALIKES"

LOOK FOR THIS SYMBOL OF QUALITY WHEN YOU BUY PARTS

It's easy to fool the eye but hard to "fake" performance. That's why it will pay you to look for the IH Symbol of Quality on the parts you buy... for precision engineering... high standards of quality... perfect fit... longer wear. Don't take a chance on "look-alikes." Insist on the IH symbol to "Parti-Proper" your farm equipment investment... or get peak performance.

Bashaw Welcomes Second Doctor

Bashaw residents are welcoming a new man, Dr. John Boyd, who arrived in town on Tuesday from Lacombe, after leading to his new assignment from the Lacombe of Canada on March 28th. Dr. Boyd is a graduate of the Royal College of Surgeons of Edinburgh and has been an official physician in British Columbia, Ireland, during World War 2. He arrived four and a half years in the R.A.M.C. and was an Ambulance Driver 15 months of this war.

The community was pleased and welcomed to him the residents of Bashaw. Mr. Boyd is a native of Scotland, having been born in Lacombe, British Columbia, in 1904, and has been in the R.A.M.C. for three weeks, but this week he was thought the one month required, when she presumably was sixteen with a short nurse.

Mr. Boyd has been a resident of this district for many years and very well loved by all who know her. He has been in the R.A.M.C. for three weeks, but this week he was thought the one month required, when she presumably was sixteen with a short nurse.

The United Nations

TWO PROMINENT CANADIANS have recently drawn attention to the fact that the public is not generally aware of the work which is being carried on by the various organizations of the United Nations. Dr. Bruce Chabot, Director General of the World Health Organization, and Mrs. Adrienne Rankin, Chairman of the United Nations International Children's Emergency Fund, have been represented by various public addresses in Canada in recent weeks. It is true that in the midst of most people the work of the United Nations is associated mainly with activities in regard to the political relations of the member nations and in dealing with international economic matters.

Work Meeting With Success

We are reminded however, that the Food and Agriculture Organization, the Educational, Scientific and Cultural Organization, the World Health Organization and others are engaged in carrying out the programme of services planned when the United Nations was formed. It is interesting to note that the work of these organizations with which some of the work in being accomplished and the extent to which the public is aware of the work of these organizations is not very much known. While the political relations of the member nations are undoubtedly most of the hope for world peace rests upon reaching agreement in these matters, we are reminded that the raising of standards of health, education and living generally is an indirect necessary if we are to stamp out war.

Are Working For Peace

As long as there are underprivileged people lacking proper food, medical care, education and economic security there will be political unrest and danger of war. The various organizations of the United Nations are fighting these conditions in many parts of the world, and it is to be hoped that the public will be more aware of the work of these organizations. In considering the work of the United Nations, this part of the activities should not be forgotten, and we should be encouraged by what is being done to conquer poverty and disease by many parts of the world through the efforts of this organization.

Survey Shows Increase In Prairie Chickens

YORKTON, Sask. — Based on a two-day survey of game bird nests in the Yorkton area, the Saskatchewan Game and Fish Commission has announced that the prairie chicken population is increasing. The survey, conducted by game wardens, showed that the number of nests was up from 1,000 in 1949 to 1,200 in 1950. The increase is attributed to the fact that the birds are now being protected by game wardens, and the number of nests is increasing. The survey was conducted in the Yorkton area, and the results show that the prairie chicken population is increasing. Cutting Garden

Often a certain of the vegetable garden or flower plot at the home of the busy housewife is given over to the cutting garden. The cutting garden is a place where the housewife can find a variety of plants and flowers for use in her home. Brandon Farmers To Erect Streamlined Self-Feeder Barns

Probably First Of Kind In Canada To Handle Cattle With Minimum Labor

BRANDON, Man.—What are probably the first self-feeding barns in Canada are to be erected by P. G. Hendon and A. M. Macpherson, resident farmers in the Assiniboine valley west of this city. Plans for the erection of the streamlined buildings for the handling of cattle with a minimum of labor, have been drawn up after much research work. Construction of the buildings will be completed early this year.

The buildings will be each 60 feet long, 40 feet wide and 12 feet high. A large main aisle in the shape of a giant trough will supply all feed for the cattle. The buildings will be built of concrete and steel, and will be able to handle 100 head of cattle. The buildings will be built of concrete and steel, and will be able to handle 100 head of cattle. SMOOTH HARD-HITTING POWER

Choose IMPERIAL AUTO GASOLINE

If you have a low compression tractor, the fuel to use is "Acto". You'll get top engine performance at all times. "Acto" is quick starting... more power... along with convenience and fuel economy.

More Power: Tractor operators have found that "Acto" gives more power for the heavy loads... another operation... and less trouble with temperature control.

More Convenience: You'll get easier starting, without long warm-up periods. Hardly any crank case dilution when you use "Acto". It's a satisfactory fuel for all types of operation.

More Flexible: "Acto" is a flexible fuel. By that, we mean it gives uniform performance with variable loads. It's the fuel that helps you get the most out of your low compression tractor.

with No. 8 PLOWS

The McCarrick-Dawson No. 8 has long been the yardstick for measuring the best in plow performance. These plows can be depended upon to turn good furrows in all kinds of going. Their rugged construction and proved design withstands the strains of plowing light, medium, fast-moving tractors. Ample clearance under front and between bottom and a heavy, wide and green cover, covering heavy deposits of stub, weeds and green cover, makes every day a joy to handle in any field. The No. 8 Plows of the kind of single bottom plowmen like. Come in and see the flow of McCarrick-Dawson Plows in our store. We have them in stock to fit all types of terrain, soil and power.

Mr. and Mrs. Wilfred Wilson and children, of Edmonton, were week-end visitors here.

Mr. and Mrs. R. Reader and girls, Mr. and Mrs. H. P. Rutz, Mrs. Cardon and Art Abbott were Cannon visitors at Thursday last.

Jim Smith arrived home Saturday from spending several weeks on a motor tour trip which took him to Phoenix, Arizona, and went into California. Jim travelled in company with Lee Morris, now, former member of the bank and here, and they appear to have had very interesting trip in addition to enjoying some of the best weather which has been seen since the first of the year.

Mr. and Mrs. R. Reader and girls, Mr. and Mrs. H. P. Ruiz, Mrs. Cardon and Art Albert were Cameron visitors on Thursday last.

Jim Smith arrived home Saturday from spending several weeks on a mountaining trip which took him to Phoenix, Arizona, and west into California. Jim travelled in company with Lee Morrison, former member of the bank staff here, and they appear to have had a very interesting trip in addition to enjoying some of the bad weather which plagued us since the first of the year.

from January 1967 to 1970, when he was hired by the Los Angeles Police Department to work on the Phoenician. He was then transferred to the Los Angeles Police Department and went into California. Jones traveled in company with Lee McCreary, a former member of the bank robbery team, and they appear to have had a very interesting trip in addition to the kidnapping of the bad weather. Jones is plagued by since the first of the past.

3. J. Anderson, new CNN reporter, arrived on Thursday last to take over his duties. Mr. Anderson has been living in Manhattan for many years and transferred to Alberta in hopes of getting away from severe winter weather. the same night of the **Bazaar**, Clevelande was having its annual boxing tournament that night. A large crowd of spectators promoted a big boom in all ranging from banana to heavy-weight.

Bazaars were all right for older folks who like to get out of the home zone in a while and sport around in their ladies' dresses, buying raffle tickets at the booths for market-baskets of fruit, or throwing

up it.

But Gansy shook her head, eyes twinkling. "We both don't banana," she said. "We'll give tickets to your pa and ma—as a present. But these field gigs stay with us. We need them. I never tell you I saved cost at Park branches in Franklin Sq. from my window."

Housing in Canada

HOUSING HAS BEEN a problem to almost every community in Canada during the past five years. Anticipation of housing for civilian purposes in the years of the war caused an enormous demand for new homes and the construction was not equal to the demand. The normal building activity in the years of the war caused an enormous demand for new homes and the construction was not equal to the demand. The normal building activity in the years of the war caused an enormous demand for new homes and the construction was not equal to the demand.

Some Buildings Not Completed

A report on building more modern in the future, based on the fact that there is still a need for new homes, and that some of the buildings which were started in the first six months of 1946, but due to difficulties in securing labor and materials some of these buildings were not completed. The report also states that the demand for new homes is still high, and that the government is working to meet this demand.

Shortages In Other Places

Although more than 300,000 housing units were constructed in the first four years after the war, it is apparent that there is still a need for new homes, and that some of the buildings which were started in the first six months of 1946, but due to difficulties in securing labor and materials some of these buildings were not completed.

DON'T DO IT, BOYS!

Even the smallest boy knows that to take a lot of work and expense to get the local baseball field in good shape so that the surplus will be true and safe to play on.

The Star likes to see the kids having fun, but there is one form of amusement they will have to forego if they wish to grow up to be good citizens with full respect for the rights of others.

This spring (or in summer) some kids have been taking their balls around the baseball field, and since the ground has been wet much of the time the school trucks have done a great deal of damage to the playing surface. The ball team has had to hire a great deal of money to the playing surface, and of course this has cost them considerable money.

We expect they have unconsciously think twice before they see their ball on this way.

Employment For The Disabled

GREAT PROGRESS HAS BEEN MADE in recent years in helping physically handicapped people to accept gainful employment. As was the case in many other matters, the needs arising from the many men who returned permanent injuries in time of war brought about more intensive studies of the problem and the introduction of new methods of treatment and of fitting physically handicapped persons to work as part of their rehabilitation.

These people tend greatly from being able to accept employment, and in many cases there is a considerable amount of unemployment. As well as in many instances and will continue to help them.

It has been found that the benefits are by no means as great as the hope of the person who is employed in such cases. Many people with physical handicaps have developed highly specialized skills which are very valuable in their field. Studies of the employment of people with physical handicaps have resulted in knowledge as to how to best use the skills of those who are partially disabled, and employers are becoming increasingly interested in giving them suitable work. In many cases that partially disabled people bring unusual enthusiasm and interest in their work.

In view of the growing shortage of skilled labor in Canada at this time, it has been pointed out that more attention should be paid to the advantages of employing partially disabled workers. The Department of Labor announced recently that the Special Periodic Census had been completed for 1934. Physically handicapped Canadians in the first three months of this year were 8,881 persons. Fully disabled persons available for employment, which indicated a need for the greater interest in this matter. Great advances have been made in fitting disabled persons to gainful employment, and it is to be hoped that more opportunities will be opened to them.

Is Need For More Interest

LETHBRIDGE, Alta.—One of the fastest-growing cities in Western Canada, Lethbridge has had a reputation for being prepared to help and assist in the employment of the physically handicapped. It is now being prepared to help it with the help of the city.

Prepared by Gerald A. Carleton, of the University of Lethbridge, the report compares a 1934 population of 10,000 persons with the 1930 population of 8,000 persons. The report reveals that the population of Lethbridge has increased by 25 per cent in the last four years. The report also reveals that the population of Lethbridge has increased by 25 per cent in the last four years.

OTTAWA—Farm incomes for 1951 will remain firm and show signs of passing 1950 returns. This is the conclusion of the Agricultural Department and Dominion Bureau of Statistics report.

There will be seasonal variations in 1951, but the overall level of farm income is expected to be higher than in 1950. The report states that the average farm income in 1950 was \$1,000 per acre.

The report also states that the average farm income in 1951 is expected to be \$1,100 per acre. This is a 10 per cent increase over 1950.

OUR COMPLETE SHORT STORY—

DROP BY DROP

Months Later When a Matter of Fashion Thus Saying:

By HAROLD HELFER

I OFTEN wonder what I would have done with Cathy Graham, had she been a daughter of Justice rather than medicine. Her father, perhaps the same old story, familiar about. She was the girl that made the doctor.

Remember? She and El Browning were friends on the floor of her apartment, the friends of friends. A whole world of friends. Considering the circumstances, I don't suppose there was anything unusual about the note. They were sorry for what they were about to do but they were much more sure and death seemed the only way out.

There were two rather peculiar things about the affair, though. For one thing, although Cathy was quite a sick girl for weeks, she recovered. For another, it was odd that she and El had ever gotten to know each other.

A year before, Cathy's father, Mrs. Graham, had committed suicide—had killed himself.

Although I was the Graham family doctor, I am not revealing any secrets in saying that El was the reason for Mrs. Graham's overdose of sleeping pills.

I am not going into the moral aspects of the case.

I Was Nearly Crazy With Folly Itch—

When it happened—when I got the frantic call from the maid to hurry—my first was an such surprised response. At first, it looked as if there were two dead bodies. As I turned out, Cathy was only in a daze.

Cathy had enough sense to tell me that she had two ordinary persons. The former just a blonde and blonde different label on the case and the second—official problem.

I found myself a little more curious. Why should a hotel doctor tell me a woman being and not another?

I went to the drug store around the corner from Cathy's and asked a few questions.

On my last visit to Cathy's house, when she was getting ready to go out and about in the world, "I'm going to see a doctor," she said to me. "I'm going to see a doctor."

That was the first I heard of her. I was in the drug store around the corner from Cathy's and asked a few questions.

As "Oh" came from Cathy, she gave me a long look. Then there was the look of a smile.

"Taking a little exercise at a time is, of course, the best way to build up the immunity to the poison," I said, a bit dryly.

Airman's Valor Honored By King

In recognition of his brave action, Capt. E. H. Talbot, New Westminster, B.C. (right), was presented with the King's Commendation from Group Capt. E. McLeod during recent decorations ceremony of the R.C.A.F. for the pilot. The lap award recognized Capt. Talbot's bravery last October when, although a non-commissioned, he rescued a woman from drowning in the swift currents of the Fraser river, near Hatz, Que.—Contrib. Press Canadian.

May Soon Grow Wheat. Barley Resistant To Grasshoppers

SASKATCHEWAN.—The grasshopper, ravensome hungry pest of the plains, is likely to run up against something it cannot climb in the near future.

Dr. J. B. Harrington, head of the field husbandry department of the University of Saskatchewan, said at the annual meeting of the Canadian Seed Growers Association here that varieties of wheat and barley resistant to the grasshopper are close to becoming a reality.

Grasshopper damage usually is suffered by these crops or varieties which appeal to the insect. Dr. Harrington said, Grasshopper damage differs among different varieties in a crop and resistance of some varieties could be attributed to certain characteristics which could be transferred in a breeding program to other characters were transferred.

DEAD MITE

American Leduc Bashaw 1 Makes Important Strike

Estimated to have potential production capacity of at least 2,500 barrels per day the oil strike made Wednesday last is regarded in oil circles as highly important.

American Leduc Bashaw No. 1, seven miles due west of town, struck pay dirt in such promising quantity that the actual production test is being eagerly awaited.

Production casing had been run by Monday afternoon and after the cement has been allowed to "set" for 72 hours the well will be brought into production. This is something to see.

(Calgary Albertan, July 30)
A further test at American Leduc Bashaw has indicated that well the most promising strike of the year. The well has opened 15 feet of D-3 and appears to have a gas cap of about 10 feet with an undercurrent depth of oil some below 40 water level so far been encountered.

Second test from 3,810 to 3,815 feet, below the gas cap, gave gas at the rate of 86,000 cubic feet daily and oil to surface in 33 minutes at the estimated rate of 3,200 barrels daily. When pipe was pulled, a full recovery of clean oil was found. The well logged D-3 at 3,801, first test from 3,800 to 3,811 feet, gave gas at 3,800 cubic feet daily, and oil spray in 28 minutes, and a 3 1/2-foot recovery of oil and drilling mud.

Second test gave the well about five to seven feet of slightly productive oil some so far, but only further coring and test will determine the full extent of pay zone.

Still in question is whether the well has tapped a new D-3 reef, or the same one tapped by Trans-Canada Wellstock, a mile and a quarter east, and Cal-Sandwich Spotted Lake, three miles southeast. Both Wellstock and Spotted Lake wells found large amounts of gas with little oil.

American Leduc found the D-3 contact a little lower than at the Wellstock pit, raising the speculation that the oil has accumulated "down dip" from the big Wellstock gusher. The Wellstock well found about 30 feet of D-3 above the water line. Since the Bashaw well contacted the D-3 a little lower than Wellstock and has so far penetrated 15 feet, the well might encounter water with the next few feet. If American Leduc should be completed the well without proceeding further down, for fear of hitting water, full depth of the reef will have to be determined by another venturing.

TRANS-ALBERTA, PACIFIC PETE MAY DRILL FOLLOW-UP WELLS

First wellhead follow-up on the American Leduc Bashaw D-3 reef discovery is expected to be a well by Trans-Alberta and Pacific Petroleum on location purchased last winter from Bashaw Petroleum. The latest quarter is three miles north of official announcement is expected next week. Many returned quarter sections in area. Gulf Oil has a section offerring the Bashaw discovery. (Albertan)

AMERICAN Leduc TO DRILL DEEPER WELLS

DEEPER QUANTITIES SECTION American Leduc Bashaw No. 3 will be a month after the discovery. The company announced Wednesday its plans to drill on the full quarter section before going on to step-out locations.

Thus the big Bashaw reef on the Trans-Canada track between Stettin and Leduc has become highly confirmed as a commercial oil accumulation after proving itself a gas reservoir.

That the Bashaw reef is substantial is proved by the fact that it was contacted by Globe Bashaw six miles north and was a gas carrier at Cal-Sandwich Spotted Lake, nearly five miles southeast, where the oil some was too thin for commercial production.

Managing Director Paulson of American Leduc Co. has been in active supervision of operations since the Minor as engineer in charge. Head driller (foot pump) is Bob Anderson and his drillers are Bob Burdon, Nick Marshall and M. D. Lawrence. Skilled for W. Barry, an inspection man who keeps the work supplied at all times with the various quantities of water required, was unable to identify the run of the men who worked on the well.

WELL DRILL THREE MILES
It has been announced last week that American Leduc will drill three miles north on this same quarter. Already a site has been staked for No. 3 well a quarter-mile south of the discovery well.

A site is also being cleared and leveled for a tank farm near the centre of the lease.

It is interesting to note that this well was spudded in June 1930, at the back of days to drill. Wells of this depth cost \$50,000 to \$60,000 to drill.

PETROLEUM ASSOCIATION TELLS OF OIL STRIKE HERE

In its weekly press bulletin issued Friday last, The Western Canada Petroleum Association had the latest of the latest strike at Bashaw:

The American Leduc Bashaw No. 1 struck oil light grade of Thirty creek, at a flow rate estimated at 1,200 barrels per day, to give the Bashaw area of north central Alberta a bright prospect of important oil reserves, untapped by previous wells in the area. The Devonian D-3 coal reef.

The results of Thursday's drilling test, and comparison of well logs, raises the strong possibility that American Leduc Bashaw has entered a reef reservoir not directly connected with the D-3 reef which was found to contain a large volume of gas and comparatively small volume of oil at a comparable elevation east of the new well. This new well may thus make the Bashaw discovery rather than "Wellstock" theory.

Thursday's test was made of the first D-3 interval 3,810 to 3,815 feet. When the tester was removed, the well was found to be a natural gas well with a maximum rate of 86,000 cubic feet daily to surface. Thirty-three minutes after tester was removed, a heavy flow of light grade oil hit the surface. Officials of the estimated the flow at 3,200 barrels daily. While no actual measure of flow was taken, the flow was estimated to be well within the estimate to be reasonable. When pipe was pulled a recovery of 1,200 feet of clean oil was obtained. There was no formation water. A further test was made to be coring and drilling tested the well.

The well spudded D-3 at 3,801 feet, and ran its first interval 3,800 to 3,811 feet. The interval 3,800 to 3,811 feet. A 50-minute test gave a maximum gas flow of 86,000 cubic feet daily (about ten times the flow from the first interval tested) and a recovery of 1,200 feet of clean oil was obtained, accompanied by a heavy flow of fluid, rough half oil and half drilling mud. At present the Bashaw well has only fifteen feet of pay zone, of which roughly the upper half ap-

Bashaw Top Team In League Tournney

The weather was perfect, but the fans did not turn out as expected to the baseball tournament here on Thursday last.

However, the seven teams of the Bashaw Lake league put on quite a show, starting at 9 a.m. and continuing until about on short the final game at five o'clock.

Bashaw won his honors, putting on the best exhibition of hitting power they have shown all season. And they were minus two such outstanding hitters as Herb Hunter and Paul Crevinich, forced to forego this event.

Clive's smart team lacked plugging strength to hold them in the final round with a threemen homer, triple and single was the team's big gun.

Here are the scores of the six games:

TO GIVE MEDICAL SERVICE BEGINNING IN SEPTEMBER

Rev. K. W. Freitag advised that he was in consultation on Monday with members of the Smith Clinic at Camrose with regard to their giving medical service at Bashaw.

He is planned to report that, beginning with the 1st of Wednesday in September, a number of the clinic will visit Bashaw for a week for consultations. Details as to of hours when etc. will be published later.

BUSHAW IS TO PLAY HOCKEY WITH PORT ARTHUR BOYS

Bruce Lee has learned that his contract has been accepted by the Port Arthur (Ont.) Bruins. Lee was a member of the Bashaw team last winter, though a badly fractured arm kept him out of play during much of the season.

LOCAL AND PERSONAL

Mrs. J. H. Trowl has been a Calgary resident for some time. Mrs. Richard Ruckel received advice Monday that she was winner of a diamond, a radio and a watch, as well as a number of other prizes, as awarded by a Birmingham firm.

Porter, B.C., and arrived at Bashaw Thursday to visit their daughter, Mrs. Dyson, on Thursday last. Mr. Dyson, who is visiting his sisters at Old Lake, where they visited another sister, Mrs. W. L. Dockett.

The Weather

With reports of severe hail showers in many parts of Alberta, Bashaw is feeling fortunate that the promising crops in this immediate area have thus far escaped such treatment.

There is plenty of moisture from showers that fell nearly every evening, and last during the day combined with the rain to produce tremendous growth.

Sunday evening saw hail do grisly work here in bumper crops in Poudre, Meeting Creek and districts.

At Bashaw only heavy rain was noted.

Wedding Bells

PUOL—BOHUTZ

In a lovely setting of summer flowers in the Zion Lutheran Church, Bashaw, on July 18, 1961, Rev. R. W. Pringle officiated at the marriage of George, daughter of Mr. and Mrs. Robert Schultz, and Richard, son of Mr. and Mrs. Hugh Pugh of Poncha.

Given to marriage by her father, the bride wore a white gown of rayon chateau lace with a net skirt. Her veil edged with matching lace, held in place with a pearl and Mrs. P. Schuchman.

Quiet red robes and were a double strand of pearls, gift of the groom. She was attended by Mrs. Harold Pugh.

The maid of honor, Miss Arlene Schultz, sister of the bride, wore pink shoes trimmed with gold and held across the waist. The bridesmaid, Miss Patricia Butler, wore a gown of yellow shawl. Both girls wore beehives of white violets and carried bouquets of pink carnations.

The mothers of the bride and groom wore navy blue dresses with pink and red ruffled collars respectively.

Groomsmen were Mr. Clifford Pugh and Mr. Ryan Fridman.

The bridesmaids were Mrs. Johnny Jarvis and Mrs. Sylvia Jane Jones resident this town, "The Beech House."

The reception was held at the Moose Hall for 130 guests. Mr. Harold Pugh was master of ceremony. Miss Jones entertained the guests with another solo, "Think To Me Only With Thine Eyes."

The bride's table was decorated by a three-tiered wedding cake, flanked by two sets of candles and bouquets of luscious roses.

Music was supplied for the dance by the John Deere orchestra. The guests were served a midday repast.

Ready To Form Café Club Here

The regular monthly meeting of the Bashaw and District Chapter of Commerce will be held in Moose Hall at 8 p.m. on Sunday Aug. 13.

The main feature will be the organization of a Café Club. Mr. W. A. Money director, at the time of the meeting will be in attendance with a well-known chef of the famous restaurant and will also spend the afternoon in Bashaw and will be only too anxious to meet any who are interested in joining.

All members and others interested are urged to attend. Lunch will be served.

Wedding Bells

SCHULTZ-NELSON

A pretty wedding was solemnized at 3:00 p.m. July 30 at the Presbyterian Church, when Ruth Devereux Virginia, younger daughter of Mr. and Mrs. J. J. Devereux of Chatham, was united in marriage with the youngest son of Mrs. Fred Schultz and Mr. E. Schultz of Bashaw. The bride, a blonde, wore a gown of tulle and lace, and the double ring ceremony to a place beneath an arch decorated with roses and ferns. Other guests were marked by colonial bow.

The bride, given in marriage by her father, then drove the bride to the altar of the wedding March 19. The bride, a blonde, was a floor-length gown of white tulle and lace, and the double ring ceremony to a place beneath an arch decorated with roses and ferns. Other guests were marked by colonial bow.

American Leduc No. Now On Production

The Illinois district oil well which has caused increasing attention to be paid to the oil production possibilities of the area American Leduc No. 1 has attracted many hundreds of visitors to the well. The well is situated in the Williston field seven miles west of Leduc. It is estimated that one hundred and fifty cars were on hand with spectators when the well was swabbed into production about 10 p.m. Friday last. A flame line had been raged and water and gas was directed into this line and ignited, sending a pillar of flame high into the air.

Even more spectacular was the display seen when the well was put into actual production on Monday. Two large storage tanks had been set up to the west of the well, together with a separator and a large flare pit. This pit was turned the first oil to come to the surface after valves at the wellhead were opened. This waste material looked some five hundred barrels or so of gas. The gas was then absorbed by the highly porous coral 12' formation during the actual drilling. When this was ignited the flames at the flare pit drove spectators to get well back for a time.

VIETNAM REMAINS ON FLIGHT OF ALBERTA VEGETABLES

During the past week several visitors from the United States, attending the Three Plains Highway Association Convention at Edmonton and Jasper, expressed amazement at the outstanding quality of Alberta's grown vegetables. They also were amazed at the brilliant colors of Alberta's crops.

This enthusiasm is a recent statement made by Mrs. R. A. Denny, instructor of the vegetable management course at the Provincial Institute of Technology and Art, Calgary. Mrs. Denny said, "Alberta produces wonderful food and Alberta's soil and climate conditions give food a great flavor. Proper food preparation will make Alberta a source for warblers of good food."

The vegetable course commences October 1 at Calgary and its purpose is to improve the food service in the province in order to raise the standards in restaurants, hotels, institutions and tourist camps.

It is now possible for students to obtain Canadian vocational training benefits while taking the course.

After a tough flight, the bomber was approaching its base just as the plane was giving the crew instructions. The engine, in an agitated roar, cut in. "We're very low on fuel. And I've overruled our heading gear has been shot every 100 ft or so."

The pilot glared a moment, then shouted, "Through the flares come. All right, you guys. We're all most out of gas and we've lost our heading gear. So you'd better stand your feet out of the bomb bay and start running like hell."

High School Graduates!

become
Commissioned Officers
in the
Canadian Army Active Force
Armour • Artillery • Infantry

Young men recently graduated from High School with a minimum educational standard of Junior Matriculation, may become officers in the Canadian Army Active Force.

If accepted you begin training at Camp Borden as an officer cadet to qualify as a Second Lieutenant in the Active Force. You will receive Second Lieutenant's pay while in training. This training will consist of three courses totaling a period of twenty-eight weeks. When you are granted a commission you will then serve for periods of 3, 4 or 5 years as you choose under the Short Service Commission Plan. At the end of this service you may apply for a permanent commission.

This is a chance to serve Canada at a time when defence needs as a most important national concern. The training and experience in leadership will be invaluable assets to any young man throughout his whole life.

TO QUALIFY YOU MUST BE:

- Single
- Physically fit
- Between 18 and 25 years of age

rise today farming today is big business. The rapid switchover is not so apparent because up to now

That is, old pioneers made the farm, then retired and turned over the farm to sons or daughters and sons-in-law. The prices on land rose gradually. Investment in farm machinery rose little by little.

The world needs people who will accept their responsibilities as duties, and ask only that the State guard the avenues of freedom and keep them open. That will be their real and enduring security. — Dr. Russell J. Clinchy

GOOD HARVEST WEATHER

LIGHTER FARMER HEARTS

A week of more summer-like weather than we saw during summer itself has put a different consideration on the harvest situation here, and it is estimated that as much as three-quarters of the grain crop has been cut and much more put beyond danger from frost.

Thrashing rigs are beginning to be seen at work in the fields, and a small percentage of the crop has been handled by direct threshing.

There are some fields to be seen where the grain is quite green, but in the whole district the harvest is expected to be one of the largest ever taken off here.

Reports from near Buffalo Lake tell of frost damage to corn 1/2 crop. This might well prove to be true in other parts of the area. Saturday morning still brought a light frost over the district, but not as severe as had been looked for. Gardens are still full of bloom, and some of the fruit vegetables ever seen are ready for harvest.

The Dominion Experimental Station at Lacombe has been keeping records of the weather for many years, ever since 1908 in fact. They tell us that the earliest frost in their records came on August 11, 1916. On the other hand, the latest frost came October 6, 1947. There were 130 frost-free days that year.

The first witness to be called was F. A. Brodie, president of Canadian Western Natural Gas Co. Ltd. and Northwestern Utilities Ltd., the two major distributors of natural gas within Alberta. Mr. Brodie was prepared to accept the Board's estimate on the province's requirements for domestic, commercial and industrial needs. These proved to be greater than his own estimate due to the growing industrialization of the province, now, no noticeable.

PAPERKUP—HARTMAN

Decided in the beauty of gladioli,
sweet peas, lilies and ferns, St. Pe-
ter's Lutheran church was the scene
of a most impressive wedding cere-
mony, when Edna Hartman was
united in holy wedlock to Nicholas
Paperkup.

As the wedding procession began,
Miss Joan Abbott, groomed in yellow
satin and with a hyacinthine plastic
tulle, and carrying gladioli, en-
tered the church as bridesmaid. She
was followed by Miss Irma Newman,
who was groomed in maroon tulle
with hyacinthine plastic headpiece
and carried gladioli. Miss Paper-
kup, arrayed in grey, dressed in
green broadcloth satin and carry-
ing gladioli and also wearing a
hyacinthine plastic headpiece, fol-
lowed as bridesmaid.

Mrs. Edith Thompson as matron
of honor came next and was gowned
in pink and white, carrying
gladioli and wearing a hyacinthine
plastic headpiece.

At the Miss Norma Jean Hartman
then entered the church as flower
girl and scattered rose petals along
the aisle. Miss Norma Jean was wear-
ing blue tulle with matching lace
mittens and floral belt band.

Ring bearer for this happy occa-
sion was little Miss Judy Poppel,
gowned in yellow velvet with match-
ing mittens and holding a ring bear-
ing flowers in a white cloth bag,
and Master Walter Thompson,
gowned in white, dressed in maroon
jacket and black tie Master Thomp-
son carried the wedding cake.

The bride, resplendent in white
bridesmaid and absolutely lace,
entered the church on the arm of her
father. Her bridesmaid flower-
smoke veil was caught by a Juliet
op of ethanilly lace crummed with
rhinestones and carried a cascade
bouquet of American beauty roses,
white carnations and lilies. Her ve-
lvet was the gifts of the groom.

Attendants to the groom were Mr.
Harold Hartman, Mr. Clarence
Thompson and Mr. Joseph Paperkup.

The young couple were joined in
marriage by Rev. E. P. Priel, under
a "garden gate" archway of

H.S. Initiations Over For Term

The High School Students' Union
initiation ceremonies were held last
Friday night at the home of Mrs.
"The new members were regu-"
lar baby dolls and bonnets on
Thursday, and to carry white with
which to brush the cheeks of say
senior who, required such service.

On Friday the girls dressed as
street cleaners complete with smelly
pipes and the boys as house-
dons. They gave the seniors rides
down the main street Friday in
children's wagons.

The freshmen class were also given
the "horror" treatment at a
party held Friday evening. One of
the largest classes ever initiated at
Bashaw, B.C. nomination. Was given
the "treatment."

The first meeting of "Ten Club"
for the new term will be held at
the Bashaw Friday evening. Meet-
ings are to be held regularly every
Thursday. All ten-agers are now
come to come and have a good
time.

The mother of the bride chose
very blue lace dress with dusty
rose accessories and a rose corsage.
The groom's mother chose dusty
blue also with white accessories and
a corsage of roses.

Directly after the ceremony this
bride party entered to the wedding
for photographs. Later a reception
for 180 was held at the Bashaw
Hotel. All ten-agers are now
come to come and have a good
time.

Mrs. J. R. Hewitt acted as toast-
master and prepared the toast to
the bride. Mrs. Priel was the
called upon to propose the toast
to the bride, and to which the groom
most fittingly responded.

OLL NOTES

All signs are pointed to a very
bad winter here for oil drillers.
and Arrow have rigs at work
and a Conservative outfit arrived
at early this week and is rigging up
on the oilfield. Oil lease some four
miles northwest of town.

Radio of some on Tuesday morn-
ing that Transuever has been
started operations on recently ac-
quired lease northwest of town.

Haden's Big Oil Co. is expected
to move in a rig to a site north
some weeks ago seven miles west
of town.

Already accommodation in town
whether public or private, is taxed
to the utmost, and those who have
undereared to secure room for oil-
men as they come here are satis-
fying much difficulty in arrang-
ing more rooms.

With the approach of winter, the
Council is at work on the problem
of providing a trailer park for the
many citizens who have been ac-
commodated throughout the summer
in the open-air skating rink.

The presence of the athletic cen-
ter is an additional burden on the
town's accommodation. It may
also be an indication of the increas-
ing trend of the search for oil in
this particular area.

Good Weather Helping Harvest

Old fall has finally managed to
break through the rain clouds and
give the farmers a few days of real
harvest weather. And it does with
one saying that the sun is making
the most of the opportunity to
put every possible bushel of this
year's big crop under cover or in
stack.

Two weeks of open weather will
be the bulk of the crop harvest ear-
ly, in the opinion of some.

Farm Labour

RECENT SHORTAGES of farm labour in Canada have created serious problems in many parts of the country and have in some cases caused farmers to curtail production. This is true, as the fact is that, when seasonal shortages are felt in the domestic market, although the use of farm machinery has increased markedly in recent years, there are still many tasks which require manual labour and the farmer cannot free himself from the problem of securing outside help in his work. The situation is more acute in some parts of the country than in others, and various types of farming require manual work than others, but the problem of help for farm work has been felt in almost every part of Canada in the last ten years.

Are Attracted To Industry

One reason for the shortage of farm labour is that many of the young men who are attracted to the city are leaving the farm. The shortage of farm labour is also due to the fact that many of the young men who are attracted to the city are leaving the farm. The shortage of farm labour is also due to the fact that many of the young men who are attracted to the city are leaving the farm.

Unlikely To Be Plentiful

It is apparent that farmers are attracted from the farm to other industries and that if the problem of securing outside labour available for farm work is to be solved, ways must be found to make it more attractive. Much labour is available for farm work in the form of seasonal workers, regular workers and other considerations to contribute to the fact that many labourers prefer to go to large industrial plants rather than to stay on the farm. Pursuing is one of Canada's foremost industries, but it would take considerable planning for farmers to compete with industrial plants in providing benefits for labourers. However, so long as there is no lack of work in other industries, farm labourers are unlikely to be plentiful in Canada.

LITTLE GIRL INJURED IN
PEACOCK ACCIDENT

Shirley, 12-year-old daughter of Mr. and Mrs. Bill Schneider of the district northwest of town, was the victim of an odd mishap on Monday of last week, resulting in fractures to her left wrist and right ankle.

The little girl was standing in the doorway of a granary which her father was working with a tractor. A bird between the granary door, and the child was thrown heavily into the wall when the tractor was turned back and the child was injured limbs were placed in

PARENTS URGED TO HAVE
THEIR CHILDREN

Parents of school-aged children are urged to take advantage of the free service of immunization against smallpox, diphtheria and scarlet fever.

With the approach of winter, these diseases will become more prevalent and local health services are making a special effort this year to inoculate every child in the area.

Regular inoculation in the past has kept these diseases to the minimum. Diphtheria has become almost a rarity due to the system of routine inoculation of children during the past 20 years, while smallpox and whooping cough are being suppressed by cooperation of parents in having their children in the public health agencies provide free immunization service and the Alberta Department of Public Health supplies all necessary materials. Parents wishing to have their children inoculated against these diseases should consult their family physician or their local health department.

The Farm Economy

ECONOMIC PROBLEMS of the Canadian farmer at this time were discussed at the annual meeting of Canadian and American farm economists held recently at the Ontario Agricultural College at Guelph. It is well known that farmers are dependent upon the same factors as those operating other industries in carrying on their work. Capital, labour, equipment, and marketing conditions are among the many matters which are of great importance to the farmer, and problems of this nature were discussed at the meeting. Dr. H. H. Haskins, president of the Canadian Federation of Agriculture was one of the speakers, and gave some interesting facts concerning the farmer's position in the Canadian economy.

Do Not Shave High Returns

Among the many factors with the relationship between the farmer's return for his work and the general level of prices and profits at this time. From May, 1950 to June, 1951, Dr. Haskins said, industrial prices rose 22 per cent while farm prices rose only 10 per cent. In the same period, farm prices rose 11 per cent, and there was a 13 per cent rise in the cost of living. These figures show that the farmer's return for his work is not as high as in Canada, the return to the farmer has not been in proportion to those in industry or in the retail business.

High Costs Of Operation

At the same time the farmer has been buying equipment, and the various taxes needed to operate his farm and his home at the high market prices. The period mentioned above, prices of farm help were increased 12 per cent. Although he has not getting his full share of the increased high prices, Dr. Haskins believes that present return is far from satisfactory, but he predicted a reduction in farm prices with the exception of meat, in the near future. These, and many other aspects of the farmer's economic problems were discussed and it was shown that shortage of equipment and of adequate labour are now causing hardship, while lack of sufficient capital is a constant danger to the average farmer. It is well that the public should be made aware of these matters, for in view of the high cost of food at this time, other sections of the population do not always have an accurate view of the farmer's economic position.

Accidents

RODINIA—Number of traffic accidents in Saskatchewan has increased this year although there have been fewer highway fatalities. J. A. Christie, chairman of the highway traffic board, said in a Bureau of public relations release.

To the end of August this year there had been 30 fatal accidents, compared with 48 in the same period in 1960. These accidents caused 46 deaths last year and 48 in 1961. The statistics for the same two periods were 1,075 this year and 3,200 last year.

Edmonton Fans Lose Appetites

EDMONTON, Alta.—The "Oleum of Edmonton football fans has apparently ended its appetite."

J. R. Jackson, head dog owner, said in a release from the Edmonton Blue Bombers in the western conference football season. The Bombers in the first game when losing to the Saskatchewan Roughriders, Jackson's wife said she had a little and had been dead to children since with a name that would resemble their favorite word.

After much thought they decided to call him "Hank" and he was named.

"His habit of eating is important. He's just been trying to find out what he can eat. He's just been trying to find out what he can eat. He's just been trying to find out what he can eat."

Speaking about his latest, a publisher said that the Edmonton Blue Bombers had been named "Hank" and he was named.

"I don't have anything at all," said the publisher. "I don't have anything at all."

"That's wonderful. I'd be happy to see you. I'd be happy to see you. I'd be happy to see you."

"Well, you see the aged one, all these things which did me wrong, all these bloody things. I hate it—and he looked at me. He looked at me. He looked at me."

D.A.—"Any positive that this man does you say?"

Phyllis—"I was, but after the crew examination I'm not sure that I ever owned a car."

A woman in the middle of divorce proceedings was complaining to a friend about the boring nature of her life. She had no children, no husband, no life.

"What's the matter?" she asked. "What's the matter?"

Phyllis—"I was, but after the crew examination I'm not sure that I ever owned a car."

Gulf-Well Assured Success

As this time goes to press, the Canadian Gulf Well has drilled a well six miles west of Bashaw, with the gas vent and is assured of success. A test made on Friday last in the interval well, 10 feet below all run into the drill pit at the rate of fifty barrels per hour.

Work is proceeding to complete the well. In the meantime Gulf has announced that drilling will start at once on a follow-up north of the present well.

Kelly Johnson is boss driller for the Arrow Drilling Co. crew which is completing the well.

It is announced that the B.A. well at Olive is now on production with a production rate of 235 cubic daily.

L. M. & O. Drilling Co. of Calgary has located a seismic crew here at the week-end.

Steve Reed, in charge of locating accommodation for oil workers, estimates that at least 350 crew men have been located in town. He estimates that the situation is pretty "tight," but is sure that if all vacancies are registered with him as they occur he will be aided in coping with the ever-increasing demand for the labor camps.

The Star learns that the Ameri can Ladies Aid, 2nd unit, which has been getting treatment from a series of ailments to be put on pump. It is believed that pumping for a few days may eventually start the well producing normally.

Home Talent Play Great Success

The whole community got a great "lift" on "Olive Plains," home talent show which held the boards at Hall Thursday and Friday of last week.

There were so many in the cast it would not be wise to attempt to even list those who had a part in this production, but it is of importance to note that the talent was made up of non-organizational talent.

"Olive Plains" proved to be a very amusing bit of home talent, and the cast did fall justed to their lines and routines. There is some talk of staging a similar production next year.

Little Alice Johnson was the star of the evening, and her talent held in connection with the

We haven't learned the financial results, but it seems assured that a handsome sum has been realized for the "Red" hockey fund.

Remembrance Day Sunday, 10:30

The annual Remembrance Day service is being held on Sunday, Nov. 11, at 10:30 a.m. in the hall, with arrangements as usual. A band of Bashaw Canadian Legion branch and local Protestant churches giving full cooperation.

T. M. Brunheart, United Church student pastor, will deliver the address at this service, which will open at 10:30 a.m. promptly.

Singing will be led by a special named choir being directed by Rev. K. W. Freitag.

Everyone is welcome to join in paying homage to the memory of those gallant men who have paid the supreme sacrifice in our behalf.

BEIN' YOURSELF MAKES OTHER PEOPLE SMILE

THE FUGATA FLAT SMILES that Ralph Vold, who played the role of a madman, was the star of last year by Brooklyn Dodgers, is now playing hockey with Roston Orlowski, a farm hand from the Roston Bruins.

Ralph is the son of Mr. and Mrs. P. M. Vold and is a Water Glen boy.

MAKING PREPARATIONS FOR WINTER

Good progress is seen on making for the coming winter. Seven of the school boys have taken on the job of looking after the school.

At the cutting rink, awnings have been laid in preparation for ice-making.

FULLETS LAYING AT FOUR AND A HALF MONTHS

Mr. Leo Rothermeyer of the town has 27 pullets of the white-while Leghorn cross and they are now just about the old. Recently they started laying, which is surprising enough, but when the eggs are laid found five double-egg and one with three yolks! Can you be that!

READ OF LIFE HEED

DON'T BANK ON CHANCE!

Every time a motorist neglects a small condition in his car he is making a deposit with death. And the final accounting may come sooner than he expects. Raving money is a good habit - but saving a life, perhaps your own or that of a member of your family, is much more important.

Regular checks of three windshield wipers, brake defroster and lights can be a lifesaving investment.

Be Careful - the life you save may be your own!

Track Upsets; Teen Farmer Loses Life

Stan Ferguson, 31, well known young farmer of the town district was instantly killed on Thursday at a point about three miles north of Treva. The teen tracked with grain strapped on the grade and turned on his side, crushing him.

His little daughter, Baby Joy, was in the cab with him, and it is believed he tried to throw her clear as the truck overturned. The child received burns about the lower part of her body from coming in contact with spilled gasoline.

Deceased was well known here as a member of the Olive branch team. He was married seven years to Miss Rhonda Mae of Lacombe and they have two young children, a son and daughter. His mother and three sisters are also left to mourn the loss of their son.

Federal arrangements had not been completed when this report was received. This is the third accidental death to occur in the same general area in a period of about six weeks.

Owing to the sudden change in weather and the resulting icy conditions of all roads, the December meeting of the Home and School Association has been cancelled. This was to have been held on Thursday evening of this week.

BASHAW AND DISTRICT CHAMBER OF COMMERCE

Unfavorable weather served to limit the attendance at Monday night's meeting of the Chamber of Commerce, but those who braved the elements were well rewarded. There was a real discussion on the manufacture and use of commercial fertilizers delivered by Mr. Marshall of Calgary, representing Owsen and Co. of Truist, B.C. This was illustrated by motion pictures in color and proved to be highly interesting as well as informative.

Mr. Marshall presented a report on the boy club conference at Can. Point attended by himself and president Albert Bell. He also reported on the trip to Canmore last fall with members of the local Boy Club.

The Boy Club Club, by the way, is to meet in the first Friday in January, but this was emphasized that was opportunity for boys to join this group up to January 15th.

Through a committee report, it was learned that the boys of the

CURLEWS TO HOLD BANQUET FRIDAY NIGHT, MARCH 1932

On Friday evening at 7 p.m. the Curlew Club will sit down to tables loaded with roach chicken and all the other good things our lady curlews consider necessary to provide a first class banquet. The proceeds will be for the benefit of the club.

These occasions are always a time of good fellowship and no curlew worthy of the name would dream of missing any.

The banquet will be ready promptly at seven and it is in order to be on hand promptly at that hour.

A Great Day For All Children

The business men of Bashaw are presenting their annual Christmas tree for the small folk on Saturday afternoon next, and preparations have been made for a really big day.

As in other years, they are providing a program guaranteed to delight every last kid. At the close of the show Santa Claus will make his appearance to lead the parade to the main hall, where he will distribute treats to the youngsters and have a visit with them. The parade will be leaving the theatre at about 2:30 p.m.

The business men invite all youngsters to be to their guests on this occasion. They do not have to produce a sales slip. There are no strings attached to the gift. The idea is to give the kids enjoy themselves.

The parade will leave the theatre at about 2:30 p.m. and will arrive at the main hall at about 3:30 p.m. The parade will be leaving the theatre at about 2:30 p.m.

OIL NOTES

A radio oil bulletin on Tuesday announced that Pacific Petroleum and Trans-Alberta were combining with two smaller oil fields to drill a well 3 1/2 miles north of present production in Bashaw. The precise location of this oil field was not given.

The latest weekly report issued by the Canadian Petroleum Association lists Bashaw wells as drilling at the following depths: American Leduc No. 2, 5,137 ft. The standard No. 14, 5,644 ft. Bashaw No. 2, 5,137 ft. Standard C.P.R. Bashaw No. 1, 5,644 ft. Standard Imperial No. 1, 5,644 ft.

Of the above, Hudson's No. 1 is expected to complete success, it is understood that the well has given every sign of being successful.

The standard well is expected to be in the next few days.

Oil is being shipped daily from two American Leduc wells and the Gulf-Pull will immediately north.

Meat Market Has New Owners

A business deal of major local importance was consummated on Saturday of this week, December 26th.

The local meat market and butcher plant, owned and operated by Ernest and his wife, Mrs. H. J. Channon, has been acquired by Fred Ebert and his son Julius, both local men.

Mr. and Mrs. Channon are leaving for the west before the new year and Mrs. Channon is spending time in the west before the new year.

Local Theatians Set High Mark

"Jimmy, be Careful!" the highly amusing and hilarious play produced by a Bashaw cast under the sponsorship of the United Church Ladies Aid Society, played at the theatre on Wednesday night, on Thursday at 8:15 and at the same time on Friday.

The cast are reported to have given a most perfect performance, their final appearance, though actually weary after the strenuous schedule.

Requests have come in, it is learned from a couple of other ontime to have the players visit them.

From their first show, the cast have managed to raise \$600, all of which is being devoted to the purchase of new and other interior furnishings for the remodelled United church building here.

To Discuss School And New County

So much interest is evidenced here in the Thursday afternoon meeting here that it has been found advisable to hold a second meeting for the gathering.

This meeting is being called for the purpose of discussing questions arising out of the proposal to create Ponoka County.

The fact that Bashaw has within the proposed Ponoka County, while many of its school pupils come from Camrose M.D. is causing misgivings and it would appear that with the proposed change in municipal boundaries the administration of our school would be transferred to the new Ponoka County Council.

This gives rise to questions that are confusing, hence the desirability of a good attendance at this meeting.

The meeting is called for 7:30 p.m. on Thursday and will now be held on Monday.

Bashaw W.I.

The annual meeting of Bashaw Women's Institute was held on Dec. 3 at 8 p.m. Roll call was answered with pleasure.

Plans were completed for the tea and banquet to be held Dec. 10. It was arranged to send Christmas cards to the sick and aged of the community.

Mrs. Bicknell, president for the past two years, thanked all the members for their co-operation during her term of office.

The prize for perfect attendance were awarded to Mrs. Maudie and Mrs. Jackshaw.

Mrs. Whitley took the chair for the annual meeting.

Present officers for 1932 are as follows: President—Mrs. H. Miller. Vice President—Mrs. Maudie. Secretary—Mrs. Bicknell. Treasurer—Mrs. H. Miller.

Refreshments were served by the ladies.

The meeting was a most successful one.

The ladies will meet again on Thursday, Dec. 10.

The Weather

Starting with some wet snow in the early hours of today, the snow giving way to rain which continued to fall during much of the day.

The cold part of Alberta's record is self in difficulty because of the ice that has been so thick and persistent and effectively laid off all forms of motor traffic.

Conditions here were the worst in restriction and reports indicate that a large part of west central Alberta was similarly affected.

In Bashaw, Alberta and roadways were closed with a film of ice which the falling rain made more treacherous. The day in the temperature started to melt ice on the sidewalks.

The roads continued to be almost impassable for trucks and cars, though, chills were of some help.

Two school buses wound up in the ditch east of town and their quota of school children had to foot it home. This line had to cancel scheduled service and even the trains were late, since they lay stalled in the snow.

The weather bureau says the exceptionally mild weather is continuing Wednesday with a high of 60 being looked for in this area.

The mild weather on Monday put an end to cutting for the time being and the snow on the roads is melting. However, several young men found they could get around

Santa Claus Pays Small Fry Visit

North Pole, Dec. 19, 1931
Dear Children:
I was so very pleased to see so
many children in Bashaw on Satur-
day, and have a special hello to
those who were unable to get in or
who may have been sick.
The Bashaw business men de-
voted our special thanks for the
fine show and treats.
Merry Christmas to everyone!

SANTA CLAUS
The show letter was actually re-
ceived by The Star following Santa
Claus' visit to Bashaw on Saturday
last under auspices of the town's
business men.
It was a bitterly cold day, but the
town was fairly boiling at the
sight with kids and the affair was
carried out in grand style.
The first batch at our office at
the Theatre, where free admission
had been arranged for all young
sters. The practice was actually
selected to be the little tykes.
After the first a parade was
formed with Santa Claus leading
in a truck and the children moun-
ted on sleds and skis. Santa Claus
gave a grand visit with his young
friends and supervised the distribu-
tion of treats. Presents had been
sent out, but this was not the
surprise and additional supplies
will be hastily sent from the
north.

**Q&A CROP HAVE BEEN
PROMOTIONAL FIELD**
Talking with Fred Shaffer the
other day, the Star learned that he
had brushed what might well be
a record oat crop. Fred had seeded 14
acres to second generation Alax
oats and was able to thresh all but
about 200 bushels before the weather
closed in for keeps. He threshed
about 1500 bushels and the other
200 bushels under the snow. This
gives an average of 120 bushels per
acre.

OIL NOTES

The past week's wintry weather
has done much to make the oil-
drilling business most difficult,
activity, and even excitement, gets
more sparsely.
Bashaw's Bay Shallow 22A-13 on
the W. 7th South home place re-
ported a rise of above 800 feet of oil
in a 60 ft. stratum (see Wednesday re-
port). This well seen assured of
good production. The Cascade rig
on this well is to be added to a
new location a quarter-mile south
of where it stands.

American Land Co. is ex-
pected to give an answer any time
now. Tuesday oil bulletin had this
well drilling about 10 feet above
the level at which oil was found in
the No. 1 well.
The Regent Drilling crew on this
well is slated to move to the Bashaw
Lester location now ready on the
Walker home place, two miles to the
south.

Cal-Standard on the Hill Tied
place was reported Monday drilling
at 530 feet.
Standard C.P.R. on the Mrs. De-
Lewer place was last reported at
4,600 feet.
Security Well-McLaren, Bashaw
21-17, on the Hill Shallow home
place has not surface casing at last off-
icial report, which is about a week
old.

The chief interest in the moment
crises of the Shallow well three
miles north of town is to improve
even strata. It has reached
4,770 feet a week ago and casing
has since been run. There is expec-
tation activity around the well and
a verdict may be forthcoming soon.

It is reported locally that one of
the drilling companies operating
here at present has contracts which
will with additional investment
be brought in with take two years
to complete.

The well was drilled here by as-
sumption that the strata was
to make a test well some three
miles north of the present well. It
was west of town. Trans-Siberian
and Pacific Petroleum, and
Bashaw-Chapman was up the strata
which will drill on last 11
to 20-45 feet. The land is being
acred under lease in the vicinity.
The Star is the land here and
will be located on land belonging to
the McLaughlin estate.

Miss Audrey Brown was home
from Calgary at the week-end.
The Star's Christmas Offering
comes out on Monday, Decem-
ber 26th.

Christmas Message

(From Rev. K. W. Pringle of the Evangelical Lutheran Parish)

In this sacred season of the year our hearts and minds are directed to Bethlehem's manger. There, long ago, the Son of God appeared among us as a child and with our newborn birth the drama of redemption had begun. It has continued ever since until we today experience in our lives the blessed fruits of His salvation.

Thus as young and old gather around the manger to worship the Lord, to sing their praises to the Holy Child and as children stand again this year, as in the years past, by, laden in the arms of a father and mother, to receive the gifts of His salvation.

Thus as young and old gather around the manger to worship the Lord, to sing their praises to the Holy Child and as children stand again this year, as in the years past, by, laden in the arms of a father and mother, to receive the gifts of His salvation.

SEABOARD WILL TO PLEDGE BACK TO WET GAS IN CHEYACOUS

(Seaboard Imperial Anglo Buffalo Lake No. 1, three miles northwest of Bashaw, is plotting back to Lower Cretaceous. It received some "wet" gas show, after testing last year 15 and 25, according to announcement made in Calgary.)

Drilled to 5,965 feet, the well is plotting back to 5,400 feet to a previous test 4,835 to 4,975 feet, wet gas flowed at 1,200 cubic feet daily. Further tests will be run in the basal Cretaceous, the report states.

AMERICAN LEOCO BEING IN FIFTH BASHAW PRODUCE

American Leoco Petroleum and Yankee Cretaceous Oil and Mining have rated the fifth indicated producer for the Bashaw 126 pool, as well as that of Bashaw.

American Leoco Bashaw No. 3, a wet oil test to the discovery well, tested 6,772 to 6,778 feet, recovered gas at 1,200 cubic feet daily and a flow of oil to the surface in 37 minutes. The test is run in production casing and production tests are expected shortly.

The well will be the third producer for the two Edmonton independent, who first discovered oil in the Bashaw area last July.

Joe Milner, a engineer of the Regiment crew which has brought in all three American Leoco producers, and Bob Anderson is now driver.

OTHER WELLS BEING TO GET IN PRODUCTION

Leo's No. 22, 23 and 24, immediately east of the discovery, which still appears to have struck a good flow of oil is expected to go on production. Other drilling operations in this field are expected to soon reach the same at which production or other.

Christmas Message

(From Rev. F. C. Austin of the Lutheran Anglican Parish)

There are all kinds of arguments—the media kind, the kind that end nowhere and accomplish nothing—about God. Frankly, they are all wrong. What does it matter to us? It is a matter for His "omnipotence," His "omniscience," and all the rest? What I want to know about God is this: Is He interested? Does He care? Well, Christmas is the answer to that.

Back in 1913, Thomas Osborne became chairman of the New York State Commission for Prison Reform. He was a man of great vision, he had himself incarcerated, under the ordinary name of Tom Brown, in the State Prison. He was there long enough to get to know something of the operations of the average convict. It was through this fellowship of suffering that Osborne became qualified to offer some real help to that.

That's the way that God involved Himself in our trials and sufferings, in our struggles and frustrations. The angels declared it was God Himself, the birth in Bethlehem, that they were right, and it still is so today. It still is the best news that has ever been published.

Christmas brings Heaven a lot closer to us—closer than it ever could come, closer. Before Jesus was born, nobody knew anything about Heaven at all, and that night, from Jesus, nobody knows anything about it now. Take the picture like this:

From Rev. K. W. Fretwell of the

In this sacred season of the year
our hearts and minds are directed
to Bethlehem's manger. There, long

Saviour's birth the drama of re-
demption had begun; it has contin-

fruit of His salvation.
But as young and old gather
around the manger to worship the
Lord, to sing His praises to the
Holy Child and, as millions shall
again this year, do so in the year
to come by living to the songs of re-
joice and the halcyons of the angelic
world, all are particularly mindful
of the greatest, most comforting
message ever brought from God to
mankind: "For unto you is born a Son,
for unto you is born a Saviour."
Perhaps, more than any other
generation in the history of man-
kind, we of today are sorely tried
and damaged by evil forces
which have many a home and
heart afraid of the future. As the
international situation becomes a
more tense each day, with a thou-
sand terrors and total destruction
threatening us, the angel's soothing
instruction reaches us: "Fear not,
a Saviour is born." In these critical
times we have our Saviour's voice
of benediction: "Be not afraid, I
am with you always."
To us, amidst our own troubles
and trials, to all in times of weak-
ness and failure, to many with
grievous and broken hopes the
Prophet foretells salvation to

SHIRLEY BAKER TELLS FOR THE HOLIDAY SEASON

It only takes a small amount of carelessness to turn the joyful Christmas holiday into a tragedy. The Christmas tree is the danger spot. There are a few simple precautions that will save a safe and merry Christmas.

Don't risk using flammable or broken glass.

Avoid placing powerful lamp bulbs near flammable objects, such as curtains, paper or oil.

Don't go away and leave your tree lit.

Be very careful when smoking around Christmas packages wrapped in flammable paper or other material.

Secure the tree by strapping it to the wall so that they take will not be able to jump or pull it over.

Christmas Message

(From Rev. O. Westlund, of Bethel "Church")

Let's be 1-2-1 — "And the angel and unto them Peace not, for behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord."

Every man and woman is interested in Good Tidings or Good News. It is the good news that will capture the minds and thoughts of people these people will desire for miles and others will sacrifice time and strength to get the tidings or news. Others will all by the radio for hours listening to news because news or tidings are of great interest to everyone.

It is important in this day and age in which we live that word of news tidings or good news of peace news.

The Angel of the Lord came bringing Good Tidings or Good News. He said unto them, "Peace be unto you, for unto you is born this day in the city of David a Saviour which is Christ the Lord."

Until then the human race was living in darkness and sin, without a Saviour. They were lost and with no hope for the future. God tried to bring mankind to His standards by giving them the Law. But the people drifted farther and farther away from God. Romans 8:3 says, "For what law he could not do, God did by sending His Son to be the Saviour of all people. This is universal. But it must be clear that He must become your personal Saviour."

Too many people rejoice and celebrate in selfish and unlovely habits. They are living in sin and do not know what it means to have a Saviour.

At this Christmas season, let this Christmas child who was born in Bethlehem's manger, be born anew within you. Let this Christmas day bring peace and true happiness to your heart and home. Not just for a year, but for eternity.

Others were dead. Dead visitors on Monday.

The Holm family spent Sunday with Mr. and Mrs. Bob Clark at Neve.

Mr. and Mrs. J. Fisher, Mr. Jewell and Alton Jewell moved to Lacombe on Thursday.

MR. AUDY'S CHRISTMAS MESSAGE (Continued)

scientist offers us—it's enough to make you shudder. He says that we people are marooned on a tiny little speck of something that on analysis turns out to be really nothing at all, whirling about at a fearful rate in innumerable spaces—asteroids above. But part of the Good News is that with all due respect to the scientist, that is not true.

I well remember a very small boy sitting alone in a room in some-bow's house. All he could see was the four walls, and they looked solid enough. Until he unobtrusively leaned on one of them, and the next thing he knew he was in another room, that was full of light and laughter. The wall was only paper!

What if Heaven is invisible to mortal eyes? Christmas shows us that the dividing wall is paper-thin. The Heavenly Lord entered our world without fan or furrer—with all the splendor in the world. He was simply born, like any other baby.

It is Christmas that gives real meaning to our worship as Jesus Himself said to the Samaritan: "man, we know what we worship." We do know what we have seen God translated for us into the very simplest of human terms—a newborn babe. What a glorious service of worship they had in that first Christmas Church—out in the fields, with the star-studded sky for a roof. There were angels in the choir that night, and shepherds in the congregation. Don't you wish you could have been there? Well, Christmas means that you can: for Christmas is not just an event that took place in the distant past. Christmas is an eternal fact. You can come on Christmas Day, 1951, and worship with the angels and the shepherds and the whole Church of God—Come and worship, worship Christ the new-born King!

A Prolonged Hardship

SINCE THE PEOPLE of Britain have been living under a rigid system of food rationing. During the war it was to be expected that a similar system, out of food normal supplies of food from the outside world, would be in effect in the future. It was not until the war was over that the people of the United Kingdom were able to live on a normal basis. It was not until the war was over that the people of the United Kingdom were able to live on a normal basis. It was not until the war was over that the people of the United Kingdom were able to live on a normal basis.

Less Than Ten Years Ago

It is recalled that Britain is an overpopulated country and that there are food shortages in many other parts of the world. Nevertheless it is alarming and regrettable that a nation so productive and rich in resources should have to undergo such a long period of deprivation. Many Britons have resigned since the war, large numbers of them to the United States. Production, increased agricultural production at home, and exports of goods to the United States are in such a position which the situation may be alleviated to some extent. However, there will be no real end to the problem until Britain can import from the "other countries" all the food needed to live in abundance to the present level. Obviously the situation is not at present hopeful and it is one of the great economic problems of this time.

Careful Planning, Timing Gives Man, Farmer Fine Flax Yield

Over Three Thousand Bushels From 148 Acres

BRANDON—Mr. Barry Strickland of Hamilton township of a scientific research program in flax, when coupled with C. T. G. Bell, agricultural representative, has yielded the 148-acre flax field of J. I. Strickland of Hamilton township. His discovery of flax in the field is an unusual event in this field.

Despite the fact that this quarter was harvested, one-way and two-way flax was harvested. Double sowing was done in the first week of the year. The flax was sown in the first week of the year. The flax was sown in the first week of the year.

Bashaw Shown On Gas Pipe Line

Bashaw would be just three and a-half miles from the main gathering system pipeline proposed by the Trans-Canada Pipe Line, which was to be constructed from the west coast of Alberta west and distribute it to 110 communities in Alberta and to report gas to a number of cities in Saskatchewan, Manitoba and North-western Ontario.

Literature received by the Secretary of Bashaw Chamber of Commerce, shows the system starting in the Pioneer Creek field in the northwest of the province, and extending westward to Edmonton. The main line of the system as at present planned comes up through Hinton to Calgary, then around the north end of Buffalo Lake to a point some three and a-half miles from Bashaw. The map shows it passing two and a-half miles west of Hinton, then on to Grande Prairie, Hinton and Edmonton.

There are 141 miles of main line in the gathering system, which does not mean for connect with the gas supplies west of here.

The system would save many costs in hauling with a reasonable distance of the line, which would save in fuel and in time.

Further on the matter of pipelines, the Canadian Oilfield is now mentioning that a report was current there that an oil pipe line was being planned to start at Bashaw and pass north of Hinton, Hinton and Edmonton, then to connect with the main line of the Trans-Canada Pipe Line.

No confirmation of the report is forthcoming here.

Mrs. Olena Spore visited in St. Bonifas for a few days last week.

POSTPONED—The Ladies of the Moose have, because of the cold weather, indefinitely postponed the card party announced for to-morrow evening.

CARD PARTY—The Catholic Ladies are holding a card party in the basement of the church this coming Friday at 7:30 p.m. Everybody is welcome.

Mr. P. W. Houston was taken to Carleton Place on Saturday suffering from gallstones. On Tuesday it was believed that she would survive but she died on Wednesday.

Mrs. Bob Crawford left on Saturday for her home in Vancouver after visiting here for a month at the home of her daughter, Mrs. R. R. Houston, who was over to visit in Trail, B.C., on the way home.

Mr. and Mrs. George Bovie of Kelowna visited Mrs. R. Crawford at the R. R. Houston home Thursday before she left to return home. Mr. and Mrs. Bovie were accompanied by Mr. and Mrs. Crawford when they farmed at Perry Point.

The Beef Club held a good meeting recently at the home of their leader, Ben Holt, with all but two of their members present. They discussed matters of feeding, plant, and decided on a method of raising club funds. Next month will be held Friday, February 1st, at the J. S. Cummings home.

What can one say about our weather this past week? Perhaps it would be kindred to say nothing at all, but we don't like mentioning that while this area has escaped storms and blizzards, the mercury has been doing a wondrous thing of late. It was about forty below when the finishing snows were being given this same late on Tuesday night and Wednesday morning. Be-er-er!

Memorial Service Friday, 11 a.m.

A solemn public Memorial Service for King George VI is being held in St. Basil, Bashaw on Friday morning, February 24th, commencing at 11 o'clock sharp.
This service will be in charge of Rev. R. W. Pringle, pastor of the Lutheran parish, and it is probable that he will be assisted by laymen or possibly other clergymen.
This will be an interdenominational expression of this community's sorrow over the loss of a beloved monarch and his sympathy for his family.

OIL NOTES

The oil field six miles west of Bashaw would appear to have been submerged by the strike made known at Bashaw on Friday morning, February 14th, commencing at 11 o'clock sharp.
This service will be in charge of Rev. R. W. Pringle, pastor of the Lutheran parish, and it is probable that he will be assisted by laymen or possibly other clergymen.
This will be an interdenominational expression of this community's sorrow over the loss of a beloved monarch and his sympathy for his family.

An Imperial Oil automatic crew of 20 men is to move in here later in the week and accommodation has been arranged for them.
Imperial Oil has extensive holdings in the district east of town and this recently opened a sizable sum of \$100,000 from the north end of Buffalo Lake.
Some have would not be surprised to see the big company start drilling before long.

High School Team Village Finances Wins At Rosalind In Good Shape

Playing on plenty ice at Rosalind Wednesday afternoon, the Bashaw High hockey team scored one goal in each period to better home a 3-0 lead over the host team in the first game of a total goal series. The return game is being played in Bashaw this Wednesday evening.
Bashaw scored twice, once with Fred Fletcher assisting, and the Rosalind netted the other midway of the ice. The team combination play was too much for the Rosalind defense.
Chris Kinnear's stellar goal tending defeated many Rosalind attempts to score.
Bashaw scored the same Houtp in as previous games. The teams were well matched for size and weight.
Gordon Miller assisted, handing out two penalties to each team.

BASHAW WOMEN'S INSTITUTE

The regular meeting of the Bashaw W.M.'s Institute was held in the Childrens on Feb 6.
Meeting opened with the singing of "O Canada," followed by the Creed.
An expression of sympathy to the 3rd family, at the passing of a devoted son, a loving husband and a kind and understanding father, was read. The highest tribute was paid him as he left the world a little better place from having lived in it.
The Associated Women of the A.O.G. Council is to be held in Bashaw this year.
The Institute decided to cater to the Ladies, giving a banquet to be held Feb 14 and 15.
A current event on the United Nations was read by Mrs. Gordon Brown.
Meeting closed by singing "God Save the Queen."
Members were Mrs. Men and Mrs. Northey.
Roll call for next meeting will be responded to with the title of an 11th song.

DAHL — BRENNEMAN
In a lovely afternoon ceremony at the Presbyterian Lutheran church, Bashaw, on Saturday, Miss Joan Sander Brown became the bride of Mr. Gordon Walker Dahl.
Rev. R. G. Gidding performed the double ceremony before an altar bright with many colored spring flowers. White satin bows marked the groom's press.
The bride is the daughter of Mr. W. Brown of Bashaw and the late Mrs. Brown. Mr. Dahl is the son of Mr. and Mrs. R. B. Dahl of Edmonton.

Entering the church on the arm of her father, the bride wore a long gown of white tulle. A string model, the dress was topped with a ruffled collar of tulle. A fitted bodice, stand-up collar and long sleeves ending in full points over the wrists. Her finger tip veil of French tulle misted from a Dutch bonnet's headpiece.
The bride's bouquet was a cascade of American beauty roses and white hydrangea. A single strand of pearls, a gift in the groom, was the bride's only jewelry.

Guests attended the wedding in the bride's home. They were Mrs. J. J. Brown, sister of the bride, and Miss Dorothy Van der Bruggen, and Miss Mrs. Marna Houtpauw was flower girl. The three attendants wore identical gowns in contrasting colors of blue, pink and green, finished with voluminous skirts and man-made jacks. They carried matching colonial bouquet of yellow and mauve carnations. The flower girl wore a pale yellow dress. The bridesmaid wore a white dress of net over tulle and carried a basket of white carnations.

Best man was Mr. H. G. Gidding of Edmonton, and ushering the guests to the altar was Mr. Sander Brown and Mr. Bob Brown, brother of the groom.
Mrs. J. O. Pearson played the wedding music, and during singing the wedding hymn, "The Church's One Foundation," she sang "Because."
Among the guests present from a distance were the groom's parents, Mr. and Mrs. H. G. Gidding of Edmonton and his sister, Miss Barbara Dahl.

After spending two weeks at the coast, the happy couple will make their home in Winnipeg.

Final Census Figures Given

Canada's Total Population Stands At 14,069,125

OTTAWA — Statistics Canada today announced that the 1941 census, according to final 1941 population figures released by the Dominion bureau of statistics, preliminary figures issued last November gave the province a total of 823,175.

Final figures mean that the province's population in 1941 stood at 823,175, an increase of 64,284 or 7.37 per cent from the 1941 total of 758,891.

Revised Manitoba figures give that province a 1941 population of 778,541, an increase of 46,797 or 6.41 per cent from the 1941 census figure of 731,744.

Final Alberta figures give that province a population of 823,175 in 1941 (a jump of 143,332 or 18 per cent from the 1941 total of 679,843).

Canada's total population is now given as 14,069,125 for 1941, an increase of 1,500,655 from the 1931 total of 12,568,470.

Statistics Canada figures show that the 1941 census was the first to show a net gain of population in all provinces with 1941 population in brackets are:

Newfoundland 161,416 (321,100); N.B. 184,429 (185,070); Nova Scotia 642,584 (577,825); New Brunswick 515,587 (457,401); Quebec 4,055,861 (3,231,882); Ontario 4,537,541 (3,781,551); P.E.I. 1,165,210 (817,861); Yukon 1,036 (1,910); N.W.T. 1,136 (11,367).

Stamps often portrayed the province, "The Great West," as the "Heart of the Empire."

Stamp, 6c, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, Veterans On The Land

DURING THE LAST WAR many bright boys were enlisted for the time when the world would again be at peace. At that time they were not, but they have been in the service of their country for many years. One of the things that has been the result of the war is the fact that many of these boys have been in the service of their country for many years. One of the things that has been the result of the war is the fact that many of these boys have been in the service of their country for many years.

Many Still In The West
Government assistance for those who wished to farm was given in the form of a new type of program, and from these the Veterans Land Act was born. One of the things that has been the result of the war is the fact that many of these boys have been in the service of their country for many years. One of the things that has been the result of the war is the fact that many of these boys have been in the service of their country for many years.

An Indicator Of Progress
Officers of the Veterans Land Act Administration report that very few of the veterans have failed in their land. It is apparent that the veterans have been in the service of their country for many years. One of the things that has been the result of the war is the fact that many of these boys have been in the service of their country for many years.

New Variety Of Mating Barley Proving Superior To O.A.C. 21

WINNIPEG—U.M. 43-1010, new mating barley variety developed at the University of Manitoba, has already proved superior to O.A.C. 21, present standard for the milling industry. Prof. E. B. Halpin, of the University's plant science department, field tests have been particularly promising.

There is little doubt, he said, that the new variety will be superior to O.A.C. 21. The new variety is being tested in the field. It is a delicious recipe for a hot top. It is a delicious recipe for a hot top. It is a delicious recipe for a hot top.

The local chapter of the Eastern

Star observed its thirty-third anniversary

by putting on a banquet for the

husbands of its members on Tuesday

last night. The Star is old.

The act of electric children, which

was presented at the University of

Manitoba, has already proved superior

to O.A.C. 21, present standard for the

milling industry.

Prof. E. B. Halpin, of the University's

plant science department, field tests

have been particularly promising.

There is little doubt, he said, that

the new variety will be superior to

O.A.C. 21.

The new variety is being tested in

the field.

A High Toll

THE PUBLIC IS ALWAYS SHOCKED to hear of the toll of human lives which accidents take each year in Canada. Highway accidents, fires, and other accidents are always taking place, but the toll of human lives is always being added to the list of victims. The toll of human lives is always being added to the list of victims. The toll of human lives is always being added to the list of victims.

Many Are Hurt On Highways

Through the year many children are killed on the highways and highways are always being added to the list of victims. The toll of human lives is always being added to the list of victims. The toll of human lives is always being added to the list of victims.

Greater Hazard Than Disease

Obituary of the Health League of Canada states that each year some 1,000 Canadian children die as a result of accidents. This is more than the number lost through the air service accidents.

Funny and Otherwise

An employer on leaving his office, was instructed by his secretary to "see to it that the office is in a state of readiness for the next day."

GARDEN NOTES

Plant Sweet Peas Early For Good Results

Material available for the purpose of the garden notes is always being added to the list of victims. The toll of human lives is always being added to the list of victims. The toll of human lives is always being added to the list of victims.

Oil Notes

Bashaw said he would Thursday
be at the Oilfield Telegraph Party No.
7, which will be held here some
time between 1930, E. J. Meyer, party
leader, will be in charge of the
entertainment and set out for operations.
The party will be held at the residence
of Dr. McFarlane, Union street, and
is a number of this party.

Word has been received that the
Trans-Canada Highway will be on the
Hudsonian front, some five and a half
miles north of the producing well is
being abandoned.

This news the Ensign will be
the first to report. It is being
formulated here some 100 miles
from the well. This is the first time
that the producers three miles to the south.
But Anderson and his agent con-
sider the drilling will.

IMPORTANT C. O. C. MEETING SET FOR MONDAY NIGHT

A fully representative attendance
is warranted at next Monday evening's
meeting of Bashaw and District Chan-
ge of Commerce and Agriculture, to
be held in Legion Hall at 8:00 p.m.
There are several matters of vital
importance on the agenda, as well as
election of officers.

Right now, Bashaw and district is
in need of a strong organization to
promote its interests, and a united
effort is asked for.

RETURNING TO BASHAW TO START OWN BUSINESS

Born and brought up here but for
the past ten years engaged in the
drainage business in Edmonton, Ed-
mundson has announced in this
city that he is going to his own business
here, in Bashaw.

He told us that he has been
through the country and in neighboring
towns and he is in a position to
help him here for some considerable
time and that he has decided to start a
business here, in Bashaw.

DO IT NOW!

Have your farm wired for Calgary
power before it arrives.

Water and Sewer Systems Get Strong Approval

With a heavy vote being polled, the
proposals of the Bashaw regional
water and sewerage system, which
will be the first of its kind in the
area, were given strong approval
by the voters present at the meeting.
The outcome of the voting surprised
few, but the vote proved more
strongly favorable than many had
anticipated.

Two electors, were called upon to
make the vote known and the result
was as follows:

FOR	123
AGAINST	123
ABSENT	123
TOTAL	123

SEWERAGE BY-LAW

FOR	123
AGAINST	123
ABSENT	123
TOTAL	123

The returns show that 124 per
cent of those voting were in favor of
the by-laws, which is well above the
majority required for their adoption.

CURLING

LEGION RINKS PLAY IN FINALITY CASE OF SEASON

Probably the best curling for the
season took place on Sunday
when the Legion rink from Cam-
pus went to test their mettle with a
pair of local Legion rinks. The
home rink was captained by J. E.
Purser, Fred Leister and Alf New-
berry were their men. While Neville
Walter, Walter Johnson, Leslie Mac-
tave and J. E. Burke took the
home rink.

SUPPORT GROWING FOR

ESTABLISHING FLOOD PRICES
During the past week or two, many meetings of farmers have been held under the auspices of the Farmers Union of Alberta at a large hall in

of Alberta, which these meetings have been held to discuss the five-cent marketing crisis arising from the late-arrived emergency and other farm problems. At all of these meetings, resolutions have been passed and urgent immediate action by the Federal authorities to implement flood prices of \$2.00 on top of straw and \$2.50 on all farm products.

points. Also that the Federal government set at once to end the present intolerable international embargo.

Another resolution passed calls for the establishment of the flood price on wheat to be made uniform across Canada.

Other points discussed have been the ratification of the International Wheat Agreement and the Domestic Grain Act. It is also a general agreement that it is to be established that the wheat is to be separated from the export price, and based upon costs of production within

These demands were presented upon the Federal government by a delegation which interviewed Hon. C. D. Howe, Hon. Mr. Gardiner and several other ministers at Ottawa on March 23rd.

Miss Leslie Sharp arrived home from hospital Monday, March 18. Mr. and Mrs. York returned to the city on Wednesday to visit friends and relatives.

It is now known that Miss Linda Schuchman is being treated.

Mr. and Mrs. Arneson and family left for home Friday afternoon after spending a few days with relatives in the district.

Miss Helma was home from Edmonton for the week-end.

Ellen and Edna Kane spent the week-end visiting friends in the district.

Miss Rita Schuchman left Monday, April 15, for Three Hills.

The central story of the Christian world is being reviewed for us these days. It is the story of the Easter festival, which the Christians regard as the most important of the year.

Reader have a practical significance for us? Where does it fit into the world, the human struggle of the world for the sake of man today?

Easter, first of all, is the story of the initial, apparent triumph of evil.

Powerful men motivated by evil designs—struggles between, many of them—contributed to and carried to the point of the final of this small town of faithless men, and for the men who were brought to the world.

Indeed, a large part of the opposition was aroused by their ideas—of the resurrection of man, with the destruction of right relationships and real order for other people, as the basis of lasting peace. Then there was the driving and leading in all affairs—of the handling of money in the temple. There it was, the driving of the money, with a new world in the air.

Today, when the forces of evil are so powerful, and when the forces of good are so weak, the challenge of the Easter story is more than ever before. The resurrection of the dead is the challenge of the Easter story. The resurrection of the dead is the challenge of the Easter story.

The resurrection of the dead is the challenge of the Easter story. The resurrection of the dead is the challenge of the Easter story. The resurrection of the dead is the challenge of the Easter story.

new standard of purity. Above all, there was the call to hold a new world, as different from the world of the day as that age was different from the world of today. It would mean that every man and woman would take a new kind of responsibility for himself and that every man and woman would achieve a new dignity and freedom, and a new kind of life.

To those who would not face the moral challenges of Christ's call, there seemed no more way—legitimate than His and His followers. But those who accepted the challenge and the personal change involved, were called to take the new message to the world, and to work it out for themselves. They have been represented by a minority in every generation since.

Today, when the forces of evil are so powerful, and when the forces of good are so weak, the challenge of the Easter story is more than ever before. The resurrection of the dead is the challenge of the Easter story. The resurrection of the dead is the challenge of the Easter story.

H.S.A. Sponsors Hobby Show

Hobby Home and School Association is sponsoring a Hobby Show, to be held on Wednesday afternoon and evening, May 15th, and the afternoon of Thursday, May 16th.

In addition to the Hobby Show, there will be an exhibition of paintings by well known Alberta artists, similar to that shown here in November last.

The list of hobbies will include Amateur Photography, Needlework (knitting, crocheting etc.), Leathercraft (purses, bags, etc.), Woodwork, etc.

Officers and members (troughs, Indian relics etc.) Collections (stamps, coins, quill pens, etc.)

Anyone interested and wanting further information should contact the committee, which includes Mrs. J. G. Pearson, Mrs. Ben Hall and Mrs. Nina Hall.

ELICE

Carl Delamater and Mr. and Mrs. Edwin Grogan were visiting at Banff on the week end.

Mr. and Mrs. Henry Miller were in the city on the week end.

The Elton Church is holding regular meetings this coming week.

Mrs. Patricia and Edna will be leaving on the 14th or 15th for their new home in Regina, Saskatchewan.

The ladies of the community are giving them a surprise party on Friday evening.

Edwin Grogan had a better day this week than he has for some time.

Alma, daughter of Mr. and Mrs. Walter Judd, will leave for Regina on the 14th or 15th.

We hope she will have a good time. Mrs. Albert Hall will be with her. We hope she is well again soon.

The School Trustee

SCHOOL TAKEN FROM a considerable part of the tax bill of most Canadian property owners, and whether they are directly interested in the education of the children or not, the operation of the schools in their community should be a matter of concern to them. While the taxpayer should, and very often does, have interest in the schools and give additional help and support when it is needed, it is the school trustee who carry the responsibility for the operation of the schools, the hiring and firing of their important officers affecting education in the community. An elected body, the trustee are the object of review and they are well known to the public and even when they are not directly interested in the schools and taxes to do they are for the public at large.

Agree Teacher Is Important

At the annual meeting of the Canadian School Trustees Association, held recently in Hamilton, Ontario, the trustees of the various schools in the province agreed that the teacher is the most important factor in successful education and that the school buildings and equipment are secondary to good teachers in providing a good education for children. The importance of maintaining a high standard of education and the responsibility of the trustee at the expense of the taxpayer of the school was also stressed. The trustees are to be familiar with educational problems, and with the social problems connected with youth in their community.

Are Interested In Problems

People who are interested in education will find that the most part agree with the opinions of the trustee in these matters. No matter how large a school building may be or how much expensive equipment is provided, a poor teacher cannot educate the child. If there must be a change between building expensive schools or paying salaries which will attract able teachers there is no doubt but that the choice should be for the good teacher. It would be better to have a few more teachers than to have a few more buildings. It is no doubt one of the duties of the trustee to make decisions of this kind. It is interesting to learn the trustee of the Canadian School Trustees Association are taking on this and other problems connected with education at this time.

Farmers Advised To Use Licensed Canadian Wheat

WINNIPEG.—A plea to Manitoba farmers to maintain the high quality of Canadian wheat in world markets by growing licensed varieties was issued by representatives of the Manitoba department of agriculture.

They issued an article by Dr. J. A. Anderson, chief of the bureau of plant diseases, which was distributed to all wheat growers in the province. Anderson stated that the quality of Canadian wheat is one of the main reasons for its high reputation in world markets.

Dr. Anderson explained that a variety acceptable in the United States is also acceptable in Canada. He stated that the quality of Canadian wheat is one of the main reasons for its high reputation in world markets.

Early Settlers Would Be Astonished At The Diversified Business Run By Local Merchants

A new Canadian settler of 1880 set forth in his journal a description of the average prairie house at that time as "a dwelling of logs, hewn smooth on both sides, then well plastered between the logs." Under the floor of such a house, he said, "a cellar for logs, hewn smooth on both sides, then well plastered between the logs." Radolph Brimley, Mrs. F. Rafter and son Willie were in Calgary today to visit Mrs. Rafter's brother who is very ill in his convalescence.

Mr. and Mrs. J. E. Clark left Saturday on a vacation trip to the south-western states. They are motoring and plan to go as far as Los Angeles, New Mexico before turning homeward.

Struck in the left eye by a stick while at play in school yard, Don Way, young son of Mr. and Mrs. Fred Way, was taken to Lacombe for surgical treatment. It was necessary to put two stitches in the eyelid, but sight of the eye will not be affected, we are glad to learn.

Week-end visitors with Mr. and Mrs. J. A. Marshall and Mr. and Mrs. E. H. McKinnis were Mr. and Mrs. Ralph Lawrence of Calgary, Mr. and Mrs. Bill Davidson and Grand and Mrs. Sam McQueen, of Calgary.

Herman Schultz and Colin Grant appear to have had an interesting experience getting home from the store with new cars which they drove from the factory at Windsor. First conditions were very bad and they had much time and had to drive many extra miles.

Parties will soon be in display as celebrating the second annual Students' Union Victory Day. To be held this year on April 26 and 27. The young folks are preparing a program which they believe will be even better than last year's when many were unable to give attention to the high school.

Last week on the weather front this time went to great was that the mercury would set its non-die on Wednesday and herald a trend towards more reasonable temperatures. Since the week-end those have been in the grip of raw, chilly weather, in marked contrast to the delightful days of last week.

Mr. and Mrs. Frank Wells left on Friday for Windsor to take delivery of a new light delivery truck.

Mrs. Bert Williams of Calgary was here for the week-end, visiting at the home of her sister, Mrs. Bert Brown.

Cpl. Paul Chrysler, war R.C.M.P. officer, was called in Vancouver Wednesday by word of the death of his father.

St. Peter's Anglican W.M. will hold their regular meeting on Wednesday, April 26, 8 p.m., at the home of Mrs. Fred Sykes.

Herman Shultz of Victoria, B.C., arrived last week and is with his brother William who is currently ill in Toronto hospital.

Mr. and Mrs. Emerson Jarvis, who have wintered at Victoria, arrived on Monday. They will be leaving in a few weeks for Grande Prairie.

Mrs. J. H. Pearson underwent a major operation at Lacombe Hospital on Saturday morning. Her condition was reported to be quite satisfactory on Monday.

JACKSHAW'S
IDEAL WEATHER FAVORS
HATHING DELAYED HARVEST
Heavy dry and rather warm was
day of last week but some good
straw made toward satisfying the
many acres of early wheat here
under some delay.
Farmers are delighted beyond mea-
sure with this way the wheat is
sowing out, some say there is very little
loss and they agree that the crop
will be a very good one.
With a continuation of the fine
weather and the latest forecast
is favorable, it is expected by many
that this week will see nearly all
the crop taken care of.

Farming In Britain

FARMING HAS ALWAYS BEEN one of Canada's leading industries and is of great importance to the economic welfare of the country. In Great Britain farming has occupied a much less important place in the national economy, but nevertheless it has been made in the last few years to be the largest industry in the United Kingdom.

During the last few years there has been a great increase in the production of food and other products and they are continuing to grow at a much faster rate than in the past.

Show Extent Of Progress

One indication as to the extent of the progress which has been made in the farming industry in Great Britain is the fact that the output of the industry has increased by 10 per cent in the last five years.

More Tractors Are Now Used

One of the main reasons for the increase in the output of the farming industry in Great Britain is the use of more tractors. In 1947 there were 100,000 tractors in use in Great Britain, but by 1950 this number had increased to 150,000.

Safety On The Highway

WITH THE COMING OF SPRING there will be an increase in the number of cars on highways through Canada, and, regrettably, there will be a corresponding increase in the number of accidents. In spite of road signs, traffic regulations, highway police and other precautions, many accidents are caused by the carelessness of drivers. Many of these accidents are avoidable, and it is the duty of every driver to take the necessary precautions to avoid them.

Called Public Enemy No. 1

Recently the Bureau of Highway Safety of the State of Pennsylvania published a booklet entitled "Speed, the Public Enemy No. 1." While the booklet is a booklet, it is a booklet in the sense that it is a booklet that is not a booklet, but a booklet that is a booklet.

Speed Reduced To Death Rate

In states where the speed limit was 50 miles per hour, the death rate was 20 per cent lower than the average, while in states where the limit was 45 miles per hour the death rate was 43 per cent lower than the average. In Massachusetts, where the limit is 30 miles per hour, the death rate was 83 per cent lower than the national average.

B.C. Fruit Growers Use Shotguns To Fertilize Trees

PEITCHCO, B.C.—As far as fruit farmers are concerned, the birds and bees are obsolete. Farmers in British Columbia's Okanagan valley now fertilize their trees by shotgun. It is not an silly idea. From about 10 to 15 pounds of shot are fired into the air, scattering the shot in all directions. The shot is fired from a shotgun, and the shot is fired from a shotgun.

More Fertile Soil

WHEN THERE IS DISCUSSION regarding ways to increase world food supplies, the need of preventing erosion and of increasing productivity of the soil is always prominent. In almost all agricultural countries, however, less than 10 per cent of the soil is put to use for crop cultivation, the use of fertilizers, irrigation, and other methods of modern agriculture. However, there remain great tracts of land which would be suitable for the growing of crops but because of lack of moisture in the agricultural soil, the soil is idle and unproductive.

Science Has A New Discovery

It has not yet been produced at a price suitable for general use on agriculture but it is expected that it will be in the future. It is a new substance which will be used to prevent the soil from becoming too dry and to prevent the soil from becoming too wet. It is a new substance which will be used to prevent the soil from becoming too dry and to prevent the soil from becoming too wet. It is a new substance which will be used to prevent the soil from becoming too dry and to prevent the soil from becoming too wet.

May Benefit Soil Greatly

It is a new substance which will be used to prevent the soil from becoming too dry and to prevent the soil from becoming too wet. It is a new substance which will be used to prevent the soil from becoming too dry and to prevent the soil from becoming too wet.

Early Seeding May Prevent Damage By New Rust Threat

WINNIPEG.—The year's early seeding season may be a break for the wheat growers of the west. The new rust epidemic and the grain fields get enough spring moisture to put them in a position to seed early. They will likely seed the grain before the rust has had time to get into the fields. Tiny Baby In Alberta Makes Medical History

MECHANIC HAT, ALB.—Baby Gary Anderson does not know it yet, but he is the smallest baby ever born in Alberta. He weighed only two pounds at birth. He was born on May 1st, 1931. He is now three months old. He is the smallest baby ever born in Alberta. He weighed only two pounds at birth. He was born on May 1st, 1931. He is now three months old.

Conversation Barriers Surmounted By Signs

PENITENCE, C.B.—The act of conversation, though seemingly unimportant, is one of the most important factors in the life of a man. It is the only way in which we can express our thoughts and feelings to others. It is the only way in which we can learn from others. It is the only way in which we can grow as individuals. It is the only way in which we can grow as a nation.

WINNIPEG.—The year's early seeding season may be a break for the wheat growers of the west. The new rust epidemic and the grain fields get enough spring moisture to put them in a position to seed early. They will likely seed the grain before the rust has had time to get into the fields. Meet Thursday To Discuss Question Of Area's Future

All residents in the area in which children are housed to school in Bashaw will have the opportunity to discuss the question of whether Bashaw is the area most suitable for the children to be housed in Bashaw or whether it is better to have the children housed in other areas.

There is much to be said for and against such a proposition, and at the meeting the citizens will have the opportunity to express their views. The meeting will be held at the Bashaw school at 7 o'clock on Thursday.

Grandmothers Honored at Tea

Bashaw Women's Institute held its annual Grandmothers' Day tea on Tuesday afternoon at the hotel. The tea was a success and the women enjoyed the afternoon very much.

A party lunch was served by the lunch committee headed by Mrs. F. F. Schell and Mrs. J. D. Schell. The party was a success and the women enjoyed the afternoon very much.

Small gifts were presented to the guest grandmother present (Mrs. P. Harvey of Calgary, B.C.), the youngest grandmother present (Mrs. L. Schell) and the grandmothers with the most grandchildren (Mrs. F. Schell and Mrs. J. D. Schell).

Bashaw and district received thousands of tons of rain on Friday last, which made it necessary to postpone the high school track and field meet for that day.

The most to be heard today (Wednesday) and the weather promises to be highly satisfactory, with sunny, clear weather and temperatures climbing to 70 or more.

It was of course unfortunate that last Friday's weather was not suitable, but the committee is certain that the meet will proceed with very little interruption.

An interesting matter in this district was Rev. Taylor, who was stationed here briefly in 1910. He was the Methodist church building, now the United church, was being erected. Mr. Taylor resided in Ontario, but called on Mr. and Mrs. Clio Sharp on Saturday night when he was on his way to visit his wife, who was accompanied by a number of friends, as well as many of his former pastor.

FARM TRACTORS OVER THE WORLD

While North American farmers own two-thirds of all the farm tractors operating in the world, that continent has only 18 per cent of the world's acreage and 10 per cent of the world's population. This means that for nearly half of the world's arable land, most power is derived from five per cent of the tractors in the world. In Great Britain the farmers have one tractor for every 40 acres of land, a record not equaled anywhere else in the world. Switzerland, New Zealand, United States, the Netherlands, Sweden and Norway Germany follow in that order.

Canada has one tractor for every 100 acres of arable land, and the far west has only one tractor for every 2000 acres.

World tractor production last year totaled 1,000,000 machines.

CANADA SPENDING FOR ROADS

Per capita expenditure on highways in Canada is only slightly lower than in United States, the main reason being of statistics received.

In Canada the average cost on highways during 1940 was \$20 in the United States the per capita outlay on state highways, county and local roads was under \$20 in the same year.

Per capita expenditure ranged from a low of slightly over \$10 in Manitoba to almost \$24 in Alberta and Nova Scotia.

Following are the averages in each province: Newfoundland, \$11; Prince Edward Island, \$20; New Scotia, \$24; New Brunswick, \$24; Quebec, \$14; Ontario, \$20; Manitoba, \$10; Saskatchewan, \$11; Alberta, \$24; British Columbia, \$20.

GOOD PLOWING—
fast!

Here's a handy
5 Farming machine.
Saves the No. 8 Plow
pulling by itself.

with No. 8 PLOWS

The McCormick-Dearing No. 8 has long been the yardstick for measuring the best in plow performance. These plows can be depended upon to turn good furrows in all kinds of soils. Their rugged construction and proved design withstands the strains of plowing behind modern, fast-moving tractors. Ample clearance under bottom and between bottom bars allows a thorough job of turning and covering heavy growths of stalks, weeds and green corn. Easy to adjust — easy to handle in any field — the No. 8 Plow is the kind of work particular plowmen like.

Come in and see the line of McCormick-Dearing Plows in our store. We have them in sizes to fit all types of farms, soils and power.

Miss H. Dorn of Edmonton, former member of our school staff, was a week-end visitor with Miss E. Galt.

Mr. and Mrs. Earl Irish of Portland, Oregon, are visiting at the home of the former's sister, Mrs. Gordon Taylor.

John Galt is getting about on a pair of crutches following a stay in hospital having an old injury to his leg.

The departmental exams begin on Friday at the local high school, and are to be held in last issue. Anybody got a good hearing aid to sell?

Mr. Ida Brauch of Calgary is visiting with her sister-in-law, Mrs. Marshall Brauch, for a few days and will also be visiting other relatives while here.

Russell Miller of Seattle has been a visitor at the home of Mr. and Mrs. Harry Miller for the past week. He also visited in Red Deer at the home of another brother, Leon Miller.

Mrs. Harry Ford returned Friday after spending several days with her daughter and family at New Norway. Mrs. Ford was recently quite badly injured when she fell down the steps of the Mainline hall at the downtown. A double wheel chair was sent to her home and she made a short stay in hospital necessary.

It seems like it has been raining much the time of the past week. There are no ball games to report in this town, and the baseball field is so soft that even the construction crews have been getting bogged down. Farmers have been unable to work in the fields and the weather bureau believes that Wednesday will see a return to drier, and also warmer, weather.

Critically Hurt In Tractor Accident

His horse was frightened and he was run over by his tractor when he was passing over a fence, fracturing the lower leg in eight places. The tractor was crushed, but he remained unconscious until he was given assistance at the hospital for a serious condition.

The failure of the tractor's clutch to release when it was being backed in order to attach an implement resulted in the being launched over a fence, fracturing the lower leg in eight places. The tractor was crushed, but he remained unconscious until he was given assistance at the hospital for a serious condition.

Two years ago Axel, who was formerly a farmer near town, was nearly killed when struck by a tractor being pulled from the ground by a tractor.

We'll Be Seeing You Dominion Day

Tuesday night is Dominion Day and also Bashaw's big annual Sports Celebration. This year the celebration is again being jointly sponsored by the senior and U.F.W. and men of both organizations are giving of their best to make the day one to be remembered for the high standard of former years.

This year the day will seem to be some thing more than the weather, but in thirteen years that your Editor has been with you has not seen one Dominion Day on which there was a fall program of sports and entertainment has been lined up and the spectators should be well pleased to attend the various events. Baseball and football—some games in all—will also keep the most hard luck crushed, and for the junior sports will be the usual program of foot races, Bob Miller prize.

A new attraction this year will be the Bashaw Band. This fine group will play the best music for the big parade at the time of the day program in the afternoon.

At night the big program in Edin's hall will attract what promises to be a very happy day.

HOME & SCHOOL ASSOCIATION

The June meeting of the Home and School Association last Thursday evening through not well attended, made it all realize that the members of our group, with the help of others, had a very successful season.

We wish to extend to all our members and friends of our Association a warm welcome to the future spirit of co-operation at all times and hope that we can start our work in the same fine spirit and with the same enthusiasm.

Respectfully, The Secretary and Committee of Bashaw Home & School Association

Wedding Anniversaries

MR. and MRS. JOHN HILL
On Saturday evening last, Mr. and Mrs. John Hill celebrated the fifth anniversary of their marriage at their home for a party of friends and family. The occasion was marked by a five-course dinner and a five-course cake.

MR. and MRS. CHARLES C. WATSON
On Sunday last, Mr. and Mrs. Charles C. Watson celebrated the fifth anniversary of their marriage at their home for a party of friends and family. The occasion was marked by a five-course dinner and a five-course cake.

The young couple took up residence in Bonita Drive district last in 1928 moved to Bashaw where they have since resided.
All members of their immediate family were present at the festivities, including their daughter Mrs. Walter Jackson and three sons, Harmon, Fred and George. Also present were Jack and Douglas Watt, David and Jack Jackson.

Mrs. Watt greeted the guests with a great meal with a variety of delicacies. The table, set with gold-trimmed dishes, was a beautiful display of the family's fine china. The guests were entertained by a five-course dinner and a five-course cake.

A buffet luncheon was served to the forty-four guests.

NEW UNITED CHURCH MINISTER TO BE INDUCTED JULY 1st

Rev. Mr. Forrester, who has been preaching as temporary pastor in the United Church congregation here last week, will be formally inducted on Thursday evening, July 1st, at 8 p.m. A social hour will follow the induction. Mr. Forrester will conduct services on July 8th before leaving on his home's holiday.

TO HANDLE MAIL ON BUS

Apparently in response to comment made by the Village Council as to the poor mail service being given points on the C.N.R. between Bashaw and Edmonton, comment is made with the fact that the Bashaw bus is handling first-class mail and daily newspapers.

It is to be given sub-subsidiary Mondays and Fridays and they were married in last December. This does not promise to help with the heavy mail in the middle of the week when it is so of very comfort to the Star in getting its weekly news dispatches.

Rainfall Figures Above Last Year's

Planner statistics of the area told us that the crop weather had summer and so far this year has been better than last year's. It is raining in the winter which prevailed in the early months of the season.

The winter weather of the past month has thoroughly soaked the soil, and farmers and gardeners are looking for the soil to be clear and the sun set at their fields and gardens. Some crops are reported to be turning yellow, and garden stuff such as cucumbers, which are sensitive to moisture conditions, are turning to mush and are being reported to some cases.

Steele Grate Ltd., through its local agent, Tom Wilkins, supplies some interesting figures. The local snowfall in April last for the year stands at 1.33 inches. This is nearly three inches above the long-range average for this date of 4.66 inches and some 1.66 inches more than this year at this date, 6.31 inches.

Here is how the rainfall has been recorded this year:

	Inches
Total for April	1.13
" May	1.18
" June	2.1
" July	1.0
" August	.8
" September	.4
" October	.4
" November	.4

Due to the muddy conditions of many of the district roads, Mr. Helms has been forced to frequent use of the school bus on the round trip and use his car to pick up one section of the children.

Mrs. Frieda Bell and children, accompanied by Mr. and Mrs. Thompson, returned to Poncha on Saturday to visit her mother Mrs. Raba and family.

The marriage is announced of Mrs. John Lehnauer and daughter, Mrs. John Lehnauer of Big Valley, who is now residing in the area, and Mr. Wallace Phipps of Metcher, on Friday, June 18th, 1933. They were married in last December.

Mr. J. T. Hargrave officiating. Mrs. Stan Ryznar and daughter, of Edmonton, and Mrs. Campbell Jones of Calgary, were present at the Bashaw home.

BASEBALL

Bashaw 11, Delburne 9
Delburne, who had been expected to give the Bashaw team a hard fight in Wednesday evening last, proved a team 11-4. The game was interesting only because of the erratic fielding of the home team. The visitors, who came in from the city, were the only ones of Bashaw's old-fashioned pitcher, who had the visitors in his pocket all the way, had great control and showed a real pitcher's stuff.

Bashaw was able to secure only four hits, two of these coming off Lorenz Albert's bat. The visiting team were wild and their fielding was poor. None of the visitors were earned.

Score by innings:
Delburne 000 000 0 1 7
Bashaw 11 4 11 4 0
Batteries—Poncha, Long and Hays; Brown and Pomeroy. Umpire, Hays.

FIRST PLACE AT MEETING CUE

Bashaw brought home first money from the Meeting Cue sports on Thursday. Their sportsman was with Bashaw 7-0. The visitors were in his team good game and got a 5-4 decision. Bashaw showed signs of getting his hands on the visitors when he hit them on the head with a triple and double to help the team. Bashaw finished 11 Keltay batters.

In the final round the team against Donalds and had a second job while his team scored eight runs, as against Donalds' three.

Henry Hays, who had himself as a triple and single, Albert and Fred connecting each for a double and single.

First game:
Bashaw 610 100 2-0
Delburne 000 00 3-0
Batteries—Kennedy and Thoms; J. Haysman and J. Hunter.

Final game:
Bashaw 100 00 181-0
Delburne 000 00 3-0
Batteries—Brennan and H. Hunter; L. Haysman and J. Hunter.

BARKEWAS MAIN STREET TO TAKE ON NORTH PAVEMENT

This week the town's business owners on the main street are installing new signs identifying their places of business. Up to now the signs have been the only ones as marked, but Modern Highway has ordered a large one from the city to be on the corner where the town's business owners are.

The new signs will add the present of improved, the hotel, theatre and the bakery.

With its modern street lighting, the new signs will make the main street resemble Broadway more than the old.

Word has reached The Star of the death at Burnaby, B.C., on the 6th of Jan. Hans Merriam, in his 8th year. He is survived by his wife, one daughter and one son.

Mr. Merriam was well remembered at Bashaw about six miles northwest of the town. He was a native of the town. He was also a hardware business in the town. He was a member of the town's business owners.

His family took up residence at the Coast.

Mr. and Mrs. J. Z. Cammidge are
spending a short holiday at the Coast.

Mr. and Mrs. F. Little left on Thursday for
Edmonton, where she will visit with
her daughter Anne.

Rev. Father Clement of Edmonton
was at Mass. at St. John's, St. Pierre
from Sunday to Tuesday.

Mr. and Mrs. Gordon Spivack and
children, of Calgary, spent Saturday
afternoon at the home of Mr. &
Mrs. Bob Miller.

J. M. McCutcheon had to return to
hospital at Chateau Thursday last,
the eye which was injured some weeks
ago having become inflamed.

Very Windsor, member of Golf Soci-
ety, to it who was injured last week
by having him blown into his eye
while drilling a hole into a wall, has only
recently recovered sufficiently to return
to his work. He lost the sight of one
eye, but on Wednesday last was in
town to pick up his father and is now
back with his mother at Cardston.

A farewell party was held Friday
evening last in the Catholic church
hall in honor of Mr. and Mrs. J.
Charlton, who are now to take up resi-
dence at Dokalet, N. C. Dokalet
made presentation of an electric clock
on behalf of the many friends they had
made in their rather brief stay here.
Cards were played and a lovely lunch
was served at the conclusion.

Mr. and Mrs. Norman Holt and
family moved here on Saturday from
Kamloops. They will be Bashaw resi-
dents once more. Welcome home!

Mr. and Mrs. Edwin Peterson and
family, of Edmonton, were weekend
visitors at the home of Mr. and Mrs.
J. E. Peterson. Barry remained to
spend a week with his grandparents.

Haliday hours will be in force at
the Post Office on Dominion Day, July
1st—Tuesday next. Being a holiday, mail
will be closed all day.

Calgary Power Co. trucks were dead
between 2:15 and 7:45 Wednesday
morning and as a result this has
been a bit late in making the street.
Repairing has been delayed for the break.

The first bridge was called Son-
day night about 19:15 to the A. Mar-
shall residence where the basement
was found to be full of smoke. Be-
fore anyone could be used it was
found that a spark from the fire-
place in the living room had found
its way down the ash-chute and la-
zaret in the living room had found
back.

Last Wednesday's C.N.R. passenger
train was involved in a head-on colli-
sion a few miles south of Chateau
with a northbound freight. A student
framed on his first run was killed
and some injuries were sustained by
one of the engineers. It is believed
shortly after noon Wednesday,
the train and engine 102 struck the
following morning.

Record Crowd Enjoys Dominion Day Fiesta Here

There is only time to give a rather sketchy résumé of the many activities in connection with Bashaw's twentieth annual Dominion Day celebration on Tuesday, jointly sponsored by the Elks and Legion. The weather, which had been most uncertain for many weeks, stagnated out in noble fashion and a well-nigh perfect day favored the event.

The crowd was even better than last year, with about a thousand adding to the turning out and far more than that number of juveniles getting in for fun.

The parade began practically on time, which was a marvellous accomplishment in view of the unusual delay it was definitely a big attraction and highly considered the best yet to be held here.

Arthur Strass band was at its best with a sprightly group of balalaika-traveling musicians leading the way.

There were a number of attractive floats, many driver individuals, and a tremendous display by local amateur and musical groups.

The column was then followed with candies, oranges and even money (candy).

Amusements in this section will be published tomorrow.

**Electric Organ
Dedication Made**

Dedication of the new electric organ was made Sunday evening last at Zion Lutheran Church.

Rev. G. S. Barker of Estevan, led all of the new organ to the glory of God and the service of the Christian church, congratulating the people of Zion Church on having acquired such a fine instrument. He gave a most interesting history of the development of the organ, which he traced back to a period somewhat before the birth of Christ.

After Father Prilling presided at the organ during the dedication service and Mrs. Verdie Schell, rendered.

The organ was also blessed by several sacred numbers, choruses and a ladies' two-part number.

Father Prilling, in a brief address, said glowing tribute to the generosity of the many in the congregation who had made possible this noble gift to Zion Church.

The new instrument is a Hammond electric organ, with two manuals and pedal keyboard. It is beautifully cast in dark walnut and has tone of rich pipe organ quality.

The new organ represents an investment of some \$2,500.

SOME GREAT BASEBALL

The first two baseball games did not prove to be as closely contested as the crowd hoped, but the first game more than made up for this disappointing. The multitude of fans will be taking for weeks of the lightning-fast work of these two evenly-matched sides. The two were locked in a close and the last two innings were played in poor light, it was only out of consideration to the safety of the players that the game was called at the seventh inning.

Down 3-1 when they went to bat in the sixth, Harry Henschman, the sixth, brother Jim singled him to third and he scored on catcher Terry's safe drive. With the squeeze play on, Jim missed an attempt to throw back the catcher could not hold the ball and Jim scored standing up.

IN THE ARCADE BRIDGE DOES HE REPLACE?

Since the spring floods on the Red River over the bridge at Arden, this district has suffered a great deal of inconvenience through the loss of rail connection with Calgary. It has been taken quite for granted that the bridge would be rebuilt—that is, until just recently.

The local chamber of commerce has been endeavoring to persuade the city to improve its present inadequate service, and a letter recently in reply not only holds out no hope but actually suggests that rebuilding of the bridge is not being considered.

This point is a very serious question for people served by this railway branch. If the suggestion contained in this letter is seriously, it would be in order for the communities concerned to demand a show-down.

Gottlieb Hensch Came Here In '95

Bashaw district lost one of its best settlers and a good man who was passing on Sunday, June 14th, at Gottlieb Hensch at the advanced age of 81. Mr. Hensch had been a resident of the district for over thirty years.

He was born November 8, 1871, in Volga, Russia. He came to Canada in 1895 and settled in the district in 1905.

He was married April 21, 1906, to Mary Elizabeth Hensch, nee Winkler. They had three children: Mr. Hensch, his wife, and their daughter, Mrs. Winkler.

Mr. Hensch was a member of the Lutheran church and was a very active member of the community. He was a very kind and generous man.

He was a very good father and a very good husband. He was a very good neighbor and a very good citizen.

He was a very good man and a very good person. He was a very good friend and a very good neighbor.

He was a very good man and a very good person. He was a very good friend and a very good neighbor.

Rayne Schultz Back To Canada

(Special to the Star)

On June 20—Flight Lieutenant Rayne Schultz, pilot of the Canadian military aircraft, has arrived back in Canada after two years in the United Kingdom.

P.L. Schultz has been on exchange duty in the United Kingdom with the Royal Air Force since May, 1930, serving at the Central Flying School, Farnborough, West Hampshire, where he flew many different types of aircraft. P.L. Schultz is posted to the Operational Training Unit at North Bay, Ont.

During the second World War P.L. Schultz served with No. 418 "Cougar" Squadron. He had the distinction of being the squadron's most successful pilot, destroying eight enemy aircraft. In December, 1942, P.L. Schultz was awarded the D.F.C. following a night when he and another pilot in quick succession over the sea in May, 1942, shot down a German bomber.

P.L. Schultz has been flying with the "Cougar" as they started their second tour of service in the United Kingdom. The squadron was reformed in December, 1942, equipped with the Vampires jet fighters.

P.L. Schultz married the former Miss Elizabeth Schultz, nee Winkler, in 1940. Mrs. Schultz, with their daughter Kathleen, returned to Canada with him last week.

BASHAW AND DISTRICT CHAMBER OF COMMERCE

Rev. R. W. Prilling advised that he has been from Dr. Craig that he would not be attending the service here. Dr. Craig is quite as disappointed as we are at this time, but suggests that we just begin.

Death Claims Another Oldtimer

WILLIAM SKODE
William Skode, 87, retired bushman, farmer, passed away in Red Deer on Monday morning, July 24. He leaves to mourn his passing, three brothers: Fred (Bashaw), Herman (Vancouver), Oscar (Edmonton), also four sisters: Mrs. A. P. Fuchs (Bashaw), Mrs. M. A. Kneibler (Edmonton), Mrs. O. W. Nelson (Bashaw). "Bill," as he was commonly called, was an old-time resident, the family having come to Canada from South Dakota in 1880. They first settled in the Water Glen district, three years later moving to the Bashaw district where he grew up and as a young man started farming. He continued to do so until his retirement. After retirement he still continued to live on the same place.

In March last he was stricken and taken to the University Hospital, Edmonton, where he was operated upon and became somewhat improved in health. During the last few days he went to Red Deer to stay with his wife, but later was taken to the Red Deer hospital where he passed away.

The pallbearers were his nephews: Cecil and Norman Shannon, W. A. and Ben Kneibler, Gilbert Falt and Alton Nelson.

He will not be able to play a game of golf for some weeks.

Don Whitney and Bob Brown left Friday night on a motor trip which will take them as far south as Mexico. The boys are travelling in a light truck and have sleeping bags and camping equipment which will permit them to, if they so wish, visit across off the beaten track.

As a means of raising some money, the Girl Scout Council is raffling a fishing rod and reel, valued at \$20. The draw for this is to be made Saturday next, July 19th, as it would be well to get your money down on this little piece of fishing equipment. Girls are asked to please turn in their ticket soon.

The weather, while favoring the rapid growth of field and garden crops, continues to bring the occasional shower, but so far this district has escaped the hail storms which have flattened crops in other parts. About 9:30 p.m. Monday a wild thunderstorm crossed over and a transformer in town was damaged so that about half the village was in darkness until the morning when some considerable amount of hail damage at Poncha, report says.

INFRATECHS OF J.A.R. ACT
Both an employer and an employee pleaded guilty to contravening the Unemployment Insurance Act Thursday morning at the court here being heard by Magistrate E. M. Robertson. K. C. Fitzpatrick prosecuted.

The employer (M. G. Nelson) failed to return the unemployment insurance books of his employees at the end of March last. He had been warned for similar neglect a year ago. A fine of \$20 including costs was imposed with the alternative of 30 days.

Ronald A. Stirling of Galt pleaded guilty to having made false statements in regard to unemployment. He had declared he was unemployed last spring when in fact he was farming. The amount of unemployment insurance benefits which he received was \$21 and it had been previously refunded in cash to the Commission.

He was fined, including costs, \$25 and was given until July 31 to make payment. Thirty days in default of \$100 fine.

A World Problem

World's Greatest!

PUB SOME TIME HOUSING has been a major problem in nearly all parts of Canada. Since the war many thousands of homes have been built, but in spite of the increased activity in building, the demand for homes has not yet been fully met, and there is still need for many new homes, especially those designed to meet the needs of families with moderate incomes. It is interesting to learn that Canada is not alone in having housing problems at this time. A recent report by the United Nations on world conditions, says "there is no country without a housing problem" and in some parts of the world the situation is worse. In Europe the situation is, in fact, so bad that 4,000,000 homes were destroyed during the war. If the housing industry were to double its present output of 200,000 units a year, it is estimated it would take twenty-two years to meet the need for housing there.

In Need For Many Homes

Because the problem is so acute in Europe and in the Middle East, we are reminded that in some parts of the world the housing problem is actually greater than in Canada. Long-range planning here would have been as advantageous as it would also be elsewhere. The world housing program ranges from building more homes in a country like the United States, to proper housing in the Third World. The United Nations report also shows, among other things, that housing is a world problem at this time, and that there are other countries more seriously affected than our own.

Point To Need For Planning

Such planning would enable the building trades to foresee the needs and to be able to fulfill them. In the past, the housing industry has been in a position to build what it wanted to build, and in some cases, it has been in a position to build what it wanted to build, and in some cases, it has been in a position to build what it wanted to build.

Canada To Double Output Of Uranium Next Spring

Basic Atomic Ingredient Will Come From Nevertop Property in Northwest Territories

OTTAWA—Canada has set next April on the largest date for the opening of new facilities that will more than double her output of uranium. The United States is expected to get a substantial part of the new production, on the U.S. Atomic Energy Commission indicated in a report issued recently in Washington.

The new production is being made by the Nevertop property in the Northwest Territories. It is the only uranium mine in the Northwest Territories. The mine is owned by the Canadian Atomic Energy Commission. The mine is located in the Northwest Territories, near the border with the United States.

The U.S. report reiterated the statement that the American atomic energy program is a long-term project. It is a project that will take many years to complete. The U.S. report also stated that the American atomic energy program is a long-term project. It is a project that will take many years to complete.

Egg Business Is Big Business in Canada

—\$100,000,000 Industry

(By H. L. Jones)

OTTAWA—More than 10,000,000 Canadian hens are laying in the time of some 400,000,000 dozen eggs a year. That adds up to around \$100,000,000 annual sales for the egg industry.

The federal Bureau of Statistics has just come out with figures showing that the egg business in June of this year was the previous month, but still better than last year. In June, 1962, average production per hen was 1.21 eggs in May and 1.13 eggs in June of 1961. The Bureau didn't give the reason for the increase, but it is a good thing to know.

Miss John Tait, who is attending summer school at Edmonton was home briefly at the week-end.

John Karverman, employed by the department of highways at Edmonton, was home at the week-end.

Mr. and Mrs. Victor Hartley and boys, of Calgary, are visiting at the home of Mr. and Mrs. R. Hess this week.

Mr. and Mrs. Ralph Lawrence of Edmonton were Sunday visitors at the home of Mr. and Mrs. J. A. Harman.

Little Larry Simon, who was a patient for five days in Punks hospital, returned on Wednesday. He underwent a minor operation.

Miss Norma Blaney has accepted advice that she has been offered for training at the Holy Cross hospital in Calgary. She will begin her nursing course on September 2.

Ernest Stundt, married to Edmondson on Friday, returning Sunday with his wife and children. Mr. Stundt has returned to Edmonton in readiness to move household affairs to Banff.

The Chamber of Commerce is investigating certain complaints on the part of district residents who feel that they are not being treated fairly in reason of the apparent delay in finishing work on the highway line in this area. There should be more to report on this subject.

"Bud" Fessler, who performs with the local bull team and the department of highways survey crew, was called to Banff last week when his mother had to undergo a very serious operation. His many friends are indeed glad to hear that the operation appears to have been quite successful.

Graveling has commenced this week on the new highway being built from Bashaw north to Erick, west of Camrose. The contract has been awarded to a largely local group headed by John Bolcher and Walter Jackson, who have fine local operations at present. The gravel comes from a big deposit at Fortin and along with being hauled some fourteen miles the progress may be slow at first.

Mr. Herman H. Schultz of Bashaw and Mr. and Mrs. E. Westlund of Edmonton attended a program presented by the Ladies' Lutheran Club of Elbow, Sask., in the Swedish Lutheran church at Meeting Creek on Saturday evening. Mrs. Hugo and daughter Carol, of Elbow, were among those in the choir. Mrs. Hugo is the sister of Mrs. Schultz and Mrs. Westlund. Other members of the choir were former schoolmates of the two ladies.

Nine members of the Wells family, originally of the Mallock district, were present, along with their families, at a big family reunion held at Coll Lake on Sunday. Those attending included Mr. and Mrs. Chas. Wilson and family, of B. Hilda, Calif.; Mrs. Lynn Wilson and Mr. and Mrs. Wilfred Wilson, of Edmonton; Mr. and Mrs. Paul Schultz and family, of Mr. and Mrs. Albert Wells and family, of Bashaw; Mr. and Mrs. George Wells and son, of Vermilion; and several others at the Bashaw home here and Mrs. Wilson returned to Edmonton with her.

a Little Want

SEPTEMBER

A Higher Standard

WHEN LABOR NUMBERS of citizens were undergoing physical examinations for entry into the armed services during the last war, it was found that many Canadians were suffering from malnutrition. This discovery led to a further study of the matter in various parts of the country and these investigations showed that in spite of the fact that Canada is known throughout the world as a land of plenty, there were many cases of malnutrition and of other dietary deficiencies from poor nutrition. At that time the country was emerging from a long depression and it was not until after the war that the situation improved.

Report Tells Of Advance

It was found, however, that all this suffering from the effects of improper diet did not mean that the Canadian people were living on a low standard, and that the lack of knowledge regarding food and nutrition was particularly serious in the case of the poor and the uneducated. Many of the people who were suffering from malnutrition were also suffering from other diseases, and it was found that the Canadian people were not eating well, and that they were not getting the most out of the food that they were eating.

Increase Has Been Noted

A recent report by the Federal Department of Agriculture shows that the per capita expenditure of food in Canada in 1962 was \$74, while in 1961 this figure was \$70. The report adds that between 1959 and 1962 the expenditures for food per person increased by 28 per cent, while the cost of food in the same period increased by 140 per cent. This shows that the Canadian people are eating better, and that they are getting more out of the food that they are eating.

Railways Have Placed 4,500 More Box Cars To Haul Grain

WINNIPEG — Canadian railways have placed 4,500 more box cars in the western grain belt this year to carry the grain harvest, according to a report from the railways. The report says that the additional box cars will be used to carry the grain harvest, and that they will be used to carry the grain from the farms to the grain elevators. The report also says that the railways have placed 4,500 more box cars to haul grain, and that they will be used to carry the grain from the farms to the grain elevators.

Find Head-Hunters Of Amazon Friendly

LIVERPOOL, Eng. — Sebastian Shaw, 25-year-old adventurer who claims to have discovered the head-hunters of the Amazon, reports that he found the head-hunters of the Amazon to be friendly. Shaw says that he found the head-hunters of the Amazon to be friendly, and that they were not the vicious creatures that he had heard of. Former Relief Areas Of Alberta Now Prosperous

Special Areas of East-Central Province Now Have Rural Population of 12,512

By the Canadian Press
Fourteen years ago much of the population of east-central Alberta was burdened with debt and harassed by soil erosion and drought. Today these same districts, which now make up the province's Special Areas, support a thriving population of grain farmers, ranchers and stock raisers.

From 1951 to 1964, residents in the areas received direct relief of about \$1,000,000. In 1961, the total direct relief to the Special Areas was \$1,000,000. The Special Areas now cover 10,000 square miles and have a rural population of 12,512. A figure that is a far cry from the 1951 figure of 1,000.

The Special Areas were organized to assist farmers and ranchers financially and agriculturally and to control settlement in the land. The areas were organized to assist farmers and ranchers financially and agriculturally and to control settlement in the land.

Mrs. Ray Whitney is an Edmonton visitor this week.

Mr. J. C. Peterson, 311 Chippewa Street, will be in Banshaw on Tuesday, Sept. 25.

Mrs. Annie Shumaker was a Sunday visitor at the home of Mr. and Mrs. Jim Zankhaus of Edmonton.

Mrs. and Mrs. E. A. Peterson and Betty of Edmonton, spent the week-end here at the home of Mr. and Mrs. J. C. Peterson.

Mrs. Vernon Leonard was hostess to a surprise party of twelve on Wednesday evening last, the occasion being in honor of her husband's birthday.

Messrs. Ross McKinnon and Ken Treves, of Calgary, and Mrs. Jack W. Chalmers of Banshaw were visiting on Saturday with Mr. and Mrs. R. B. Chalmers.

Visitors at the Leach Bank home last week and this are Mr. and Mrs. M. W. Vetterling of Spencer, Idaho. They are the daughter and son-in-law of Mr. and Mrs. R. Chalmers.

The news that Simon school has been moved to Banshaw from Camrose did not cause any great stir here. The week-end that arrived here at the week-end to take place in the ruins of pioneer ruins decorating the local campus is not of course the imposing structures bearing the same name which was recently opened in Camrose.

ADDITIONS TO BROKENHEART TREASURES AND MEMORIALS

Following are additional floral and other tributes in connection with the obsequies of the late Chas. Shumaker reported in last issue. Flowers for the home—Banshaw Women's Institute. Memorials (W. L. Cemetery Fund)—Rocking Bay Community Club; Mr. and Mrs. Chas. Neilson; Mr. and Mrs. Bob Miller and family; Mr. and Mrs. Joe Dick and family; George and Kay Ulat; George and Edna; George and Mrs. Walter; Frank and Edna; Eric and Doris; and Mrs. Pat DeLoew.

The party was accompanied by the meeting and a delicious lunch served. The ladies with to thank Herbert Schell, Miss Ruth Schell, Schell, Henry Miller for providing transportation.

POPULAR MIRROR BRIDE-ELECT

SHOWN BY FRIENDS

One of the most delightful social affairs in a long time took place in the Mirror Theatre Hall on Friday evening, Sept. 15, when Miss Donna Jean Ray, popular young bride-elect, was honored with a magnificent shower.

Nearly a hundred ladies from town and district were present.

Mrs. Ray and her mother, Mrs. Lou Ray, and Mrs. Gillies, the groom's mother, were escorted to seats in the centre of the "Honey Moon Bridge" where their little Lane Ray and Patsy presented her with a coronet.

The evening's entertainment was a program of songs, dances and vocal solos in which several local friends of the bride took part.

A lovely lunch was served by the coroners, gift friends of the bride's acting as servers.

The highlight of the evening was the presentation of a miniature altar pillar to the bride by Misses Beverly Bessie and Georgia Perry, who were dressed as the groom and bride.

After the ceremony the bride and groom and their families in formal dinner and old-fashioned games. During the presentation, Mrs. D. C. Ray sang "O A Blythe (Catherine)"

Born for "Two."

Mrs. Lou Ray, Mrs. Wm. Gillies and Miss Stella Perry assisted the bride in unwrapping the gifts, which included a beautiful chest of drawers from the community.

Miss Ray warmly thanked her many friends.

Gift-covered guests included Mrs. Wm. Gillies of Canora, B.C., Mrs. Sam Hyslop and Mrs. R. Hardie from Edmonton.

Death Follows Threshing Mishap

While helping to thresh on the A. C. McFadden farm south of Bashaw on Saturday, Oct. 11, Larne Nixon, long-time resident of the district, sustained injuries which resulted in his death later in an Edmonton hospital. He was unmarried and 56 years of age. The unfortunate man fell to the ground when his team dropped and unexpectedly he fell on his head and shoulder.
A. C. McFadden, owner of the farm, and John Bolder, rancher the injured man to Lacombe hospital, where a very examination determined that his neck was broken.
He was then taken by ambulance to University Hospital in Edmonton, to be under the care of a prominent specialist, but death intervened about 11:30 a.m. on Tuesday.
As a family matter appears elsewhere in this issue.

THERE'LL BE NO MORE "OPEN" SATURDAY NIGHT

It makes one stay and think when it is realized that there will be just one more Saturday night this year when stores and other places of business in Bashaw will remain open after 6 p.m.
For seven years it has been the custom in Bashaw for business houses to stay open until 10 p.m. Saturday, but with the first of November this business is no longer desirable. A week from the coming Saturday (November 1st) the Saturday closing hour will be at 6 p.m.

BASHAW AND DISTRICT CHAMBER OF COMMERCE

Your Chamber of Commerce wishes to announce that Mr. Hickey, Inspector for the Alberta Highway Traffic Department, will come to Bashaw on Friday, November 14th, to discuss with the Chamber of Commerce the coming Saturday (November 1st) the Saturday closing hour will be at 6 p.m.
Anyone driving a car, truck or tractor should be licensed, and it is recommended that they have their own car, truck or tractor checked for good eyesight, quick reaction and other things necessary to make one a competent driver.
He will also show some films on Safe Driving. Please watch for these announcements.

* There never was a better time to "cash in" on used merchandise. Use "What."

ELKS HALL, FRIDAY, OCT. 27. PUBLIC MEETING.

Everybody come and hear Guy Ziegler of Edmonton tell his life story and give his testimony and memory, how God so mercifully delivered him from the alcohol and anti-Godly influences.
Music, song, service, suits, darts and more.
Everybody welcome. Come — and bring somebody. — 7:30

Fresh from the Grain Belt

Large grain shipments landed at the new wharves haven't the largest crop ever grown, an estimated 1,200,000 bushels of all types of grain. Over 30,000 tons of wheat and barley, part of this year's crop and enough to fill railway box cars, were unloaded from the lake ship to small transfer to motor cars by rail.

The largest cargo of Canadian grain ever carried across the Great Lakes by ship was unloaded from Canada's largest lake steamer, the A. C. McFadden, into Canadian Pacific Railway grain elevators at Port McNicoll recently.

Playground Benefit Financial Success

The benefit dance staged last Friday evening at the Elks Hall was a gratifying success. When all accounts had been taken, the committee in charge (George Hennessey and Joe Duff) found they had received \$141.26. This was further enhanced when Mrs. E. E. Campbell, who had won the dance prize, added that his value he received back to the fund. This made the available balance ten dollars greater, which was a nice gesture indeed on the part of the prize winner.

Proceeds of the dance go toward payment for equipment purchased therefor. It is planned to make additional equipment such as swings, rubber sandboxes etc.

The committee raises its thanks to all who so generously supported the dance. Special mention is made of the "donation" of the use of the hall, also the restaurant's contribution and the good work of those who sold the tickets.

REPLISH SHOWN IN UNSATISFIED JUDGMENT FUND

A total of \$203.50 has been paid to the Unsatisfied Judgment Fund from April 1 to Sept. 30, 1933, covering hospital and medical costs, as well as legal and other expenses. This leaves a surplus of \$147.50 over the one collected from motorists for the same period.
Expenditures over \$176.78 for judgments and costs; \$193.75 for hospital and medical expenses; and \$15.00 for legal and other expenses. Collections of \$1 for each motor vehicle for the same period totaled \$203.50.

At the time of the 1931 census there were 694,735 Canadians of age 20 and over eligible for the universal old age pension.

Local High School Issues Year Book

The new Bashaw High School Year Book has just been completed and is now being distributed. This latest issue, written and produced by the students' Union, is considered much the best effort of this nature and arrangements have been made to place them on sale at the drugstore in the very near future. The price is 15 cents and the higher price being for the special deluxe edition which is bound in leather.

The new Year Book is profusely illustrated with pictures of students and members of the High School teaching staff, also a view of the main school. The special cover design, the layout, the drawings for the department heads are the work of Joyce Leitch, Kacie Johnson and Paul Smith.
The Year Book has been printed here in Bashaw at the Bashaw Star and all photographs used were taken by the students themselves. So this makes it an all-Bashaw product, and there seems to be no reason why the school should not feel quite proud of the results of the effort.

Home & School Association

Those present at the Home and School meeting last Thursday enjoyed a very interesting and stimulating talk by our school principal, Mr. F. B. B. on the "New Psychology" and teachers can co-operate to develop effective study habits for home-ward. The other topic, "The proper procedure in handling complaints," was dealt with by Mrs. M. A. McFadden, results by all present. The general opinion on the new psychology, as indicated by this questionnaire, seemed to be that only important complaints should be discussed between parents and teachers or, if necessary, together with the principal. The principal, being all in their work—the parents, the teachers and the principal.
A committee of two was appointed to report at the next meeting. The committee will be in charge of the "What we see in Children or John P. school situation."

East Road O.K.

A very roadhouse report opened by M.D. Cunningham spent a couple of days or so last week on the road east from Bashaw. The Star is advised that this road is now in the best condition in years and the grade has been repaired from town to the J. W. Bach farm.
This is the stretch of road which has been recently complained about, and of which mention has been made in recent issues of this paper.

LOCAL W.O.M. CHAPTER OBSERVES FIRST ANNIVERSARY

Bashaw Chapter 1277 Women of the World celebrated their first anniversary Monday, Oct. 24. The senior representative of the chapter gave a speech which was followed by a film on Movietone, "The Old City." Pictures were taken of the members of the Chapter. A dance followed to entertain the visitors. A delicious lunch was served at 10 in the afternoon. Mrs. H. H. Hest, the hostess, had a very successful day. The chapter is to be thanked for the use of the projector and to Prudie Hest for serving some.

CARD OF THANKS

We would like to take this way to express our sincere thanks to the very many friends and neighbors who came in of love and others who were so kind and helpful to us at the time of and since the accident—Mr. and Mrs. J. H. Schlemmer.

Noted conductor, composer, arranger, and pianist, NIEL CHOTEN is applying with plans for one of his many musical arrangements for CBC. Equally at home with piano, originating with the BCAP days, and in the concert hall with Bach, Beethoven and Chopin, the versatile music-director is also the composer of "Him of Solitude," which was broadcast on a CBC Wednesday Night. At present he is concentrating his efforts on the Values of the Army show which returned to the air after its summer vacation, recently. It can be heard Tuesday and Thursday evenings on the CBC Dominion network.

Pen Terms For Theft and Robbery

Pleading guilty to charges of robbery and theft, Dennis Greenwood and his brother James, both of this district, were sentenced to serve two years in Provincial Jail, following by Magistrate E. M. Robertson. A third man, Steve Fraser, pleaded, but served one year in provincial jail at Fort Saskatchewan.

The trio were arrested near Lacombe on Tuesday morning and were immediately brought back to Bashaw for trial that afternoon.

Ralph Bailey Had True Pioneer Spirit

(Continued)
On October 18th, 1923, at 10 minutes before midnight, Ralph Bailey passed away at his home at Hopedale, Cold Lake, Alta.

Mr. Bailey was born near Monmouth, Wisconsin, U.S.A., in the year 1875 and was 48 years old when he died. Funeral services were held in St. John the Evangelist Anglican church in Grand Center on Wednesday, October 18th. He was laid to rest beside his wife who predeceased him some seven years.

Mr. Bailey came to Canada in 1891 and worked in a gold mine at Bonanza, B.C., near the present village of Banana. He farmed for 25 years in the Banana district and then became involved in the country business and operated a general store at Bonanza, B.C. There were successful ventures, but he was not satisfied with life in that area. When in Alberta that required a pioneer to develop.

In his travels through the Province he found a spot at the end of a railroad grade, where the station was the railroad completed and a thriving community developed. Here, in particular, with the aid of his own law, he proceeded to construct a community and a general store. This spot is named Grand Center. He purchased property, built a portion of a surveyed and registered as a townsite which he sold his friends upon any day he was thriving and prospering. His many adventures have been recorded, and his family held spot is now a live of history.

The great spirit, now in course of construction, is only about three-quarters of a mile from his dream spot. In connection with his own law, his own and Alberta's future prosperity at heart, we salute the memory of Ralph A. Bailey.

United Church Dedicated

The culmination of several years of planning was reached in the United Church here on Tuesday, November 13th, when the opening and Dedication of the new building which took place on Sunday evening last.

The time was instituted by Rev. S. P. Lewis and others some five years ago. A church which, with contents, is valued at \$10,000 has been completed. It is a beautiful church, architecturally planned and executed, and the congregation is to be congratulated on the result.

A debt of \$200 remains to be taken care of, and it is hoped that the will do so by the end of the year.

The dedication service was conducted by Rev. S. P. Lewis of Lacrosse, chairman of the Board of Trustees, and the Rev. Dr. Pringle, chairman of the Board of Trustees, and the Rev. Dr. Pringle, chairman of the Board of Trustees.

The guest speaker was Rev. Dr. Willett of Regina, principal of Albert College and this year president of the Alberta Conference of the United Church of Canada.

Dr. Willett made a strong plea for Christian "Christianity, pointing out some of the evils of the day for which we have a Christian heritage should endeavor to live up to the ideals of our fathers and by following out ideals which are worthy of our day.

Dr. Willett's address was well received and he said, "We should be better than the past, and we all share responsibility for the future. Our fathers established schools and churches and it is our duty to make the best use of them."

A Friendly Gesture

SINCE THE CARLY BAYS of the last were people of Canada and the other Commonwealth countries which were not affected by acute food shortages have sent food parcels to the people of the United Kingdom. Many have been sent also by individuals and organizations in the United States. There have been many expressions of appreciation from those who have benefited from the parcels and there has been a great recognition of the generosity of the people in other lands who have helped to make the long period of food rationing which has been the lot of the British people less burdensome.

Official gifts of gratitude for the food parcels sent to Britain during the Second World War is a fund which has been raised here to be used in the benefit of Commonwealth and American students in London. In 1949 by the Mayor of the Queen, who was then Governor Elizabeth, the fund now totals more than \$100,000. Present plans are to continue to build on this fund in London which will be used to provide for Commonwealth students who are struggling in London. The addition to include quarters for men and women students and for a school campus and for the first time the fund is to be used to provide for the voluntary help which comes to Britain from the American people during the war in the form of food parcels.

Those who participated in the sending of food parcels did so without thought of receiving thanks but it will give pleasure to many to know that the people of the United Kingdom have joined to contribute to a fund to remunerate their appreciation. A home for the students from other parts of the Commonwealth and from the United States will be opened in the future to the already strained friendship and understanding between countries. It will also stand as a fitting monument to this food friendship among people of many lands.

Asked World Calendar Be Considered

TORONTO—The Canadian Chamber of Commerce requests the United Nations government to take the initiative in having the world calendar placed on the agenda of the United Nations Assembly at its next session.

The world calendar would have about a number of changes, among them a division of the year which would give all quarters the same length.

Although many persons have the type of core calendars that cause confusion of fact and figure, very few have complete core calendars.

EAT ANYTHING WITH FALSE TEETH

It is a common belief that people with false teeth cannot eat anything but soft food. This is a misconception. In fact, people with false teeth can eat anything they want to eat, provided they take proper care of their teeth and gums.

Danger of Prairie Dog Becoming Extinct

Five hundred prairie dogs—more wily than the gopher and larger—have a town in southwestern Saskatchewan that doesn't appear on the map although maybe it should. It's the only one of its kind in the British Commonwealth. But for a town so distinctive, it is apparently not very well known.

On the surface, it consists of many small holes and mounds, some of which are as high as a foot. The town is situated on a grassy plain about 15 miles north of Val Marie.

Underground, it is a maze of tunnels. The prairie dogs dig these tunnels for their homes and to escape their enemies.

There used to be a lot more prairie dogs than there are now. In fact, in the plains to the south of the Saskatchewan river, it is estimated that once upon a time there were as many as 1,000,000 prairie dogs.

But with the coming of the white man and the breaking up of the land, they gradually disappeared. Now, there are only a few hundred left.

The prairie dogs are still found in the town of Val Marie, but they are becoming scarce. It is estimated that there are only about 500 left in the town.

It is hoped that the prairie dogs will be protected and that they will not become extinct.

OBITUARY

DOROTHY FRIDA RITZMANN
The death occurred on Monday, December 14th, 1942, of Dorothy Frida Ritzmann, at the age of four years, three months and nine days, daughter of Mr. and Mrs. Emil Ritzmann. The child had been ill since the age of eight months and when taken to a city specialist it was learned that she was ill with cancer of the lungs. She is survived by her parents, two young sisters, and her grandparents. The funeral was held on Thursday, Dec. 18, with Rev. E. W. Freitag officiating. Pallbearers were Art Hasser, Ed Snyder, Erwin Hasser and Reinhard Schulz.

Arrangements were in charge of the Howland Funeral Home, Bashaw.

FIDELITY TRIBUTES
Mabel, Dick, Margaret and Lorraine; Grandson and Grandaughter; Uncle and Auntie Gert; Aunt Hilda and Uncle Dave; Martha and Carl; Mr. and Mrs. Reinhard Schulz and family.

MEMORIAL
Zion Church—Zion Ladies' Aid Society.

APPRECIATION
We desire to extend our heartfelt thanks for the kind expressions of sympathy in the loss of our darling little daughter—Mr. and Mrs. Emil Ritzmann and family.

Five Cars Involved In Spectacular Night Mishap

Five cars were damaged, two of them being completely wrecked, in a freak mishap which occurred about two a.m. Wednesday last in front of the Maund-Schultz hall northwest of Bashaw. Wes McKain, Petrolina oil well driller, is in Ponoka hospital with a cracked chest and possibly other injuries. Paul Winter, a passenger in the McKain car, was taken to University hospital with a severely fractured ankle. Mrs. Paul Winter suffered concussion and Miss Margaret Schultz a fractured shoulder blade, both being taken to Ponoka hospital. Other passengers in the McKain car were Mrs. and Mrs. Henry Kitz, Miss Horvick Kitz and an Edmonton lady whose name was not learned.

Bill Bashaw was turning into the gate in front of the hall when his car was side-swiped by the McKain car and had to have been travelling at quite high speed. The latter car then ploughed into Joe Dick's car standing undisturbed at the roadside. The Dick car was driven into Walter Binak's half-ton truck which in turn struck the car owned by Ervin Sobalitz.

The McKain car turned over after the crash. Though the side of the Bashaw car was badly smashed, the occupants had a miraculous escape from injury.

HOCKEY

B.S.S. 1, New Norway 4
Bashaw High pucksters bowed out in New Norway High here Tuesday night of last week by four goals to one. Jerry St. Pierre scored the home team's lone counter. Bashaw used its regular lineup.

B.S.S. 4, Edberg 2
Playing here Thursday night, the Bashaw High signed out Edberg High four goals to two. Joe Kinsman netted the puck twice for Bashaw, Stan Pearson and Jerry St. Pierre getting singletons.

B.S.S. 6, Meeting Creek 2
On Monday night Meeting Creek met Bashaw High on the local ice and had to be content with the loser's end of a 6-2 count. Joe Kinsman and Stan Pearson scored two goals apiece. Leo Karkhane and Jerry St. Pierre pitched.

The local boys are showing improved form as the season gets into swing and a successful season seems in store.

It is reported that he carried no liability insurance.

POST OFFICE TO CELEBRATE ALL OF CHRISTMAS DAY

Postmaster E. E. Pearson advises that the Post Office will be closed all day Christmas Day. It will, however, be open on Boxing Day (Friday) when the rest of us are having a holiday.

THE STAR WILL NOT PUBLISH NEXT WEEK

As has been our custom for many years, The Star will not be published at New Year's, though our office will be open for business as usual. The next issue of The Star will go into the mails on Wednesday, January 7th.

The Editor has received valuable help in producing this Christmas number from some Gilbert and Sullivan, and if you like our effort you should give them full credit.

THE STAR—\$2.00 yearly in Canada.

For them.
Bashaw Systems 4, Meeting Creek 4
Played as a curtain raiser to the big boys' game, this was quite a lively contest between two well matched teams. Richard Miller with one and Mike Karkhane with three were the scorers for Bashaw.

Note to hockey reporters—it will help us give better coverage to these games if lineups of both sides are supplied, also players sustaining in the scoring of goals. We're all interested in what the boys are doing and it only fair to mention prominently those who are making this part of the news.

Merry Christmas

"Merry Christmas" comes easy to the tongues of all of us this time of year. However, to say and mean it must come from a feeling not born of the Season, but of one's associations through the years. It is in this spirit that we wish our friends a very joyous Yuletide and a successful New Year.

Christmas Message

REV. K. E. FORTY

Pastor of the Lutheran Parish

A BLESSED CHRISTMAS TO ALL

Once more young and old are preparing for the celebration of the holy nativity of our Lord and Saviour. It is the one Christian festival most widely observed, even by those of the boundaries of the Christian Church.

As it is a day of inner rejoicing, of peace and of unity for the believer, it becomes an opportunity of witnessing to our faith both to others who believe and to those who believe not or know not.

If we emphasize in our Christmas celebration the heavenly message of the coming of the Son of God and our gratitude for the grace of God, and if Christ through the blessed gospel enters the hearts and lives of all bringing joy and peace, life and salvation—then a very happy, blessed Christmas will be ours indeed. May it be our privilege to enjoy true Christmas gladness and to share it with others, near and far.

A Joyous Christmas, then, to you all.

PIONEER BASHAW COUPLE TO OBSERVE COLORED WEDDING

On Tuesday of next week, December 29th, Mr. and Mrs. John Schermerhorn will have been married fifty years and to mark the event they are holding "open house" that afternoon in house built between the hours of three and five o'clock. Everybody is invited and welcome.

Mr. and Mrs. Schermerhorn are pioneer residents of the district, at present living in town.

IN MEMORIAM

JAMIESON — In loving memory of my mother Mrs. Mary Jamieson, who passed on December 21, 1936. Just a hint of sweet remembrance. Just a memory fond and true, Just a token of love's devotion. That our hearts still long for you. The years of her life were numbered. When the messenger whispered low, The Master has come and called thee. She answered, "I'm ready to go" — Inserted by Ella Miller and Rosie Ray B24

NORTHEY — In loving memory of Arthur Eric Northey, killed in action in Italy Dec. 11, and Lloyd Northey, killed in action in Italy Dec. 22. I often sit and think of them When I am all alone. For memory is the only thing That grief can call its own. — Inserted by Michael B24

WE SINCERELY wish you a Merry Christmas and a Prosperous New Year

ALBERTA FARMS STATED TO BE HEAVIEST PRODUCERS

In 1952, the year that the latest census was taken, Alberta had the largest proportion of farms reporting sales amounting to \$10,000 or more. In that year 4 per cent of Alberta farms were in this bracket, compared with an average for Canada of only 2.4 per cent. The area with the largest percentage of heavy producing farms was in eastern Alberta, 4.4 per cent immediately north and east of Calgary.

Ontario farms had the second highest average sales with 3.4 per cent running over \$10,000. All provincial areas of Ontario were well below the national average of 2.4 per cent in this category.

Water-Sewer Bids Reflect Mounting Construction Costs

When tenders on Bashaw's water and sewer project were opened at a special meeting of Council on Monday afternoon, it was found that the bids received from some thirty-two bidders was due to rising costs of material and labor, with concrete being mentioned as an important factor.

Council in referring the matter to the Board of Public Utilities for decision as to what action will be taken. There were 22 tenders in all for pipe, construction, cement, pipe, etc. and it is no longer that the bids were anything other than straight-forward. This is borne out by the fact that the cost of the similar project at Alton, where the same work is to be performed, is reported to be \$125,000, compared to the nearly \$45,000 that Bashaw is asked to pay.

The Council was assisted in its consideration of the bids by two representatives of Hildes, Davis and Brown, Edmonton civil engineers. The meeting continued from 7:00 to 8:30 p.m.

THE WEATHER

Since Saturday last this area has been enjoying a return of the balmy weather such as we had before the Yuletide holidays. Of course, it has not been quite so summery, but after the frigid temperatures of the previous ten days it is quite warm by contrast.

And, best of all, the weather here seems more of the same for the next few days.

Library Notes

Library here will be as usual this week, but in less time there will be an important announcement to those who come next week the library will be moving into new quarters in the new building acquired by the Village it is planned to furnish the new quarters at some length.

RECEIVED BY THE VILLAGE COUNCIL AT STAR OFFICE

A small quantity of oil under this check was brought in and sold shortly before 10 p.m. Friday, and a small which Crispin Smith, and his wife, were reported. The oil was not found and it is not clear if it had been brought in without doing any damage beyond creating so much trouble.

An alarm had been turned in but it was possible to cancel this before the apartment was reached from the fire.

Several Hurt As Car Rolls

When their car left the road near Three Hills Sunday evening, several children were injured, but none of the three requiring hospital care for a few days. Mrs. Ed. Bashaw was severely cut about the face and her brother George Andrews sustained rib injuries which kept them in hospital at Lacombe until Wednesday when it was reported they could return home.

Mrs. Bashaw, her daughter Edna and son Harold, brother George and a nephew, Cliff Campbell whose home is at Bad Deer, were returning home from Andrews. Mr. W. H. Kline is employed. The car left the road at Cedar, near "O" bridge and a neighboring farmer took them to Lacombe to have their injuries attended.

At Lacombe Edna suffered collar and bruise and Cliff a sprained wrist.

HOCKEY

The hockey news of the week is Bashaw's entry into the Central Alberta Female League, which also includes teams from Stettler, Alton and Bad Deer.

This also means that Bashaw will be having the privilege of playing, which promises to make for some highly interesting sport.

Hildes, Bashaw and Karamanagh, all of which have been added to the league to help the Bashaw team's strength.

DOWN ALLEX - MOVING CAMPS
Bashaw secured a most 3-1 victory over Alton Friday afternoon in the first preliminary round. This was a fast, clean contest, with spitting play on both sides.

Bashaw's counters were scored by Karamanagh from Hildes in the first period; Joe Karamanagh in the second and M. Karamanagh was credited in the third. Alton got its lone tally in the middle stanza.

Bashaw's lineup was: G. Bennett, D. Bennett, Badler, Karamanagh, J. Karamanagh, Baker, Kline, Miller, Peterson, Karamanagh, S. Pierce, H. Karamanagh.

Post-Game news representing Alton and Bashaw will meet on the bench at this afternoon at 4:00 p.m.

Day Hospital

The Village Council took a forward step at its last regular meeting in starting negotiations to have residents of the Village covered by the \$100 per day hospitalization plan. This has not yet been applied in rural areas and it is not likely that it will be applied in this area.

The Council is negotiating with the Province, and Lacombe hospital so that a choice of hospitals can be made.

The cost to ratepayers will be two with partly on assessment. The rate for non-ratepayers as set by the department of public health is \$100 for families and \$200 for single persons.

Council is making every effort to have the plan in operation if at all possible by the end of this month.

Home & School Association

There was a splendid turnout at Thursday evening's meeting of the Home and School Association. Ed C. Amley, general secretary of the Alberta Teachers Association was guest speaker.

Mr. Amley gave a brief presentation of the school situation in Alberta and elsewhere and presented logical reasons for the financial situation surrounding our education system.

Two committees had most interesting reports to make, and there was an exhibition of square dancing by four couples.

The ladies served light refreshments to the class.

TOO MUCH ADVERTISING?
No newspaper ever complained of having too much advertising, but this paper has posed quite a problem for its readers.

This week has seen so many ads made on our space that we will not be met without bringing the paper out late.

Next week's paper promises to also be a larger than normal issue.

SEEDTIME HARVEST

DR. F. J. CRAWLEY,
Bashaw, Alberta
The Bashaw Star is pleased to announce the opening of the new Seed Time Harvest, which will be held at the Bashaw Star office, 100 Main Street, Bashaw, Alberta, on Wednesday, January 27th, 1933, at 8:00 p.m.

1933 - A Good Year
It is not hard to see that the country has been a very good one in the past few years, and it is not hard to see that it will be a very good one in the future.

Good Crops. The bountiful crops of recent years have brought prosperity to the farmer - a prosperity that has been earned by faith, patience and hard work; and through the intelligent use of the very valuable resources and assistance of our agricultural community.

However, it should be remembered that the high efficiency of the country has reached its peak, and the high efficiency of the country has reached its peak, and the high efficiency of the country has reached its peak.

The grain contribution to the country is a very important one, and it is not hard to see that it will be a very important one in the future.

Garage Looted Of Valuable Stock

On Thursday night of last week the
Whitney Garage, owned and operated
by J. Whitney and son Don, was
broken into and looted of a large
quantity of tires and other valuable
stock.

The break-in was not discovered un-
til next morning. The loss includes 15
new car tires, four batteries, a new
Chrysler air-conditioner and an electric
drill.

R.C.M.P. are conducting an intensi-
ve search for the guilty party, be-
lieved to be also responsible for a
series of similar crimes in the pro-
vince.

Locally it is wondered if the fact
that the Village street lights have
been switched off on hours or more
before daylight.

HOCKEY

On Friday afternoon Mating Creek
High School hockey team traveled to
Bashaw, but after a fast game were
unable to break the local boys in the
first of 6-4. Joe Korken led the
first three goals, Jerry St. Pierre
and Mike Macpherson tied.

Yesterday afternoon the Bashaw
boys went to Mating Creek for a
return game and this time were
winners 5-1 margin. Korken with
three, St. Pierre with two and Kar-
ben and Dick with one each were the
scorers.

Tuesday night the Jawhills were
playing a return game at Ponoka and
on Wednesday they go to Lacanora
for a league game.

THE WEATHER

Sunday brought a change in the
weather pattern over Central Alberta.
The cold winds were accompanied
by considerable snow and tempera-
tures dropped Tuesday morning
when a change for the better set in.
The day brought an unusually cold
weather, but all are planned to see
a change of a return to the moderate
weather which has prevailed through-
out nearly all of the winter thus far.

Local News

Steve Shirley and Malachiak left
on Thursday for Bonaville, Montana,
where they will try to make the
cotton mines for asphaltic trouble.

John Anderson, well known oil
pioneer, has been a patient in Lacanora
hospital since Tuesday last with long
convalescence. He is expected home in a
few days.

Mr. George Lund took over this
week as teacher of the grade five
classes in the local school. Mrs. Lund
represents Mrs. Campbell who has resigned
because of illness.

It is learned that Peter, son of Dr.
and Mrs. Gardner, has been ill with a
long condition since their return from
New Zealand. Peter is still in an
Edmonton hospital, but is showing
improvement.

Henry Reid went up to Camrose
Monday morning to have medical ad-
vice on the condition of a young son
of a week of age. There was the
possibility that he would have to
spend a day or two in hospital.

Library Moving To New Quarters

Now that the lovely new Village

to the installing of a new building,
the Community Library will be moving to
its new quarters this week.

The library will be open on Sat-

New Potatoes In January Here!

When Alf Pipa brought into our
market Friday last with a paper
sack full of new potatoes and we
men just then and finished they
had taken home and prepared for the
table - well, we scarcely believed
our senses.

It's right here and now that the
spuds were the real article and
a kind to our tired old palate.

It was clear to us that the spuds
could not have been saved up from
last summer. Also it was too early
to import them even from Mexico.
So what the heck!

Alf finally admitted that he had
harvested these tubers on his own
farm on January 15th.

Pressed for good results, Alf said
that he had taken a few special
potatoes, the last in his storage bin
in the last week of August and had
planted them straight in the ground.

The extraordinary mild weather of
the early winter did the rest, and on
January 15th, after he had forgotten
about the planting, he happened to
discover them. He hastened to dig
his hot-out-of-ground crop and take them
inside. And that is how the Editor
had new potatoes with his dinner on
January 25th. Thanks a lot, Alf!

SUGGESTS NEW RUNNING TIMES FOR C.R.E. RAILWAY TRIPS

A friend has come up with what
seems like a very practical sugges-
tion which would double the time
passenger take on our railroad and at
the same time offer an improved
service to the travelling public.

The idea is that the northbound
train leave here at 10:00 a.m. or
earlier so that folk could take it in
a hurry car or share in the morning.
At present the train reaches the city
too late for this.

If the idea appeals to enough folk
a petition could be signed up and sent
to the General Manager of the
Company.

Ninety-six members and adherents
attended the annual meeting of St.
Peter's Anglican church, held Tues-
day evening of last week in the Ma-
sonic building.

The ladies of the congregation re-
sponded to the assembly with a sumptuous
supper of delicious food. Following
reports of the many church activities
were presented.

There showed a fine glow in all
the minds of members.

STRIKE OF TEAMMEN

TRAVELLERS RAILWAY TIE-UP
At a late hour on Tuesday little
hope was held out that a strike of
railroad men would be averted before
all business would come to a halt.
Detailed service in Canada would be
stopped Monday morning next.

Christmas is past, but the need for
your Christmas and dollars continues.
Have you your donation?

Mrs. Elizabeth Schultz is reported
to be showing some improvement, but
still on the critical list at Ponoka hos-
pital where she is a surgical patient.

BETTER SEED MAKES A BETTER CROP

Canada is facing severe competition in the sale of wheat. Buyers are choosy. Countries with the highest quality will have preference in sales. The use of Registered seed is the only way to ensure the highest quality in a crop. See the nearest Searle Agent for price lists on the best stock available—REGISTERED SEED.

Harold Brauch is held up at home with a hip dislocation.

Mr. and Mrs. Ervin Bone of Edmonton were visiting home in Calgary at the week-end.

William McKinnon of Calgary spent the week-end here with his brother, R. H. McKinnon.

Mr. and Mrs. Glen Sprague and family and Don Sprague took in the Ice Cycle at Edmonton last week.

Mrs. E. M. Robertson returns 'home' from spending a few days with her daughter Mrs. John Hagel of Calgary.

A VALENTINE TEA, Feb. 14, 8:00 to 10:00 p.m., at W. L. Bennett. Sponsored by Ladies Auxiliary to the Canadian Legion.

The regular meeting of St. Peter's Anglican W.A., will be held at the home of Mrs. Steve Reid February 11 at 8 p.m. Everyone welcome.

Ernst Reddemann, veteran district farmer, is reported to be showing improvement at Calgary hospital where he is being treated for a heart condition.

Later and Steve Reid went to Calgary Monday to visit their father who is reported making satisfactory though slow progress following an accident in which he broke a leg.

TO DISCUSS FARM TOPICS AT 8:30 BELL MEETING
Mr. and Mrs. Monday NEXT
Farmers are invited to attend a gathering at Manfred-Schultz hall on Monday next, 8 p.m., when Charlie Gordon will speak on the provincial livestock improvement policy. District Agricultural Agents have been invited to speak on range crops.

NEWSPAPER ADVERTISING

(Lathbridge Herald)

We think the advertising manager for the Robert Simpson Co. is one of the smartest and kindest men we've ever encountered. Any man who can make the following statement is a gathering of prominent businessmen (the National Retail Dry Goods Association of the U.S.) rates three cheers and a tiger.

"An army which uses rifle fire when it should be using artillery will use the battle, if it is the war, and any merchant who depends upon some lesser medium of advertising when he should be using newspapers will lose sales, if not his shirt."

Now that's the kind of statement we like to see. We believe every word of it, too, so much so, in fact, that we'd like to see it hanging on every businessman's office wall for all to see. It should be in the largest possible print so that eventually everyone will know it off by heart.

Who knows, maybe the day will come when everyone will agree with the advertising manager of the Robert Simpson Co. Oh, happy day!

Anybody can use the Want Ads—Invariably everybody does, and probably.

Mrs. Geta Radin was able to come home from Lacombe hospital Friday last.

Mrs. J. Bueh, Donald and Shirley, attended the Ice Cycle at Edmonton last week-end.

Bob Porter of Calgary spent the week-end with his parents, Rev. and Mrs. Barwick.

One Bink's condition is described as "good" in reports received from Poncha hospital where he is in a patient.

Misses Marilyn, Carol and Penny Skelton and Mr. and Mrs. Ray Skelton took in the Ice Cycle at Edmonton on Thursday.

J. M. McCutcheon is in Bed Deer for treatment in facial laceration received some months ago in a well-dribbling mishap.

PANCAKE SUPPER — Tuesday, Feb. 11, in the Catholic church basement sponsored by Knights of Columbus. Adults 50c, 50c.

Mr. and Mrs. Ben Hall and family, Mr. and Mrs. Henry Ray, Mr. S. E. Pearson and J. G. Pearson were all Edmonton visitors last week attending the Ice Cycle performances.

Mrs. Julius Schultze is reported to be showing improvement at Poncha hospital where he has been since Thursday last receiving treatment for a severe case of neuritis.

FARMERS!—You are undoubtedly interested in finding a possible spring feed shortage. You don't want to be held up for fuel when the spring rush starts.

There are good reasons for the spring feed shortage:

1st—Library demand throughout the province;

2nd—Road taxes;

3rd—Impassable rural roads.

The answer to the spring feed shortage is a FARM STORAGE TANK! Ask the farmer who owns one. Some of the many advantages to having a Farm Storage Tank are:

(1)—Cheaper fuel.

(2)—Convenience of handling.

(3)—Less waste.

(4)—Less heated air.

See us today for full details, including our Easy Terms.

QUESTIONS

ANSWERS

QUESTION: Is cancer decreasing?

ANSWER: More cancer is reported each year. This may be due to better methods of diagnosis and to the fact that more people live to the so-called cancer age. However, the death rate has decreased among those diagnosed early and treated.

Don't Get Caught!

FARMERS!—You are undoubtedly interested in solving a possible spring fuel shortage. You don't want to be held up when the old spring starts.

There are good reasons for the spring fuel shortage:

(1)—Heavy demand throughout the province;

(2)—Low stocks;

(3)—Unreliable rural roads.

The answer to the spring fuel shortage is a FARM STORAGE TANK! Ask the farmer who owns one. Some of the many advantages to having a Farm Storage Tank are:

(1)—Cheaper fuel.

(2)—Convenience of handling.

(3)—Low waste.

(4)—Less hazard etc.

See us today for full details, including our Easy Terms.

NOTICE

Due to the serious outbreak of rabies among wild animals, the rabies control act has been estimated to cover the whole Province of Alberta. All dog owners in the County of Ponoka are hereby warned that owners of dogs found running at large are subject to a fine of \$100.

Due to the fact that rabies can be contracted by children through bites of dogs or coyotes infected with the disease, every owner should be taken to prevent the disease from getting widespread.

Rabid pet control officers are urged to intensify the destruction of coyotes under the present rabies control policy.

Many Staking Claims In Beaverlodge Uranium Field

URANIUM CITY. — "Bucke some claims and make your fortune. That's the attitude of the Beaverlodge uranium field. However, given strong mining claims this morning, the field is one of the most active in the world."

Beaverlodge has been the scene of the first staking of uranium claims in the world. The first staking was made by the Beaverlodge Uranium Field.

Beaverlodge has been the scene of the first staking of uranium claims in the world. The first staking was made by the Beaverlodge Uranium Field.

In all, between 4,000 and 4,500 claims have been staked and recorded here since early last summer. MacDonnell believes the total count for 1951 will top 6,000, compared to 1,500 in 1950.

He believes the present boom in the field is due to the fact that current license expires April 15. On the basis of these sales, he expects at least another 1,000 claims to be staked in the next few months.

There are now close to 1,000 claims in the Beaverlodge uranium field, while the total claims in the province are estimated at 15,000.

The Beaverlodge uranium field is estimated at between \$25,000,000 and \$50,000,000. The expenditure on exploration and development during 1951 is expected to top \$20,000,000, and may go up close to \$10,000,000.

With money this being spent on exploration and development, the probability of establishing new uranium mines at Beaverlodge appears to be excellent.

Prospectors know their materials and they also know the mining game. When word reached Uranium City late last year that the Beaverlodge field had been staked up to 1,000 claims, a few cents had to be paid for the privilege of staking a claim.

From everyone in Uranium City it was a matter of time before the word got out that the Beaverlodge field had been staked up to 1,000 claims.

Prairie Farms Improved By Shelterbelts

Landscaping the Prairies as a means of improving farm property has been a project from the Experimental Farm at Morden. Among the recommendations are—improving the condition of main lawn and plantations by establishing efficient shelterbelts, increasing plant variety by establishing windbreaks with numerous varieties of trees in one or more of its ways. The recommendations are expected to be of increasing value to the general farmer.

Shelterbelts are a first consideration in the Northern Great Plains area. A windbreak helps to reduce the loss of soil and moisture from the soil surface. A main shelterbelt of about five rows of trees is recommended. The distance between rows is 10 to 15 feet. One row of trees is planted on the north side, and in most cases also on the south boundary of the farm.

For the impression upon travel, trees driving past the property are a first consideration. The trees are planted in rows, and the rows are spaced at intervals of 10 to 15 feet. The trees are planted in rows, and the rows are spaced at intervals of 10 to 15 feet. The trees are planted in rows, and the rows are spaced at intervals of 10 to 15 feet.

Eight to the Centre

Saturday, April 11, it became rather hot in Circle Kitchens, as the local Chik festival, one that is the grown ups. Alway Wood and Ben McKinnon are utilizing their skills, utilizing in hard you through some square and rounds. Any Chik member feeling he has been left behind can swing right in again in his dance halling entirely by our own calls.

Bashby to the corner. Grand chain into the hall. Now catch all eight and roll the happy.

It's Indian style, you reverse back. The game stop out as they get home. Then hurry, grand right and left.

When you meet your law and do-do when you meet your law just do.

And wave the right back home. I love to see you.

Shake strong hands with the corner. Then the ladies right hand star.

Pa with back the outside track. Take a corner grip and Pa stars in.

Pa with back the corner. You did a Do Pa and didn't know that right hand to the go.

Now a left hand to the corner. And a right hand twist with Pa.

And promote that pretty girl round the square.

With corners. There are at least 25 square dance teams I can count and I'll bet you count more.

See you at 8:30.

THE WEATHER

The sun shows brightness throughout nearly all of the Easter week-end and the temperature was high enough to permit the donning of new Spring outfits, which was better than the brood served up on many previous Easters.

Road here are being partially full in some districts, but are in full force as yet in our vicinity. Snow was present for Tuesday evening, but seems to have passed over us and his Calgary where four inches of the beautiful is reported.

The roads in town are drying up and the higher grades in the district are rounding into good shape.

THE WEATHER

The weather—its light for discomfence—is giving us plenty to talk about this past week, even if we seem to have come full circle, this district far to the south of us. Since Monday of last week, April 6 to 9, the temperature has remained far below normal for this time of year, and we have had a little more to endure before the spring is in full bloom.

Not until today has the weather become pleasant again, and we are told that a definite trend toward more seasonable climate is now in the making. The temperature is expected to reach a high of 50 today.

Mr. Norman Hall and family were in Buffalo, Ontario last week.

The condition of one child is reported to be showing some slight improvement recently.

Miss Verna Day, of Victoria, B.C., is spending three weeks visiting with friends and relatives here.

Miss C. M. Macdonald is spending time in Calgary where a sister-in-law, Mrs. R. A. Lee, is ill in hospital.

Miss Lily Schell returned to Buffalo on Sunday after spending a week at home visiting her mother and friends.

Mac Ziemer returned to Alliance on Sunday to gather up the family who had spent the previous week visiting with relatives and friends.

Mrs. J. B. Hume and son Jim sent Tuesday's last word for Helen, B.C., where Mrs. Hume will pay an extended visit to her daughter, Mrs. J. Archibald and family.

Stylish hair had to be sped up five days in Lacombe hospital being treated for a leg infection. He was admitted last Thursday when infection in from an earlier injury. He is expected home today.

Don't forget the Benefit Stage in Basha Hall Saturday April 18 from 7 to 8 in the afternoon and 8 p.m. in the evening. Proceeds will go to the Albert family of South Edmonton. Prizes will be House Cleaning and Farm Products. Sponsored by the W.C.T.U.

Bashaw Chapter 1277 W.C.T.U. held their regular meeting Monday, April 13th. The following ladies participated in the Chapter with an enjoyable program including a piano solo by Miss Joyce Berry and a duet by Misses Joyce Berry and Lorraine Kane. Highlight was a talk by Mr. J. A. Marshall on "One Trip to Indiana". This was well received by all. Thank you, Mr. Marshall.

Report Gives Wind Erosion As Major Agricultural Problem

REGINA—A 50 land use survey taken in Saskatchewan since 1948, 25 of the municipalities reported wind erosion as a major agricultural problem. In one county, wind erosion was the most serious problem, and in the northwest that increased to 31 per cent.

The Director of the provincial agricultural department, plant industry, said that in severe and drying conditions, wind erosion is a major problem in some areas of Saskatchewan. In some areas, it is a major problem in some areas, and in some areas, it is a major problem in some areas.

Mr. McKinnon stated that wind erosion is a major problem in some areas, and in some areas, it is a major problem in some areas. He said that wind erosion is a major problem in some areas, and in some areas, it is a major problem in some areas.

Farming The Safe Way...

Statistics indicate that 60 per cent of the fatal accidents on farms are caused from improper use of the tractor. J. L. Thompson of the South Current Experimental Station advises accidents can be reduced to a minimum by carefully observing the following safety rules:

1. Do not allow anyone to ride on the tractor.
2. In starting, do not stand near the moving tractor and do not stand near the moving tractor.
3. Let the clutch in slowly when going up a hill or starting off in that spot.
4. Do not allow anyone to ride on the tractor.
5. Do not allow anyone to ride on the tractor.

THE WEATHER

You—It looks like you can sit long but don't see long-headed ladies and look forward to spring activities. This season about with the change to more typical spring weather on Sunday last, when the mercury shot up to 60 under encouragement of sunny weather and a drop in wind velocity which had placed the area for low days.

The hot vestiges of snow are going rapidly and much and last are drying up satisfactorily, in fact, road traffic is nearly back to normal. Clear, sunny weather is promised for Wednesday and it will not be long until the small fry are rushing to the Editor with the first 1952 crocus.

THE STAR—\$2.50 yearly in Canada

APPRECIATION—About eight weeks ago we started a small flock of day-old baby chicks on Elm-Daisy Chick Starter. They really thrived, even better than we expected. In fact, some additional "chick" ones of them Saturday night and had almost a good sized flock of chicks. It would seem that New Farnham Shy-Gals Chick Starter really gives results—Satin Feed Service, Inc.

Curleds Hold Banquet Meeting

Almost eighty curleds of both sexes were present Monday evening at the annual Curleds' banquet, at which the activities of the past season were reviewed and officers elected and plans laid for the next one.

As usual, the Ladies' Curling Club served a delicious banquet, for which they received high praise.

After hearing reports on the past season, the men proceeded to elect their officers for 1933 as follows:

President—Bill Miller.
Vice-president—J. H. Pearson.
Secretary—Bob Brown.
Executive Committee—Tom Wip, Bob White, and Don Sharp.
The lady curleds met separately to elect their officers for the year ahead, with the following results:

President—Mrs. C. R. Smith.
First Vice-president—Mrs. M. H. Hill.
Second Vice-president—Mrs. H. N. Cameron.

Secretary—Mrs. Clara Sprague.
Treasurer—Mrs. Brimacombe.

EDMONTON MAN WINNER OF HANDSOME LACE TABLECLOTH

Ticket number 443, purchased by Jas MacGregor, 1128 42nd Street, Edmonton, was the lucky one for the lace tablecloth raffled by Rocking Horse Community Club in aid of the Community Welfare Fund. The draw was made on Saturday.

The Rocking Horse ladies ask us to extend their thanks to all who supported their effort, which brought in handsome total of \$111.30 for the fund.

The lace cloth was crinkled by Mrs. J. W. Gillebride, who generously donated it to the Club for the purpose.

School Playground Not Endangered

Confusing reports regarding the proposed grading of a road right through the local school playground was causing no small perturbation in school circles. The star hastened to investigation, and it would appear that the fears are groundless.

We learned from a member of the presiding of South-Central construction's preliminary equipment to have about a block of grading done just south of the school grounds.

Then, early this week, Trustee George Uystad engaged another contractor to do some heavy grading on the school grounds.

It was not too hard to couple these projects and arrive at the conclusion mentioned above.

Candidate tours in Kerns have been going on since about the 1st of April the past few weeks.

Canadian Johnny Wayne (left) and Frank Shuster, with stage Terry Dick, have headed an entertainment troupe providing sport for several towns' fagged-out farmers on 15th and 16th.

The group took off from Toronto on March 24th and included dancer Emma Chatterly, musician Leslie Lewis, Harry Boydell, Vic Carter, Ted Robinson and Harry Richardson; announcer Herb May; CMC producer Jackie Ross; and second engineer Don Bacon.

So that listeners in Canada could hear their regular edition of the Wayne and Shuster show on the CBC Trans-Canada network, the group recorded shows on tape and shipped these back by air.

THE WEATHER

Bashaw district seemed the real which felt further to the west and south than just few days, but we got the "right" of it from the airmen, and outdoor conditions have been their ally for late April.

However, the wind dropped Tuesday morning and boys to hold off the balance of the week will be pleasant. That week should be many farmers on the farm and have already started spring plowing.

Phonics Committee—Miss Bell and Mr. Margaret Schell and Walter J.

BRITISH COUPLE AT AGE OF 10 TO MAKE NEW HOME IN CANADA

Violence Sunday with their friends, Mr. and Mrs. W. J. Pater, was met by Mrs. R. C. Free of Red Deer.

The visitors were accompanied by a very interesting couple, Coyne and Mrs. Free, both aged 10, who have recently come from England to make their home in Canada.

The aged couple are parents of Mr. R. C. Free, Capt. Free served 20 years with the British Army.

Square Dancers Name Officers

Following are the past officers elected at a recent meeting of the Square Dance Club:

President—Margaret McMillan and Brady.
Vice-president—Carrie Roberts and Evans.

Secretary—Janitha, Nugent and Jan.
Gilling Committee—Pat Wood and Abbie; Elsie Bailey and Henry.

Ladies Committee—Lynn Pearson and Jack; Elvira Whittemore and Ed; Chris Roberts and Betty; Wood and White.

Phonics Committee—Miss Bell and Mr. Margaret Schell and Walter J.

4-H Club Calves Given Inspection

Reporters—Valerie Tach
On Thursday morning, April 21, Mr. J. L. Kerns, D. H. Pender, W. J. Schulte, C. E. Smith, R. W. Hill, Jim Daniels, Albert Delmore and thirty members of the 4-H Club met at Mr. Hill's office to make an inspection tour and see the calves the members have been feeding.

The party saw all of the calves except three at Rider's and one at Macdonald's.

After judging four calves at Smith's, we had our dinner before continuing on our tour.

Since we had covered the eastern portion of the club district, we continued west of the club district to Red Deer's where we had dinner, and then to the 4-H Club at Mr. Kerns' where Mr. Kerns gave a demonstration of how to groom a calf.

We left Red Deer's to complete our journey and arrived back in town at about six o'clock.

Square dancing at the Bashaw 4-H Club was held Friday, April 21st, at the Bashaw hall. The square dancers of the Bashaw 4-H Club consisted of: Orville Bailey, Gordon Granville, Elsie Roberts, and Mrs. J. L. Kerns. The Bashaw 4-H Club will be held at the Bashaw School on May 21st, commencing at 10:30 sharp.

Word has been received that our material, trousers and ties have arrived at Mrs. Schulte's, so don't forget to stop in and get your share.

Home & School Association

"That was the last of a number of other attractions served to members of the attendance at Thursday evening's meeting of the Home & School Association, but nevertheless a successful meeting."

Plans were completed for the baby shower and are now being carried out, which complete information should be forthcoming very soon.

Another interesting item was the report of a committee detailed at the previous meeting to inspect the telephone and report on any shortcomings. This brought in a report of the telephone company, which was very satisfactory.

The committee also reported the grant used for a school education.

THE WEAVER

It's getting positively dangerous to make a forecast on the weather, especially as to what it will trend some day. But we were proud to report that temperatures were getting up to where they ought to be. Saturday the trend reversed itself with a vengeance and Sunday night and Monday we got a fair imitation of a February day. Tuesday was a little warmer and the weathermen are promising that Wednesday will bring highs of 70 in those parts.

New Wheat Seed For Fall Distribution

OTTAWA — The Agriculture Department says it has about 100,000 bushels of a new wheat seed — developed to resist B-5 rust — ready for distribution on a need basis.

Dr. C. H. Goulden, head of the disease control division, said in an interview that the new variety, developed after years of scientific research, will cost up to \$100 a bushel.

The department still desires to supply wheat seed to the distribution and it appears likely that the Government will not be able to supply the seed to be distributed will be approved in time for fall and in a small quantity.

The seed wheat will be landed from a ship arriving at the port of Vancouver, B.C., and will be distributed to the most needy.

Agribusiness Minister Coady announced development of the seed research program in 1958, when the department has about 400 bushels of the new variety which is being made this year on a limited basis.

How many
Canadians keep
warm with oil?

More than 4 millions. Oil is used in the furnaces or stoves of more
than 4 million Canadians—better than coal in four.

Oil plays a large and growing part in our everyday living. How
many of these questions about oil can you answer?

For facts that in a few years ago, Canada was a net importer
of oil, except for a group of Middle East countries—Iraq, Iran, Kuwait, Saudi Arabia, and the United Arab Emirates—only the U.S., Venezuela and Russia have
major reserves.

Last year 144 million barrels—about 100 million tons—of oil were
consumed in Canada. That's about 100 million tons of oil for the
entire world.

Remember that the oil industry is the backbone of our economy.
It provides the power for our homes, our factories, our ships, and
our airplanes. It is the lifeblood of our civilization.

Energy produced in Alberta's fields each day is
enough to power 100,000 homes for 24 hours.
It is the most abundant and cheapest source of power in the world.

There's a big part of a country's income
that comes from the oil industry. It is the
most important and the most profitable of all
industries.

There were 111 million, some 114 million barrels
of oil produced in Alberta in 1933. That's
enough to power 100,000 homes for 24 hours.
It is the most abundant and cheapest source of power in the world.

There's a big part of a country's income
that comes from the oil industry. It is the

A generation ago, 80% of the teachers were single women, but today in Alberta only 10% of the teachers are single women. This is a remarkable change, and it is one that is due to the fact that the teacher is now a profession, and as such, it is no longer a job that can be done by a woman who is not a professional.

At present, 80% of the teachers are married women, and this is a very good thing. It is a sign that the teacher is now a profession, and as such, it is no longer a job that can be done by a woman who is not a professional.

How long does an oil well last?

The average well goes dry in 20 to 30 years. To keep your car rolling and your home warm, a new well must be made to take its place. That's why the search for oil never ends; in Canada, for instance, upon almost \$30 millions to find and develop new oil in western Canada last year.

Oil has become one of Canada's important industries. How many of these questions about it can you answer?

Which of the following contains petroleum?
(Liquid?)
a) Printing ink
b) Soap
c) Glass
d) Paper

In 1946 Canada produced less than 10% of the oil she used. How much of her needs does she produce now?
a) 10%
b) 20%
c) 30%
d) 40%

How many service stations would you say are located in Alberta?
a) 10,000
b) 20,000
c) 30,000
d) 40,000

To what amount, would you say, have the people of Alberta benefited through oil industry payments to the provincial government for royalties, taxes and bonuses since 1946?
a) \$15 million
b) \$25 million
c) \$35 million
d) \$45 million

Opinion surveys show that most Canadians believe a business is entitled to a profit of 11% on a dollar of revenue. Last year imperial earned:
a) 7.5%
b) 10%
c) 12.5%
d) 15%

LEARN TO SWIM

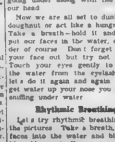

Most everyone who can't swim would like to learn. They have no idea how to start. Anyone can learn to swim, provided they have a good heart and at least one arm and leg. Those who have both

The first thing a beginner must be prepared to do is the ducking of the whole head under

Breath Holding
First of all, let's find out how long you can hold our breath (I keep time with the second hand of a watch or clock). Fifteen seconds is good for start. Let's try again and see how many rooms in the house we can visit while holding our breath and walking.

Wash Basin Workouts
Fill a deep dish pan, washbasin or pail with cool water. We have to get into the bathroom or outside to get the water. Mother will be back slap or Mother will be over. Oh yes, take off your sweater. First of all, let's splash water on faces and put some water in our hair. Mary usually does water, so they have to get water, under alone with the

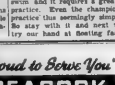

Local Municipalities
to Receive Aid in
Purchasing Boats

REGINA — Saskatchewan municipalities will continue to receive aid from the Canada and Saskatchewan Departments of Agriculture for the purchase of selected boats for the Yorkshire boats of breeding age.

The Agriculture Minister, J. H. S. "Skeet" McEwen, announced that the Dominion-Provincial Milk and Boat Purchase Policy will be continued with no change from last year.

36 municipalities and local improvement districts under this policy or 119 boats. The average cost to the Departments including transportation, was \$702 per boat with the cost shared equally by the federal and provincial Departments of Agriculture.

The Star's Phone No. 43

Who for pastor of John St. Church at Farm Boulevard east, Monday, June 15.

The United Church Ladies' Aid will meet this (Wednesday) afternoon at the home of Mrs. John Sharp.

Mr. and Mrs. Ben Holt and Mr. and Mrs. Harry Reid left today for Calgary to attend the Calgary Royal meeting.

J. M. McCulloch is on his way back at present for further treatment of his hand injury suffered in a well-dressing mishap last fall.

Would persons wishing to do volunteer or dirt work at the Canadian House contact Mr. McInnes, chairman of the Community Improvement Committee.

Mr. and Mrs. Walter Jacobson and family were Calgary visitors from Thursday to Sunday. Mrs. Jacobson, Mrs. returned with them, having been visiting in Calgary for some time.

Mr. Ben Brackel and Mr. and Mrs. Lloyd Brackel and Mr. and Mrs. David and Mrs. Layton, of Red Deer, were Sunday visitors at the home of Mr. and Mrs. H. C. Brown.

Mr. and Mrs. C. W. Street of Okla spent the week-end at the home of Mr. and Mrs. Ray Whitney. They took their little granddaughter Tracy St. and had some supper here with them.

Many district farmers and their families attended and enjoyed the Friday celebration at Camrose, Gull Lake and Horton Sheds. The heat of the day was in high for real comfort but failed to meet the good times provided.

Mr. Art Chase of Vancouver arrived Friday to be with his father who recently returned to residence at Camrose. Mr. Chase was in the city to see his father who has been here up and about his parents.

Alberta's John Ray, who has been stationed for some time at Trenton, Ont., arrived home Friday accompanied by his wife, the former Mary McInnes. John has been transferred to Trenton and we should be seeing more of this young couple in Calgary.

QUESTIONS & ANSWERS

Cancer

QUESTION: Does the use of alcohol have any relation to cancer of the stomach?

ANSWER: Not so far as is known. Alcohol may have an unfavorable effect on stomach tissues for some persons but no more than some other substance taken into the stomach with food or drink.

Alberta Wheat Pool PATRONAGE

The Alberta Wheat Pool intends to operate for the crop year 1953-54 on a patronage dividend basis in keeping with its co-operative principle on which the Pool was formed. The following notice is published in compliance with the provisions of "The Income Tax Act."

"As required by 'The Income Tax Act' the will advise our members that it is our intention to make a payment in proportion to patronage in respect to the year ending the 31st day of July, 1954, and we hereby hold forth the prospect of a patronage payment accordingly."

"It's Alberta Wheat Pool's for Alberta Farmers"

Wheat Pool SCHOLARSHIPS

The Alberta Wheat Pool announces the inauguration of scholarships at the University of Alberta to the value of \$500 a year for two rural students from Alberta high schools. One to a student whose home is in the southern half of the province and one to the northern half of the province. These students have the right to select their own courses.

These scholarships are restricted to students whose homes are in farms and the awards will be made on the basis of satisfactory record in the Grade 12 examinations for complete senior matriculation and of the need for financial assistance. In applying for one of these scholarships the Alberta Wheat Pool's local field service personnel should be used for reference.

For the purpose of this award the northern half of the province is defined as that part of Alberta inclusive of and south of township 44. Applications forms are available from the Registrar, University of Alberta. The final date for receiving such forms at the University is August 10.

Arrest Follows Donalda Fatality

Edward Harding, 35, Donalda, was taken into custody Saturday by RCMP Officer Don Pringle and lodged in the local cell. He is awaiting trial following a fight in which his wife was seriously injured. The woman died on Sunday morning in Stettin hospital. No charge has as yet been laid against Harding.

The prisoner appeared before Magistrate E. M. Robertson here on Monday and was remanded in custody for one week.

He was taken to Fort Saskatchewan by Cpl. Chevalier who had assisted in guarding his body, and will be returned to Bashaw next Monday for preliminary hearing. This promise to come up here in years.

Harding was employed here briefly about a year ago.

Mrs. Harding's body has been taken to Edmonton for post mortem examination.

All Quiet Here As Nation Votes

Election day was just the other day in Bashaw, except possibly that the local "frontiers of peace" were open to the thirty wayfarers. The voting here was sharply reduced, due to the part to the heavy loads following rain at the week-end.

The result throughout the Dominion was pretty much as forecast—the Liberal government was returned with a reduced but still strong majority. The 45, Laurent forces were returned with 17 seats in the 265-seat House. The Progressive Conservatives held 50 seats, C.C.F., 31, Social Credit, 10, others.

Locally the voting went as follows: Mr. (Reuben) Cuthbert 17
McClary (Pro-Cons.) 45
and Mrs. Charles Rand of Custer to Edmonton last Tuesday where they attended the wedding of a cousin.

Mr. and Mrs. Jay Canlin attended a wedding at Oym last week.

Mrs. Frieda Bell accompanied Mr. and Mrs. Charles Rand of Custer to Edmonton last Tuesday where they attended the wedding of a cousin.

Mr. and Mrs. Lloyd Lindsay visited relatives at New Norway on Sunday.

Mr. and Mrs. Robert Harris of Custerland visited home folks over the weekend.

Mrs. George Nels, Mrs. Elsie Peterson and Mr. and Mrs. Henry Tidsen came from Fort Victoria Tuesday.

Mr. and Mrs. Bob Conklin have taken up residence at Norvia.

Miss Iva Clarke has accepted a position with Colin Allan Limited at Edmonton and started work on Tuesday.

League Playoffs Here On Sunday

Arrangements as being made to the warm weather to have some baseball weather served up on Sunday next so that Bashaw and Great Bend may complete their semi-final series in the Buffalo Lake league.

A double-header bargain bill is scheduled for Sunday next, first game being called for two o'clock.

Bashaw has a tight little team but the season has been plagued by injury and illness of key players. Harry Hunter, veteran all-star catcher, will lead the pad for the first time since leaving a hand ball several weeks back. Jim Macdonald, strong catcher in the season with appendicitis, is now ready for a turn in the outfield. So looks like the team will be at full strength for this important series.

Bashaw must win both games on Sunday to qualify for the final game with the winner of the Neohabak-Athabasca three-game series. Neohabak has won the first game in this bracket.

Last Game On at Great Bend on Thursday last and dropped the opener by a 2-0 count. Jim Macdonald took over the mound Sunday but was in the opening innings. The curves were breaking. Harry, however, and he summed it better.

Score in last game:
Bashaw 000 030 3-0
Great Bend 000 000 0-3
Batteries: J. Macdonald and K. Hunter; Hunter and Hunter.

Local News

Miss Lily Schmitt, who has been visiting at home for a week, returned on Sunday to Buffalo with Bruno Piller.

Local Airman Flies To Germany

Public Relations branch of the Air Transport Command at Lachine, Que., has advised The Star that Leading Aircraftman James E. Tomlinson, of Ashabaska, has been transferred from Calgary to RCAF No. 4 Fighter Wing at Baden-Solligen, Germany.

LAC Tomlinson departed from Trent Airport at Montreal aboard an ACAT North Sea aircraft at 12:30 a.m. on July 18. He will be employed in the Middle Equipment Section at No. 4 Fighter Wing.

He was born and educated in Bashaw where his parents, Mr. and Mrs. M. Tomlinson, reside along with other brothers and sisters. His father is a veteran of World War I.

His flight was a very fine photo of him as he was about to board the big air transport at Montreal. Unfortunately we are not able to make the engraving necessary to reproduce this in our paper.

QUESTIONS

ANSWERS

QUESTIONS: Is there any danger of catching cancer in handling a cancer patient if there is a cure on the hands?

ANSWER: No. Cancer cannot be "caught" in one's hands. One's hands. However, good personal hygiene, frequent disinfection, that is, handling dressing from an open cancerous ulcer, rubber gloves should be worn or the dressing handled with instruments as are other soiled dressings.

ALBERTA WHAT FODD HAS
The Alberta Wheat '70 had \$200,000 in cash brought to the market by the result of a sale of \$200,000... in the 1920-21 period to build the old mill. Many of that money has already been paid out. There is a little more money, but, however, who cannot be located. In an effort to find the address of the people the Alberta Wheat Fod has been advertising in a number of Alberta weekly newspapers. This program has had some surprising results.

The Paul member who had moved to the Peace River district many years ago got a letter from a friend who saw his name in the list advertised by the Fod. He went to the last land office in Calgary and got a cheque for \$275.

A man who formerly lived in the Peace River district but who now lives in Calgary, had a similar experience. Bucky replied with enthusiasm, because down to the Fod had office and received a cheque for \$275.

A farmer who formerly lived at Chin, now residing at Burnaby, discovered that \$250 was coming to him. He came to the Fod's office and received a cheque for \$250.

Playoffs Promise Tops In Bashall

With a bit of co-operation from the weather, there should be a couple of "cuppers" hot games here on Sunday afternoon, when the Bashaw team will take the field for the first time in the league championship. Bashaw hopes to be all strength for this important series, with Jack Macdonald in charge to take his share of the mound duties. The opening game is called for two o'clock and it should be a "natural", as those who saw the game two weeks last week will well agree.

Playing at the home of the Braves on Sunday, Bashaw did not solve the riddle of Longbeary's hurler until the latter part of the game and never won a 9-0 count. Bob Brown pitched well, with errors being responsible for the loss. The game was a "natural", as those who saw the game two weeks last week will well agree.

TWO LOCAL BOYS ATTAINED WAR EXERCISE AT WAINWRIGHT

The Canadian Canadian Infantry cadets took part in had won a big army manoeuvre at Wainwright, with a large number of them, including some of the largest, and artillery of various calibre to simulate actual field conditions.

While taking full part in the big military manoeuvre, two local boys, Don Macdonald and Ted Johnston, both members of the Bashaw Army Cadet Corps, took part in the various kinds of exercises, such as trench digging, combat work, etc., and they carried off a trophy representing the corps championship, as previously reported.

The duties called for him to play in for a signals unit and Don was assigned to drive an officer's power wagon, which he has been a very good driver of the jeep.

Both boys have been a large help in the expression, even if the risk would have the going very muddy. The north-west corner of the field was the driving course at Wainwright.

IF YOU WOULD LIKE TO WIN A VALUABLE CASH

There was a fine crowd out last Friday night's benefit dance for the building department and everything went off beautifully—except when it came to making the draw for the door prize.

A large number of tickets had been sold and the value of them was carefully mixed up and the draw was made. Much to the surprise of everyone, the ticket drawn had not been sold out with the purchaser's name, as the committee in charge is holding the prize until Saturday night of this week is to hope that the holder of the ticket No. 10011 will make himself known to either Joe or Lou Lee.

Just in case, a second draw was made. Ben Jackman, holding the lucky number, but he will not get the prize unless he goes out and claims the ticket first drawn fails to claim the prize within the time allotted.

THROOPER BOB PEARSON HOME FROM KOREA

Throoper Bob Pearson, son of Mr. and Mrs. J. H. Pearson, is expected to get home about the middle of this month from Korea where he has been serving for the past year.

The Calgary Herald carried a picture of Bob smiling cheerfully, as he sat a table in the company's Palace hotel.

Bob's father served in France in World War I.

THE WEATHER

When this issue was being completed the weather held little or no promise of clearing and the resumption of harvesting and haying operations awaited the return of sunny weather. All this is very discouraging to the farmers who have wonderful crops in the field ready for blading or combine.

There has been no frost reported in the area.

LOCAL LAD DISCOVERS ONE-SEVEN FIVE

We have been trying to instruct our youngest son (now nearly eight) in the principles of one-seven-fiving.

Just the other day he brought along his friend Lynn Bond, about the same age, and Lynn had just discovered a small frog which had only one name, and no sign of having ever had more.

But of good measure Lynn also produced a frog of the type which had but three legs!

Organization Of Rural Fire Departments Is Important To Prevent Farm Fires

Standing alone on the prairie, farms often become easy prey for flames and farmers are suffering a large share of the deaths, injuries and property loss which occur in farm fires. The chances of bringing it under control are few because of inadequate equipment, poor water supply and lack of trained fire fighters.

National Fire Insulation Association President R. A. W. Smith, who has been active in the organization of rural fire departments, said that the program of fire prevention and protection should be carried out on farms.

Last year, 1962, there were 13,000 farm fires reported in the United States. The loss of life and property in the United States in the past five years has been estimated at \$1.5 billion. The loss of life and property in the United States in the past five years has been estimated at \$1.5 billion.

Lighting is one of the greatest causes of farm fires. Mr. Smith points out that the use of electricity is increasing rapidly and that the use of electricity is increasing rapidly.

Smoking is another major cause of farm fires. Mr. Smith points out that the use of smoking is increasing rapidly and that the use of smoking is increasing rapidly.

Tree planting is another major cause of farm fires. Mr. Smith points out that the use of tree planting is increasing rapidly and that the use of tree planting is increasing rapidly.

Manitoba Boosts Its Oil Output

WINNIPEG (CP) — A sharp increase in Manitoba's oil production was recorded in July as the province's oil fields produced more than 100,000 barrels of oil.

Production in July was 100,000 barrels, up from 80,000 barrels in June. The increase was due to a combination of factors, including improved weather and increased drilling.

The increase in production was a significant boost for the province's oil industry. It also helped to meet the growing demand for oil in the region.

"I load manure a ton at a time with a FARMHAND LOADER!"

FOR FASTER SPREADING

I have used my Farmhand Loader with a 4' spreader attachment to spread manure on my 40-acre farm. It has saved me a great deal of time and money. I can now spread manure in one pass instead of having to make several trips. The loader is very easy to use and the spreader works perfectly. I highly recommend it to all farmers.

I'VE GOT SWEATING AND STRAINING! My Farmhand Loader with full-width Manure Fork takes over a ton at a bite... lifts it easily with perfect one-hand control. With other full tractor with attachments I stack and feed hay, plow snow, clear brush... do 50 other tough jobs. My Farmhand is better than a crew of men!

OCTOBER 4 to 10 Fire Prevention Week

Now is the time to start a good habit — fire prevention. Always be on the watch for fire hazards. Your Fire Department has a big job to do in its Fire Inspection Service and training and equipping firemen for adequate fire control.

But you must help. Fire finds no careless deeds so help eliminate the common causes of fire.

PLEASE —

- NO HOT LEAVE MATCHES WITHIN REACH OF SMALL CHILDREN.
- DO NOT SMOKE IN BED OR DISPOSE OF CIGARETTES CARELESSLY.
- DO NOT PUT ASHES IN A WOODEN OR PAPER CONTAINER.
- DO NOT BURN GASOLINE OR KEROSENE.
- DO NOT TAKE CHARGES WITH FAULTY ELECTRICAL WIRING. FAULTY CHECKS AND OVERHEATING WIRES.
- DO NOT ALLOW RUBBISH TO PILE UP IN BASEMENT OR ATTIC.

REMEMBERING —

A careful person seldom has a fire; a clean, orderly place seldom burns.

HOUSEFLIES

AND THEIR CONTROL

Prepared by W. Leber, Supervisor, Crop Protection Service, and A. M. Wilson, Field Crops Commissioner.

Houseflies are carriers of human diseases. Good sanitation in a home, plus new methods and chemicals for controlling them, can keep down these insects which cause so much misery and damage in homes each year.

The same benefits that feed on human and animal wastes also feed on human food, depending on the flies on such food. They breed in garbage, rotting food, manure, and other places where they find food. They breed in garbage, rotting food, manure, and other places where they find food.

The eggs that are laid in such manure, rotting food, manure, and other places where they find food. They breed in garbage, rotting food, manure, and other places where they find food.

1. Keep the fermented chow. Do not let any material or debris accumulate from year to year, because such places are excellent harborage for any undesirable pest.

2. Remove manure from barns frequently and thoroughly.

3. Scatter all manure as frequently as possible on fields. Do not allow it to accumulate.

4. If manure cannot be removed from this place at regular intervals, pile it in compact heaps with clean sides. In this way it will produce heat which will prevent fly breeding.

5. It is advisable, however, to spray such manure with DDT, chloroform, lindane, etc., which will give control of fly larvae should any be present.

6. Household food waste, if not fed to animals, should be burned or stored in a covered metal container until they can be removed.

7. Outdoor latrines should be of the modern drop-seat design with reasonably tight shutter and seat construction. Outdoor latrines should be sprayed with a solution of 1 lb. borax in three gallons of water.

8. Keep bins containing livestock feed dry at all times. Remove all spilled feed.

9. Whenever possible, exclude flies from buildings by screening doors, windows and similar openings.

Hoefling Faces Reduced Charge

Red Deer.—The charge against Edward Hoefling, 22, in the death of his wife last August, has been reduced from murder to manslaughter. The accused has been released on \$10,000 bail.

Mrs. Hoefling died in Stettin hospital Aug. 9, of severe brain injuries, according to testimony given by doctors at preliminary hearings. At that time Hoefling was charged in the death of his wife.

TEACHERS CONVENTION AT CAMROSE OCTOBER 22-28

N. V. Scarle, dean of the faculty of education, University of Manitoba, will be feature speaker at the annual fall convention of teachers at Camrose, October 22 and 23. The convention will be attended by teachers from the school divisions of Camrose, Hardisty, Fort and Kildan, and will be under the general chairmanship of J. Murray of Camrose. W. French, also of Camrose, is convention secretary.

The Camrose convention is one of sixteen being held throughout Alberta this fall under the sponsorship of the Alberta Teachers' Association. Elric C. Amley, general secretary-treasurer of the ATA will represent the sponsoring organization.

Also on the program are addresses by Miss Elizabeth L. Palusz of the department of education and Mrs. M. A. Tisdell of the Alberta Faculty of Education.

Mrs. Scarle is one of three Camrose and four American, prominent educational officers, invited by the ATA to address teachers' conventions in Alberta this fall. Other speakers are Dr. R. E. Smith, dean of the faculty of education in Alberta, and Fred Guthrie, superintendent of schools in Saskatchewan.

The three superintendents of the school divisions concerned will also be present.

About two hundred teachers are expected.

BOY SCOUTS TO RESUME SESSIONS THIS FRIDAY

The Boy Scouts are to resume activities this week, with a meeting called for 8 p.m. Friday at the Masonic Hall.

Camrose School Div.

The regular meeting of the Board of Education for the Camrose School Division was held in the divisional office, Camrose, on Tuesday, October 13th, with Messrs. Schmitt, Tipton, MacDonald and Ferguson present, along with the secretary and the superintendent.

The Secretary was directed to prepare a list of all those for sale and to advertise them for sale by tender.

A representative of P. Campbell-Hoppe and Associates, architects, was present and discussed preliminary plans for the schools to be erected in the division.

The Secretary was directed to advertise for bids by action the second schools and houses which the Division will have on hand.

Following is a tabulation of the schools being operated this year, with the number of teachers and pupils:

School	Teachers	Pupils
Armstrong	6	112
Baker	11	218
Berwick	14	308
Brundage	3	14
Camrose	2	28
Dinant	8	208
Edson	9	208
Fernholm	5	121
Hay Lakes	1	214
Thorn	1	24
Kelley	1	28
Norrie	1	28
Mountain Creek	7	181
New Narway	7	245
North	1	28
Orkney	3	28
Orkney	3	28
Rosedale	6	127
Stithes	6	127
	104	2719

This is an increase of 29 pupils from last year.

The Board spent much time discussing bus insurance. The usual number of bids were considered for payment.

The Editor Tells His Fish Story

Otto Johnson insists that we tell about our fish catching up, here it is—unvarnished.

Your Editor went fishing with a brother who lives at Lac La Poudre. He supplied the finest of his rods and reels and bait. The pair of us made several excursions to his favorite fishing spot on Beaver Lake. Each time it was the same.

He would haul in fish with no effort while we could not catch a single one to nibble.

Finally, in desperation, we went out to the lake alone—but no luck.

As we packed up our gear a small fish poked his head above water and called, "Hey, where's your teacher this time?"

Local News

May Have New Utilities Shortly

The contractors in charge of our water-power project here hope of getting a license in operation by the beginning of next week.

Construction has been under way since the summer. Considerable delay has resulted from trouble experienced in laying the sewer line through spring-filled ground near the disposal plant at the agricultural ground.

There has been an unexpectedly large number of calls for connection with the service in the last few days. It had been estimated that not more than 60 or so new papers would apply for connection in 1933, but instead some 150 have asked to be hooked into the new system.

Naturally there has been a tremendous amount of plumbing work, but the local plumbers are coping with the load of installation work even better than could reasonably be expected.

We have not heard of any new trouble with the new system, though it has been proposed that a great bonfire of old-fashioned "out-door" plumbing would be in order.

CYO Notes

Barley Kears, Reporter.

The meeting of the C.Y.O. was held Nov. 8 with 15 members present.

John Cox led the opening.

The members decided to have a candy booth at the C.W.I. bazaar with Isabel Cline and Jean Paulson in charge. Also that each member was to bring two pounds of candy.

It was decided also that a collection of 60 cents from each member be taken up for the Archdiocese of Edmonton.

Peter Dittich gave a talk about the content in St. Albert.

Following the meeting the C.Y.O. had luncheon in the basement of the church, where the C.W.I. were holding a card party.

The next meeting will be the annual meeting when new officers are elected. Every Catholic 16 years of age is urged to come. This meeting will be held on Nov. 18.

TAKES DADS CAR WITHOUT PERMISSION - IT HAPPENED!

Our grasping telegraph told of a young lass named Edith, 13 years who "borrowed" his father's car on Thursday last and took his car out for a ride.

The road was in somewhat treacherous condition and the youthful driver managed to get the car over on its top. The two boys were unharmed but were suffering from fright and shock.

Train-Truck Crash Takes Life Of Well Known Man

Bernie Rippe, 35, an employee of M. J. Hoff & Son for several years, was killed in a collision on the Trans-Canada highway, just west of Calgary, when his truck was struck by a train. He was with great difficulty extricated from the wreckage and within forty minutes was in hospital at Brooks, where he died about two hours after the crash.

The suffering a skull fracture and terribly crushed about the body, he remained conscious almost to the last.

He is the son of Mrs. Fred W. Rippe of this town and Mrs. K. Rippe is his sister.

The remains are being brought here for burial. The funeral service will take place in St. Mary's church Thursday afternoon at 2:30 o'clock and will be conducted by the Rev. Fr. J. J. O'Connell, pastor of St. Mary's.

Mr. Hoff, Anglican lay reader and the dead man's employer, said:

THE WEATHER

WINTER WILL BE MILD ONE

Cheerful news for everyone but the coal dealer is contained in the prophecy issued just this week by West London, Ontario, weathermen and getting to be noted for his accurate predictions - weathermen, that is.

Most of our readers will remember that a letter is contained in the paper which forecast the long spell of open fall weather which permitted the big beet ranches and fruited crop to be harvested fairly freely.

Well, this time he has come to bat with a promise that the winter ahead will be a mild one.

He said also that his predictions are not based on anything more scientific than the way the weather has built their winter houses, plus some sort of observation of the angle at which the Milky Way sets in the heavens.

USE PLANE TO VISIT WITH FRIENDS AND FAMILY HERE

On Thursday last Dr. Gerald Winter visited a three-day week here from Wetaskinaw with his wife and young son as passengers and after visiting here and taking a look at the return trip.

Gerald, with a Wetaskinaw friend recently secured pilot's license and purchased their plane which they assembled themselves. The two flew over here on Sunday.

OFF TO WEST COAST

Mr. and Mrs. Katherine Jarvis, who had been visiting at the home of Mr. and Mrs. W. J. Tilt for a fortnight, left on Saturday for Victoria, where they plan to spend the winter months.

Good Crowd At Shotgun Bingo

Mrs. Henry Betts was declared winner of the first Winchester Shotgun which featured the splendid prize lot of the big Bingo party held Saturday evening last by the Bashaw Moose Lodge. There was an excellent crowd in attendance and the evening was enjoyed greatly by the big gathering.

Next to Mrs. Betts in point of winnings was Mrs. Stuart Webster who took home a 15-shot wrist watch and a \$10.00 grocery ham.

Members are urged to attend this important meeting.

Square Dance NOTES

SQUARES AROUND

Holding one's ear to a knowledge gives a person one advantage - you can get your eye poked out. We put our ear to the ground and got some interesting square dance "gossip."

Some dance callers report that dancers in general want "planned" dances. Anyone who heard Bob O'Connell this summer would know that dance callers need just as much as a caller with a good throw in.

Single calls follow pattern, as do broken calls. Single calls are to dance further into the vicinity, usually dance wherein one couple stands with other couples in line. In others two couples stand, and so all more at times. In others all four couples of the dance stand in one line of three types are useful at times. Puller calls are "classical" in the same way, though in some the tempo or timing and speed are variable during the dance.

It would be silly to have air or foot set pattern, one following the other, than to have a good or eight calling "plus" dances. Good calling "plus" dances and we will endeavor to carry this farther yet. It would be nice to have a more or less such pattern for the benefit of the next dance caller.

There are many "new" dances, so none need be repeated five times in a row.

Callers take note... We would like a "program" from you! The "Life of a Bashaw" series.

1. "Know Nothing" pattern. Has never had its own.
2. "Dignitary" stage. Known most fundamental, not ours.
3. "Expert" stage. Master of commonly done dances. Proof of prowess. Will still dance with people of less experience and will please all members of members.
4. "Dishonest" stage. Known with common dances, dances hardly with common calls at all evening, hardly called to "lead" a dance.
5. "Mature" stage. Fed up with "high level" dances. Deliberately "down" stage. Just for laughs. Includes anyone desiring to be fun and recreation. He can have fun with beginners, too.

show for their generous support and to the many others who helped toward the gratifying success of this Bingo party.

MR. AND MRS. ROBERT BENKIE OBSERVE ANNIVERSARY

Mr. and Mrs. Robert Benkie celebrated at dinner on Saturday, the occasion being their 25th wedding anniversary. Friends and neighbors dropped in during the evening to

perfor their good wishes. They were recipients of many lovely gifts, including a chest of drawers from their family and a set of dishes from sisters and brothers.

Out-of-town guests included Mr. and Mrs. B. Ben, Mr. and Mrs. L. Ben, Mr. and Mrs. W. O'Brien, Mr. and Mrs. G. Purkin, Mrs. J. Purkin, Alice and Shirley Stedman, Mr. and Mrs. E. V. Vetter, Kenneth Vetter and Mr. and Mrs. G. Purkin, of New Norway.

4-H CLUB

The November meeting of the Beef Club was held in the school on Nov. 11. The club is working on the peaching plant in Edmonton on Dec. 18. The adult committee are going to make arrangements for transportation for 30 to 35 members.

A committee was appointed to make arrangements and the social will be held in Moose Hall Nov. 20, 8:30 sharp. Members can be invited to the social. All Bashaw members are to please bring lunch.

Reports were given by Kathleen Leighton and Orville Bledsoe on their respective trips to Fort York. People's Week at the University and to Old S. A.

Mr. Bledsoe was guest speaker. His talk was especially helpful to first year members as it gave them a broader idea of how to raise a calf.

Remember, members, the social is on Nov. 20. —Your 4-H Reporter.

OUR COMPLETE SHORT STORY—

NEW JOB

You Get On the Wrong Side of the Law Too Often, Just Dottie Arnold.

By Russell Wilcox.

TRUE but over the door reached. After a short pause a man of stocky build came out from the rear of the store, trying on his apron. Facing the customer, a tall, well-muscled man of about twenty, mounted a stool at the back of the counter and said, "You are doing... what is it?"

The young man thought, "The man thought of the stool as a stool of justice and down. 'Come a little closer,' he said. 'You still got things out?'"

"Sure," the man answered, standing at the stool over the counter. "You still got things out?"

Here's your chance to win a lot of cash and, at the same
time, have some fun trying your hand at writing.
All you have to do is write a story of 500 words or less—no
more—on one of the following subjects:

- 1.—What Electricity has done for the Farm Home in our Country's Way of Life. — 400
- 2.—The Advantages of Electric Service for Life in Town.

That's all, and then send it to the editor of
your weekly newspaper.

1.—To be eligible as a contestant, you must
be a citizen or prospective citizen of
Calgary Power Ltd.

2.—A subscriber to your weekly newspaper
as a member of a family having a sub-
scription to Calgary Power Ltd. or
Farm Electric Service Ltd. or a mem-
ber of his family is eligible.

3.—You may send in as many entries as you
wish but only one prize will be awarded
to one person.

4.—Stories must be handed to the editor of
your weekly newspaper not later than
Saturday, January 9, 1954.

5.—The winning story will appear in an
edition of your local paper in February,
27 and winning stories will appear in an
edition of your local paper in February,
facilitating electricity and farm electrici-
fication.

◆ WISHING YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR!

◆ WISHING YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR!

A CHRISTMAS LETTER

By Bishop Remington

I am wishing for you this Day a happy Christmas, and I would send you those gifts which are beyond price, outlast time, and bridge all space.

I wish you all laughter and pure joy, a merry heart and a clear conscience, and love which thinks no evil, is not easily provoked, and seeks not its own.

The fragrance of flowers, the sweet associations of holly and mistletoe and fir, the memory of deep woods, of peaceful hills, and of the mantling snow which guards the sleep of all God's creatures. I wish that the Spirit of Christmastide may draw you into companionship with Him who giveth all.

The little Christ-hands are beckoning us to come within the circle of His faith and love, where are bright angels and everyday saints, and all goodness, truth and beauty.

It is the Feast of the Child—"Come, let us adore Him."

◆ WISHING YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR!

◆ WISHING YOU A MERRY CHRISTMAS AND A HAPPY NEW YEAR!

Of all the joys that Christmas brings,
The best are made of little things...

Hearing church bells,
Tinkling sleigh bells,
Friendly greetings,
Family meetings,

Watching home fires softly glow,
Children playing in the snow

AT THIS TIME WE SINCERELY WISH OUR MANY FRIENDS
A VERY MERRY CHRISTMAS
and Good Health and Prosperity
in the Coming Year.

CHRISTMAS MESSAGE

REV. K. W. FREIGHT
Pastor Lutheran Parish

"Arise, shine, for Thy Light is
come and the glory of the Lord is
from now on. Then, and Gentiles shall
come to Thy light and kings to the
brightness of Thy rising."
This passage from Holy Writ,
written for the people of Israel in
their time, also contains a very
timely message for all of us in our
time. For, more than ever before,
man—constantly searching for hap-
piness in this world—must be
aware of the divine, all-important
promise of God that in Jesus alone
true happiness can be found and
enjoyed. We are therefore grateful
for the opportunity of a holy
Christmas season, laden with pro-
mise and blessed joy.

We are again thankful for the
timely message and kindly re-
sponses that come more easily to
the surface of our hearts and send
us on the road to happy service in
Jesus' name. We pray and ask our
Lord for the thousands of brothers
of Christmas: for many a heart
made lighter, for many a burden
lifted, for many a path made easier,
for the happiness brought to
little children, for millions exten-
ded to the forgotten, for the noble
spirit of love and brotherhood born
of love and brotherhood born of
love and brotherhood born of love.

Our deepest gratitude must again
be for the gift of God, His Son, our
Savior, for His birth. His bound-
less love and service, for His
faith and glorious resurrection,
and the hope that is ours
through the power of the living
Christ.

That everyone here in our com-
munity and its district, together
with all others, may find true joy,
real happiness and contentment de-
serving this Christmas season in our
Christmas wish and prayer.

Christmas Message

From the

ALBERTA WHEAT POOL

The Christian world commemorates Christmas in honor of the birth of
Christ. His teachings form the foundation of a relationship between human
beings which, if lived up to, would bring heaven to earth.

The spirit of unselfishness is shown at Christmas. While the family is
the center of Christmas festivities, hospitality and friendly greetings extend
far beyond the intimate circle. Goodwill radiates through the whole commu-
nity.

It is a wonderful experience for humanity, that the care and worries and
reassurances of everyday life can, for a little space in the year, be forgotten
and kindness and sympathy prevail.

So, in the face of trouble and fear of war which depresses the world, the
1953 Christmas is looked forward to with cheerfulness.

"As long as there are homes where fires burn and there is bread,
as long as there are homes where lamps are lit and prayers are said,
although a people fall through the dark, and nations grope,
With God, Himself, back of those homes, we still have hope."

"It's ALBERTA POOL ELEVATORS for ALBERTA FARMERS"

LEGION OFFERS PRIZES IN POLIO ESSAY CONTEST

As the Canadian Legion is undertaking a campaign to aid victims of polio after they have left hospital, the Bashaw Branch is offering two prizes for two essays to be written by high school students of the Bashaw School. These essays are to be used to open the campaign on January 4, 1954.

If any student wishes more information as to what the essay shall contain, they can contact Len Forsaker. Mr. Forsaker will be judge for this contest.

Essays should be in the hands of the Legion by January 4th, 1954.

ITEM OF INFORMATION FOR CANADIAN LEGION MEMBERS

It is imperative that all Legion officers and executive members understand the situation regarding prisoners of war (North West Europe) and their claims for maintenance. Claims application must be made before December 31, 1953, to the Secretary, War Claims Commission, Ottawa.

In registering their claim, they should give their registered number, date of birth, date of capture and period of imprisonment. When this is received at Ottawa, the form will be sent to Veterans' Affairs, Department of Veterans' Affairs, Edmonton, who will assist them in completing the necessary documentation.

AS THE HOLIDAY SEASON APPROACHES, we take great pleasure in wishing you and yours a Merry Christmas and a Happy New Year.

We would also like to thank you for your continued patronage, and to wish you the utmost prosperity in the coming year. We will endeavour to contribute to this prosperity by maintaining the quality of our goods and rendering to you the best service possible.

PERSONAL

GRAIN CLEANING — Get your grain cleaned now and have your feed ready for next spring. Remember — we can treat your grain in the same operation. We use

AGROX "C" for treating. Agrox "C" is a special all-purpose dust. Agrox "C" sticks to the grain. Phone us now and let us know what grain you want cleaned. — Selin Feed Service, 114 45, Bashaw. \$100

FOR SALE

FOR SALE — 500 hay or wheat, good as new, complete with cables and harness. Hayline driver on. Cost new \$150, will take \$100. — Louis Dubitz, 2914.

It is essential that the above be 1953. Documentation can follow any time after this date.

"MERRY CHRISTMAS!" comes easy to the tongues of all of us at this time of year. However, to say and mean it must come from a feeling not born of the Season, but of one's associations through the years. It is in this spirit that we wish our friends a very joyous Yuletide and a successful New Year.

Crow's Nest Pass Coal Mines Retain Reputation Of Western Canada's Largest Coal Field

Notwithstanding the growing severity of adverse weather, Southern Alberta's coal mining industry prospered in 1952 on an important producer of new wealth. Its output of approximately two million tons of coal having a minehead value of \$11,500,000.

As has been the case for many years, the region accounted for more than a third of Alberta's total production. The Crow's Nest Pass retained its reputation as being western Canada's largest and most productive coal field.

During the past year the coal mining industry in Southern Alberta paid out more than \$3,500,000 in wages and salaries to its employees and contributed substantially to the earnings of thousands of others associated with the transportation and marketing of coal.

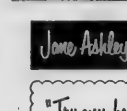

Nevertheless, the industry still spent during the past year—though the ground it lost was not as serious as might have been expected in the face of the major problem threatening the industry every part of Alberta.

The Annual Meeting Of Shareholders The Royal Bank of Canada

Canadian Export Trade, Domestic Living Standard, Endangered by 'High Cost Economy'. Costs must be Competitive with Foreign Producers, Says President

Flexibility needed to meet new conditions. Time ripe for dollar countries to show good faith by reducing trade barriers and red tape as aid to Britain in making pound convertible.

The tendency to become a comfortable, complacent, and unenterprising nation, which has been the cause of the Royal Bank of Canada's annual meeting of shareholders, was the main theme of the address of James M. Macleod, President of the Bank, at the annual meeting of shareholders held at the Royal Bank of Canada, Toronto, on January 24, 1953.

Macleod, in his address, stressed the need for the Royal Bank of Canada to maintain its position in the world market, and to be able to compete with foreign producers. He said that the Royal Bank of Canada must be able to compete with foreign producers, and to be able to compete with foreign producers.

Gets Term In Penitentiary

When Sam Towich returned to his cell at 11 a.m. after the supper hour on Friday last, he was surprised to find the hall's door had been locked and a guard revealed that some \$40 in bills and some had been taken from the cash register.

RCMP Constable Pringle was advised and in short order John Arthur Smith, 24, whose mother is employed on a farm north of here, was under arrest. The missing cash was found on his person.

Arraigned next day before Magistrate E. E. Robertson, Smith admitted the crime and, having a previous conviction against him, he was sentenced to serve two and a half years in penitentiary at Prince Albert.

Constable Pringle is expected to get back to-day from meeting the prisoner to Prince Albert.

Local Man Hurt In Fall

Joe Dick is in St. Mary's Hospital, Canmore, being treated for a dislocated shoulder and other painful lacerations sustained in an accident which he had when he was descending a steep hillside where were some trees. He was carrying a 16-foot scaffold and it collapsed, throwing him to the floor. It was found at hospital that a shoulder was dislocated and that a hip had been torn by large metal in boards upon which he fell.

Clarence Fackelmeier, in trying to catch Joe as he fell, was himself struck on the head by a board and rendered unconscious for a time.

Women's Institute

The Women's Institute held its regular meeting in the W. J. Richardson hall on Friday last with 13 members present. Roll call was answered with a Valentine verse and homemade Valentines were exchanged by the members.

A current events paper was given by Mrs. H. Brown.

The W. J. decided to cater to the ladies' hospital here Feb. 11 and 12. Commemorative were appointed and the different groups arranged.

Plans were made for our spring picnic and the date set for April 10th. The secretary was asked to write to the Kinross Club at Canmore to see if the program for the year that was made by Mrs. E. Kinnison was being on the way.

A most interesting paper on Education was given by Mrs. H. B. MacLennan.

Hortensae for February were Mrs. P. F. Schultz and Mrs. L. Dick.

CHAMBER OF COMMERCE HOLDING ANNUAL MEETING

Your attention is directed to the annual meeting of Bashaw Chamber of Commerce, which is being held on Tuesday, Feb. 20, 8 p.m., in the Legion Hall.

There is special need at this time for a full attendance. All interested are asked to come.

SPECIAL!

Our next lesson, coming out on February 16th, will be a course Rural Electrification, issued, approved by Calgary Power Ltd. and a number of electrical manufacturing and distributing firms.

The lesson will run to several copies and will carry such matter describing the advances made in electrifying the farms and rural areas of Alberta.

We expect to have many illustrations depicting pictures of the prize winners in the essay contest, together with the winners they submit.

There will be extra circulation of the special lesson, and it would be appreciated if those desiring extra copies of this number will place their orders in advance of the lesson time.

Home and School Association

Something of unusual interest is presented at the Home & School Association meeting to be held at the School on Thursday (tomorrow) evening at eight-thirty.

In addition to the usual program of the Home & School members, Mrs. James and Miss Smith, have accepted an invitation to present a display of teacher work and educational material work.

There will be the usual social half-hour at the close of the meeting.

Men's Spiel Going Strong

Bashaw's open house kept on going with 10 a.m. on Monday with 17 visiting rinks and 18 from the local Club containing 13 games.

The weather and ice conditions were ideal and some fine games were being played.

Mirror has sent six rinks, Meeting Creek Five, Fortinault has sent two and recently formed Calumet club has two rinks entered.

A highly successful number at Mount Hall on Monday evening saw some 80 knights of stone and bone, having a grand social time together. Ben Hall was M.C.

Lane Fortinault and Lane August are handling the draws and the Ladies' Curling Club is entering at the rink.

GEORGE

Jim Boyd and a friend, Steven Minton, and Frank Sharp were home for the week-end.

Mr. and Mrs. Ken Adams and Mary, of Edgemoor, Mr. and Mrs. Otto Adams and Nettie, Mr. and Mrs. Ernie Schultz, Mr. and Mrs. Parker and Mrs. Tucker were Sunday guests of Mr. and Mrs. Wm. Farber, the occasion being George's first birthday.

His father of what were enjoyed on Friday night, when going to Mrs. Archie Carr, Mr. Alf MacKay, Norman Farber and Mr. Kuntz, Mr. and Mrs. Mac Curry were Sunday dinner guests of Mr. and Mrs. Alf MacKay.

THOMAS WALKER ON CRUISE WITH NAVY AT CHEBUILLA

Miss Norma Elsie Hall of Vancouver is one of the first 10 women to be stationed at Chebulla, Mass. Miss Paige, whose brother is farming here, lived here some years ago before the family moved to Vancouver.

The two members of the BCN crew, whose living quarters with women civilians personnel attached to the army and RCMP operations in the area. They are provided with specially designed Arctic apparel, including fur parka, snow pants, freeze-proof boots and specially designed gloves.

The girls will spend a year there, longer if they desire.

John Karstensen kept the week-end at his parental home. His friend John Martin accompanied him from Two Hills where both are with a department of highways crew.

Deanne Wins Essay Award

Post Editor received during the past week the results of the Calgary Power Limited essay contest conducted last month. It was our extreme pleasure to learn that a local girl, Miss Deanne Kinnison, had been placed among the high prize winners with the third place award.

Deanne, who is eldest daughter of Mr. and Mrs. E. Kinnison of this town, is a grade seven student in our high school. She received special commendation for her excellent essay which she was the only school-girl to place among the prize-winners.

Deanne's essay and her picture will appear in next week's special Rural Electrification issue, as also will the pictures of the other prize winners.

Grand Rink Opening

The grand opening of the fine new Calumet Curling Rink is to take place on Monday evening next February 19th at 8 o'clock.

Everything is welcomed at the festivities which will include fitting entertainment, a challenge game between Fortinault and Bashaw rink and on the second about which it is to be a special curling game.

A short program is to precede the opening ceremonies and free coffee and doughnuts are being dispensed.

If anything was needed to get the new Calumet Club off on the right foot, this should definitely be it.

Square Dance NOTES

178 Square! Fourteen hundred square-dancers met at the rink that happened in Westview last Saturday when a team called, with the dancers, converged on the little city, what was something!

Our intention were memorable this week, but space limits to say only that we can't handle 1400 people here at our dance next Saturday, but we can pack all the fun they had and we will have.

Have some new dances, new and round... some old ones, too. See you there!

MR. AND MRS. MIKE REZIE
WEDDED 75 YEARS AGO
The Star joins with a host of friends in extending felicitations to Mr. and Mrs. Mike Rezie on the 75th anniversary of their marriage.

In the morning, they attended a special mass at the Catholic church and a noon dinner at the home of Mr. and Mrs. Rezie. The celebration was a private affair with family and close friends. Father Littlejohn presided and presented a religious blessing from St. Basil's C.W.A. Club. A luncheon was served at the home of Mr. and Mrs. Rezie.

The couple attended a grand reception at the Bashaw school where they were presented with a certificate of appreciation by Mr. and Mrs. Rezie. The celebration was a private affair with family and close friends.

To Keep YOUR Farm Equipment Working!

GENUINE IN PARTS ARE A GOOD INVESTMENT

The small amount you spend now in extra replacement parts for your farm machines can pay off 10-20% at harvest time. Don't take a chance on delays in the field or crop losses because your equipment is broken down.

Remember: Genuine IRI Parts are made with the same precision and accuracy as those used on new machines.

So come in soon and get the Genuine IRI parts you may need in case of an emergency.

NOTICE

Please bring back my watch later as I need it very much (lost signal).

LADIES — I have been appointed Area representative for Bashaw and daughters, of Winnipeg, Jack Brown of Pseudis and Bob Brown of Edmonton were all home for the week-end, John and Shirley and their family will spend the week here.

Mr. and Mrs. Adolph Stahel, of Pseudis, have been visiting relatives and friends here for the past week. Mr. and Mrs. Stahel are former residents of Bashaw, having lived here in 1925. This is their first visit here since.

The grade nine students spent Thursday evening, in Pseudis, in care of David by Messrs. L. Forster, K. Brown and C. C. Dahms. They were given a collection of the Legislature and in the evening took a show before leaving for home. It was a happy and interesting day for the young folk.

Mrs. Lillian Amble of Calgary, a former resident of Bashaw, passed away Feb. 20 according to records received. Mrs. Amble resided here from 1911 until 1914. Mr. Amble built a barn here which is the building occupied by N. J. Holt & Co. since the late Mrs. Amble died. Mr. Amble, Mrs. Amble is survived by a sister living in Calgary.

Albertain Wheat Pool

OBJECTIVES AND

ACHIEVEMENTS

While Alberta Pool Elevators is an efficient large-scale business enterprise, it is something more.

It is a creation of the agricultural co-operative movement and as such is closely knit to the men and women on the land who believe in the principles of co-operation.

Agricultural co-operation has two sides which, balancing each other, gives the movement strength. One side is the commercial and the other is the social.

The commercial side is to be regarded as the means to the end of improving the living conditions of rural people.

The social purpose of the farm co-operative movement is to raise the cultural standard of farm people and prepare them to assume their full share of responsibility in the nation's economic life.

With that objective in view, Alberta Pool Elevators has, over the years, provided surplus earnings to the extent that \$15,390.44 has been distributed to the membership in the form of patronage dividends and redemption of reserves.

Furthermore, the operation of Alberta Pool Elevators has kept handling charges low and provided a high standard of service to patrons.

Every Pool elevator may be said to be a sentinel guarding the interests of the grain producers in that locality. Each one also serves as a link connecting all parts of a great democratic movement working on behalf of the people engaged in Canada's basic industry.

In addition, reserves to the value of \$9,530,362 have been distributed as patronage dividends.

Municipal and School Boundaries Altered

(Editorial)
This past week brought a
physical change in the makeup of
Banff district, which, though 30
years later, is making a change in
its boundaries.

Municipal and school boundaries
have been altered and are now
different. In other words, they follow
the same lines. An area
extending seven miles out of Banff,
extending a mile south of the town-
ship line and five miles north of
the same have been taken out of
Banff district. In addition,
Banff is to be divided into three
municipal districts.

The result is that Banff and
Airdrie have now become a part of
Banff district. Let's all put
our shoulders to the wheel and put
our OUB arm... not such for his
own!

West's Biggest Wooden Elevator At Dauphin, Man.

The Manitoba Pool Elevator Co. of Dauphin, Man., erected 1553-54, differs from the ordinary concrete elevator in many ways. In the first place, it is the tallest cribbed or wooden elevator in Western Canada with a capacity of 170,000 bushels. It is all one unit built on one foundation. A continuous slab or girder extends the full length of the building, which is 116 ft. It has 51 bins, all floor-level, and two elevator legs that carry the grain to the head or cupola of the building.

There it is distributed to the farmer, or to the elevator company, by means of a bucket which is raised by a motor. The bucket is raised by a cable which is attached to the elevator. Experimenting With Muskeg Land To Develop Wild Berry And Fruit Industry

Wild fruits and berries may be grown in muskeg quantities in the muskeg and sandhill areas of Alberta. Experiments being undertaken by the Forest Science Department of the University of Alberta prove successful. A 40-acre tract of muskeg located near Rocky Mountain House has been obtained from the Department of Lands and Forests for experimental purposes.

While the interest in the first muskeg tract was to develop a berry and fruit industry, the second muskeg tract was to develop a berry and fruit industry. The second muskeg tract was to develop a berry and fruit industry. The second muskeg tract was to develop a berry and fruit industry.
